Asian Flu Epidemic in Ohio 'Probable' in Fall, Winter

Federal Aides Readying for Faubus Hearing

Mass of Testimony, Secret FBI Report Due in Racial Dispute

LITTLE ROCK, Ark. (AP) — The federal government unlimbered two big guns today — a mass of testimony and a secret report—and prepared to bring them to court in the struggle with Gov. Orval Faubus over his refusal to permit integration of a Little Rock high school.

Faubus still showed no signs of backing down.

He was smiling and appeared untroubled when he posed for photographers before another talk with Rep. Hays (D-Ark), who is trying to mediate between him and the federal government.

In Little Rock today, the story is that Faubus is searching for an avenue of compromise with Washington. But on what conditions, in terms of time or other concessions, remained his own close-to-the-vest secret.

As the hour approached for the scheduled hearing in U. S. District Court Friday on the government's petition for legal means to stop Faubus from continuing to bar Negroes from Cenral High School, this was the picture:

1. U. S. marshals have served subpoenas on about 200 people. Most of them are residents of Little Rock. Presumably, they are in a position to throw light on the question of whether violent action had been prepared and timed to explode Sept. 3, when the Negroes came to enroll in the high school.

* * *

INFORMATION to this effect, Faubus says, caused him to station the National Guard around Central High the night of Sept. 2.

2. Hays was still in Little Rock although he had expected to leave Thursday. He said the illness of his father, and business reasons, changed his plans.

As he left the Governor's mansion, he reported he will be available for more talk with Faubus, adding, "There is necessity for further conversations."

3. A report drawn up by the FBI was ready for Friday's hearing before U. S. Dist. Judge Ronald N. Davies. The contents are secret.

However, there are reports that FBI agents checked specific points in the information Faubus said came to him.

Meanwhile, in Oakland, Calif., a resolution passed at the California Federation of Labor convention suggested impeachment of President Eisenhower if he "fails to carry out his oath of office to uphold the nation's Constitution" in connection with the integration trouble in Little Rock.

More than 2,000 delegates to the convention gave unanimous voice approval Tuesday to the last-minute resolution introduced by federation officers.

"There is ample legal remedy in the hands of Congress to deal with a President who fails to carry out his oath of office to uphold the nation's Constitution," the resolution declared.

It asked Congress to prohibit any public official from using the National Guard "to thwart national law and undermine federal authority."

Nashville School Attendance Jumps

NASHVILLE, Tenn. (AP)—Attendance has jumped to 90 per cent of the enrollment at the city's five desegregated grammar schools after a week of tension and violence.

Supt. W. A. Bass said Tuesday "I believe our trouble is ended."

Demonstrations by segregationists and violence capped by the mysterious dynamiting of Hattie Cotton school followed the first-grade integration last week ordered by U. S. District Court here. Attendance then dropped to less than half of normal.

The children returned Tuesday under the watchful eyes of police officers, and all was quiet.

Eleven Negro 6-year-olds were in the five schools with about 2,000 white pupils, and a 12th Negro was expected today.

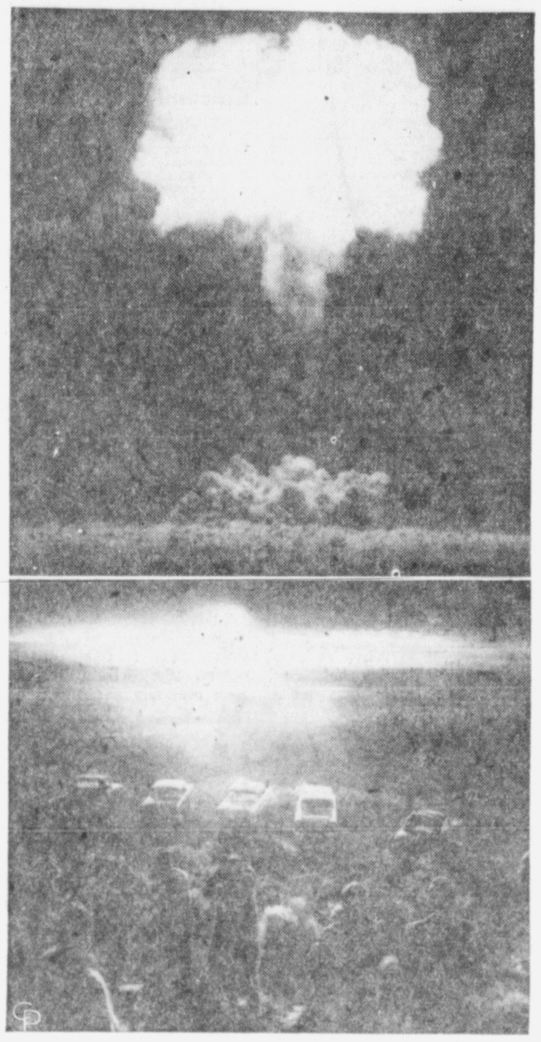

Tunisia Seeking U. S. Shipment of Arms

WASHINGTON (AP)—Tunisia has formally requested American weapons to defend itself against what it calls border attacks from French forces in Algeria.

The request was accompanied by a hint that President Habib Bourguiba's pro-Western government may turn to Communist suppliers if the request is rejected.

French officials are understood to object vigorously to any American shipments, contending in part that the arms would only be turned over to Algerians.

Newton--Double Hiroshima

THE FIREBALL from the atomic explosion Newton (upper) lights the Nevada sky following detonation from a balloon 1,500 feet up. At same time, news photographers (lower) photograph it from a respectable distance. Newton, 20th in the series, had double the power of bomb which hit Hiroshima.

No Settlement Sighted Yet In Ohio Bell Phone Strike

CLEVELAND (AP)—The statewide strike against Ohio Bell Telephone Co. and the nationwide strike against Western Electric Co. continued today with no settlement in sight.

Federal mediators were holding new talks today in Cleveland in the Ohio Bell strike and also in New York for the strike against Western Electric, manufacturing arm of the parent American Telephone and Telegraph Co.

Tuesday's talks produced "no progress."

The Communications Workers union started both strikes Monday morning. In Ohio, 18,500 members walked out at Ohio Bell exchanges in 45 cities. In the Western Electric dispute, 23,000 installers struck the company in 44 states, with pickets keeping many of the nation's 150,000 operators away.

In Cleveland, union negotiators said they think a Western Electric settlement is the key to an Ohio Bell settlement. But a company spokesman said they are separate disputes.

"Ohio Bell is bargaining in Ohio for Ohioans," he said.

* * *

THE CWA HAS said it will respect picket lines posted by Western Electric strikers in Ohio, even if a settlement is reached with Ohio Bell.

In Columbus, officials of the Ohio Industrial Commission say they have found seven cases of women working beyond the legal number of hours at Ohio Bell.

Inspectors from the Commission's Minimum Wage, Women's and Minors Division made a spot check of the company after receiving complaints from officials of the striking union.

Inspectors said they found seven women worked more than limit of nine hours a day at the traffic and toll buildings.

The CWA also complained that several non-striking women

(Please turn to page two)

Phone Situation Unchanged Here

The situation at the Washington C. H. headquarters of the strike-bound Ohio Bell Telephone Co. remained unchanged Wednesday with an average number of incoming and outgoing long distance calls meeting with only minor delays.

Paul Dougherty, commercial manager, said 62 per cent of local operators reported for duty Tuesday, with supervisory employes assisting on toll calls where necessary. Local calls are handled through the automatic dial system.

One plant department employe and one business office representative failed to report Tuesday, Dougherty said.

Pickets remained on duty in front of the company's traffic department headquarters, 228 E. Court St., but there was no interference with workers entering or leaving the building.

Man Says of His Daughter: I'd Rather See Her in Casket

LOS ANGELES (AP)—"I am her father," Mr. X said, "but I'd rather see her in her casket than the way she is today."

The man, keeping his back to the audience in the hearing room and shielding his face as much as possible, was describing the seven years of horror his daughter, one of eight children, had caused the family.

She is a dope addict.

"Daddy, I've gotta have heroin or alcohol," he quoted her Tuesday at a State Senate Interim Committee on Narcotics hearing.

"And when she doesn't get dope, she drinks alcohol like it was water," he said.

Mr. X, the only name by which he was identified, said it all started when his daughter was 16 and attended a party at a friend's house. The friend's mother was to chaperone.

"The next I heard was when a deputy sheriff called," Mr. X related. "He said our daughter was in custody, that it had been a marijuana party."

The girl was placed in a school in the East, but she ran away and was placed in a different school.

"In the new school she took her first shot of heroin, "just for fun," he said. At 16 she was an addict.

There was an interracial marriage, a child, separation from her husband, repeated trips to her parents' home.

How did she pay for the heroin, one of the senators wanted to know.

"I don't know," he answered. 'But if you must know what I think, why — well, I guess by prostitution."

She says she wants to quit the habit, Mr. X said. Once he obtained admission for her to a federal hospital in Lexington, Ky. The girl got off the train before it left California.

"I tell you all this," he said, "in the hope that you gentlemen can find some solution to this problem of drugs among our young people."

The girl?

In jail — arrested three weeks ago for possession of narcotics.

27 Plowmen Vie Today for National Title

PEEBLES (AP)—With Ohio's two state champions picked, the 1957 World's Conservation Exhibition and Plowing Contest went into the second day today with 27 competitors vying for national honors.

From the 27, one national champion will be picked in each of two plowing divisions — contour and level land. The winners automatically qualify for next year's world contest in Germany.

World contest competitors are selected a year in advance through national competitions.

Representing the United States in the world matches here this year are Lawrence Goettmoeller of Mercer County, Ohio, and John Daniels of Mulberry Grove, Ill., winners in 1956.

Goettemoeller and Daniels will compete Thursday and Friday for the world title against teams from 13 other nations.

Tuesday, Duane Mootz, 32, of Hillsboro, won the Ohio contour plowing contest and Dick R. Doren, 23, of Xenia, won the Ohio level land contest. They were representing Ohio in their respective divisions in the national contest today.

* * *

IN AN ADDRESS on the grounds here this afternoon, U. S. Secretary of Agriculture Benson declared that America's farmers and ranchers can get their fair share of the nation's income only through efficient, balanced production and better marketing. He said:

"We all agree that agriculture is entitled to a fair share of a nation's aggregate income. The question is: How do farmers and ranchers get this fair share?

"You will not get it out of government.

"You will not get it out of acreage allotments and marketing quotas. You will not get it by government price-fixing.

"You will get it through research and education, through cooperation and free initiative.

"You will get it out of building new markets and strengthening the private and cooperative marketing machinery."

Benson called America's crop surpluses still "disturbingly" high, and added:

"Our agriculture is geared to produce abundantly for years to come—for as far ahead as anyone can see. But, we will not con-

(Please Turn to Page Two)

Hospital Bond Issue Needs Discussed by Advisory Committee

Plans were unanimously agreed upon Tuesday night for an "aggressive campaign" for the Fayette County Memorial Hospital's proposed $780,000 bond issue and .65 of a mill operating levy proposals, at a joint meeting of the hospital's Board of Trustees and members of the Advisory Committee.

The issue is to be placed before the voters of the county at the Nov. 5 election. The bond issue proposal covers a period of 23 years at an average annual rate of .81 of a mill, which means 81 cents on each $1,000 of taxable property. The operating levy calls for .65 of a mill for a period of five years.

It was explained by Edwin Ducey, a trustee that this operating levy could cover some of the immediate equipment replacement needs, as well as help meet the rising costs of other operations due to nation-wide inflation, now burdening most hospitals.

* * *

HE FURTHER explained that the county Budget Commission had the power to lower or eliminate entirely, this levy any year during its five year life, if the commission feels the hospital's budget of expenses and income do not justify appropriation of part, or all, of the money which the operating levy would raise.

At the start of the meeting, George Pensyl, board president, read a statement signed by all members of the board, setting forth the board's reasons for the bond issue and levy proposals this year.

* * *

IN THE OPEN discussion and comments which followed, and entered into by a majority of those present, it was repeatedly pointed out that the general public and all voters should be thoroughly informed in order to fully realize the situation and problems faced by the hospital in meeting heavy public demands.

The architect, who has drawn the preliminary plans for the proposed improvements and addition, Curtis Incho, of Columbus, could not be present, but his colored drawing was shown. It presented a picture of the hospital, after chang-

Toast on a Big Scale

New Bakery's Ovens Get First Firing

They're not ready to bake bread at the new Pennington plant on Clinton Ave. but they're toasting it!

First in a series of experimental operations which will lead to an eventual full production schedule are under way, and by the end of the week two shifts of approximately six persons each will be turning out an estimated 5,000 9-ounce packages of toasted bread cubes which are sold for dressing and for poultry stuffing, particularly at the holiday season.

The toasted cubes, made from day-old, unsold bread, are bagged in airtight plastic for distribution to Pennington outlets.

Howard G. Wright, Pennington Corp. vice president and plant manager, said that production of the toasted cubes will continue through December and possibly into January.

* * *

MEANWHILE the big ovens, now being used in the toasting operation, probably will be producing thousands of loaves of bread a day and other thousands of buns and rolls by Nov. 1. At least that is the target date, but the company's plans for recalling the balance of its local workers idled by a disastrous fire on June 9, 1956, depend on the arrival and installation of additional machinery.

The main ovens are in place but two new mixers as well as other equipment are yet to be installed.

The million-dollar Washington C.

School Principal Plays Role Of Corpse Too Realistically

UTICA, Kan. (AP)—W. H. Sallee, principal of Utica High School, happily set about the blood-curdling role he had assigned himself.

He blacked his eyes with burnt cork and smeared catsup on his face. He slung a rope from the ceiling of the kitchen in an abandoned farmhouse just out of town and secured it under his armpits.

He waited in the dark.

The occasion was the annual senior initiation of new high school freshmen Monday night. Sallee, 60, had volunteered to play dead so he could keep an eye on things and be sure they didn't get out of hand.

Mrs. Betty Stevens, class sponsor, and 11 seniors drove up to the eerie old house with 23 freshmen in tow.

One by one the freshmen were blindfolded and led inside. At the kitchen there were moans. The blindfolds wre lifted and a senior flashed a flashlight on the hanging man.

After the eighth freshman had jittered through the course, the seniors decided it would be an idea to get a picture of their principal. He was such a good sport.

Mrs. Stevens called to Sallee. No response. Flashlights winked on. Sallee slumped in the rope. Someone called a doctor.

The principal was dead.

An autopsy showed he had strangled.

"I just couldn't determine what happened," said Mrs. Stevens. "His feet were still and the floor and the rope was holding him up.

"The class had planned to use a dummy but he insisted on playing the part."

"We don't know for sure what happened," said Sheriff Harold Mellies of Ness County. "He may have fallen and struck his neck on the rope. There was a rope burn halfway around the side of his neck. There was lots of trash in the house, sacks and tire chains and such stuff. He could have stumbled on them and gotten tangled up in the rope."

Thai Overthrow

Pibul Songgram

Max Bishop

FIELD MARSHAL Sarit Thanarat, leader of the movement which overthrew the Thailand government of Premier Pibul Songgram, sent assurances to U. S. Ambassador Max Bishop in Bangkok that there would be no change in Thailand's foreign policy. A meeting of SEATO is scheduled in Bangkok Thursday.

Free World Naval Aides Talk to Ike

NEWPORT, R. I. (AP)—President Eisenhower today told naval officers of 27 countries the free world must be strong individually and collectively "to defend against any kind of an attack."

The President made the statement in an informal talk to a group of officers who are taking command courses at the U. S. Naval War College. The college is situated on Coaster's Harbor Island near Eisenhower's vacation headquarters.

Each of the 27 officers was introduced to the President and he had a hearty handshake for each.

"It is a singular privilege to welcome the representatives of the navies of so many of our friends throughout the world," Eisenhower said.

He added he is "very keen" in the hope the officers have an enjoyable time in the United States and he said he hopes further they will carry back to their countries "a better understanding not only of our Navy but of our people.

The President said "all of us thoroughly believe that people themselves want to be friends."

Then he added it is as much the duty of professional military officers to help promote international friendliness as it is to be militarily capable of throwing back an attack "if anyone be foolish enough" to launch one.

Libel Trial Jury Still Studies Case

LOS ANGELES (AP)—The Confidential magazine criminal libel trial jury today went into its second day of deliberations.

The jurors spent 5 hours and 20 minutes considering the case Tuesday, then were locked up in a hotel for the night.

The case was handed to the jury Monday afternoon after a six-week trial.

In addition to Confidential, the defendants are Whisper magazine, Publisher's Distributing Corp., Hollywood Research, Inc., and Marjorie Meade. They are charged with conspiracy to commit criminal libel and to publish lewd and obscene material.

Norweigan King, 85, Said Seriously Ill

OSLO, Norway (AP)—Eighty-five-year-old King Haakon of Norway is suffering from disturbance in the blood circulation in his right leg and there is reason for apprehension, his doctors report.

The king has suffered from high fever which has reduced his strength considerably in the last two weeks, the doctors said.

State Health Chief Sounds Stiff Warning

COLUMBUS (AP) Dr. Ralph Dwork, state health director, today told more than 100 local health officials there probably will be an Asian flu epidemic in Ohio this fall and winter. He said a high attack rate may well interfere with business, industry and essential services.

At the same time, the Ohio State Medical Assn. urged county medical societies to organize now to cope with possible flu outbreaks.

The two Ohio warnings came as thousands of flu cases, most of them believed to be of the Asian variety, were reported in eight other states.

Dr. Dwork made his comments during the 38th annual conference of local health commissioners with the Ohio Department of Health as he briefed the health officials on what to expect and how to combat the disease that is new to Ohio.

So far, there have been only three confirmed Asian flu cases in Ohio, all reported weeks ago.

* * *

"IT SEEMS probable that there will be epidemics in this country and this state during the fall and winter," Dr. Dwork said. "Of course, no one can predict for sure when, where or whether epidemics will develop or how severe they will be.

"While the disease thus far has not been severe from the point of view of complications or deaths, the high attack rate may well interfere with business, industry and essential services of the country," Dr. Dwork said.

He pointed out local health officers are primarily responsible for directing anti-influenza campaigns.

"As a department," Dr. Dwork continued, "we do not recommend that schools be closed or that public gatherings be curtailed. We do not feel that there is any advantage in these maneuvers.

"We recognize, however, that in some instances there will be administrative reasons for closing schools due to illness of teachers, bus drivers or large absentee rates."

The department will keep track of the disease by studying absentee rates in schools and industry. It also will continue laboratory work on cases of suspected Asian flu.

High on the state association's list of recommendations is a pub-

Lebanon Prison Contracts Let

COLUMBUS (AP)—Contracts totaling $3,165,786 have been awarded for the first of three construction phases of the new medium security prison at Lebanon.

Total bids were $224,548 below state estimates for the job.

The new prison, to cost an estimated $7,600,000, is designed to house 1,500 inmates. The first phase, officials said, includes construction of the administration and hospital building, isolation and receiving cell blocks, a food service area, the laundry, power house and water treatment and sewage treatment plants.

Bids for the second phase will be received in November.

Daytonian Is Arrested As Deserter in 1945

DAYTON (AP)—A Dayton window decorator, who admitted he deserted the Army after serving four months of basic training in 1945, was arrested by FBI agents Tuesday. Samuel Vincent Manzione, 34, who has been using the name Samuel Natel, gave no reason for his desertion from Fort Ord, Calif., in January, 1945, E. D. Mason, of the FBI reported.

Up to 25 Pct. Seen Getting Flu in Cincy

CINCINNATI (AP)—Dr. Alexander Langmuir, U. S. Public Health Service expert on epidemics, says 20-25 per cent of Cincinnati's population will catch Asian flu sometime before Christmas. Dr. Langmuir, here to address a group of doctors, said that other cities will probably experience the same percentage of cases.

Storm 'Esther' Fails To Hit Hurricane Class; Rain Heavy

NEW ORLEANS (AP)—Weakening Esther, a tropical storm that never became a hurricane, left behind the threat of floods today as she rushed northward from Louisiana.

Tides rose to three to five feet along southeast Louisiana and the Mississippi coast where normal tides range from one to 1½ feet.

Heavy rains hit Louisiana and were expected to follow Esther into Mississippi. The New Orleans Weather Bureau predicted Mississippi may feel rains up to eight inches.

The bureau warned residents to take precautions against the tides and told them to watch for flood warnings in the areas struck by the rain.

One death had been attributed to the storm. A car skidded on a drenched highway near Morgan City early today and plunged into a canal. A passenger was drowned.

Esther, which carried 64 m.p.h. winds at one point, was the third gulf storm to strike the Louisiana coast in less than three months.

At 10 a. m., the bureau lowered the storm warnings on the Louisiana coast but kept them displayed for the rest of the area.

The rains flooded some streets in New Orleans and in adjoining Jefferson Parish (county). All schools were closed in New Orleans as a precautionary measure.

On the Mississippi coast, east of New Orleans, power failures, high tides and drenching rains were reported. Most schools were closed.

Some persons were evacuated from low sections of Biloxi Miss., to a school building in the eastern section of the city.

Gulfport, Miss., reported some store windows blown out. Tree limbs were blown off, but fishing and pleasure boats were safely anchored in harbors.

Unlike her predecessors, hurricane Audrey and Bertha, Esther avoided the Louisiana-Texas border and hit southeast Louisiana instead.

The 64 m.p.h. winds were recorded on the Lake Pontchartrain causeway, the world's longest overwater bridge, which crosses the huge lake just north of New Orleans. There were no reports of damage in New Orleans.

Some residents of Cameron, which was devastated by Audrey, left the southwestern Louisiana community, which is about 55 miles to the west of Pecan Island. Others were ready to leave at a moment's notice.

The Weather
Partly cloudy tonight and Thursday. Occasional rain Thursday. Not much temperature change. Low tonight 48-56.

Hospital Bond Issue Needs Discussed by Advisory Committee

Plans were unanimously agreed upon Tuesday night for an "aggressive campaign" for the Fayette County Memorial Hospital's proposed $780,000 bond issue and .65 of a mill operating levy proposals, at a joint meeting of the hospital's Board of Trustees and members of the Advisory Committee.

The issue is to be placed before the voters of the county at the Nov. 5 election. The bond issue proposal covers a period of 23 years at an average annual rate of .81 of a mill, which means 81 cents on each $1,000 of taxable property. The operating levy calls for .65 of a mill for a period of five years.

It was explained by Edwin Ducey, a trustee that this operating levy could cover some of the immediate equipment replacement needs, as well as help meet the rising costs of other operations due to nation-wide inflation, now burdening most hospitals.

* * *

HE FURTHER explained that the county Budget Commission had the power to lower or eliminate entirel , this levy any year during its five year life, if the commission feels the hospital's budget of expenses and income do not justify appropriation of part, or all, of the money which the operating levy would raise.

At the start of the meeting, George Pensyl, board president, read a statement signed by all members of the board, setting forth the board's reasons for the bond issue and levy proposals this year.

* * *

IN THE OPEN discussion and comments which followed, and entered into by a majority of those present, it was repeatedly pointed out that the general public and all voters should be thoroughly informed in order to fully realize the situation and problems faced by the hospital in meeting heavy public demands.

The architect, who has drawn the preliminary plans for the proposed improvements and addition, Curtis Incho, of Columbus, could not be present, but his colored drawing was shown. It presented a picture of the hospital, after chang-

Toast on a Big Scale

New Bakery's Ovens Get First Firing

They're not ready to bake bread at the new Pennington plant on Clinton Ave. but they're toasting it!

First in a series of experimental operations which will lead to an eventual full production schedule are under way, and by the end of the week two shifts of approximately six persons each will be turning out an estimated 5,000 9-ounce packages of toasted bread cubes which are sold for dressing and for poultry stuffing, particularly at the holiday season.

The toasted cubes, made from day-old, unsold bread, are bagged in airtight plastic for distribution to Pennington outlets.

Howard G. Wright, Pennington Corp. vice president and plant manager, said that production of the toasted cubes will continue through December and possibly into January.

* * *

MEANWHILE the big ovens, now being used in the toasting operation, probably will be producing thousands of loaves of bread a day and other thousands of buns and rolls by Nov. 1. At least that is the target date, but the company's plans for recalling the balance of its local workers idled by a disastrous fire on June 9, 1956, depend on the arrival and installation of additional machinery.

The main ovens are in place but two new mixers as well as other equipment are yet to be installed.

The million-dollar Washington C.

School Principal Plays Role Of Corpse Too Realistically

UTICA, Kan. (AP)—W. H. Sallee, principal of Utica High School, happily set about the blood-curdling role he had assigned himself.

He blacked his eyes with burnt cork and smeared catsup on his face. He slung a rope from the ceiling of the kitchen in an abandoned farmhouse just out of town and secured it under his armpits.

He waited in the dark.

The occasion was the annual senior initiation of new high school freshmen Monday night. Sallee, 60, had volunteered to play dead so he could keep an eye on things and be sure they didn't get out of hand.

Mrs. Betty Stevens, class sponsor, and 11 seniors drove up to the eerie old house with 23 freshmen in tow.

One by one the freshmen were blindfolded and led inside. At the kitchen there were moans. The blindfolds wre lifted and a senior flashed a flashlight on the hanging man.

After the eighth freshman had jittered through the course, the seniors decided it would be an idea to get a picture of their principal. He was such a good sport.

Mrs. Stevens called to Sallee. No response. Flashlights winked on. Sallee slumped in the rope. Someone called a doctor.

The principal was dead.

An autopsy showed he had strangled.

"I just couldn't determine what happened," said Mrs. Stevens. "His feet were still and the floor and the rope was holding him up.

"The class had planned to use a dummy but he insisted on playing the part."

"We don't know for sure what happened," said Sheriff Harold Mellies of Ness County. "He may have fallen and struck his neck on the rope. There was a rope burn halfway around the side of his neck. There was lots of trash in the house, sacks and tire chains and such stuff. He could have stumbled on them and gotten tangled up in the rope."

Storm 'Esther' Fails To Hit Hurricane Class; Rain Heavy

NEW ORLEANS (AP)—Weakening Esther, a tropical storm that never became a hurricane, left behind the threat of floods today as she rushed northward from Louisiana.

Tides rose to three to five feet along southeast Louisiana and the Mississippi coast where normal tides range from one to 1½ feet.

Heavy rains hit Louisiana and were expected to follow Esther into Mississippi. The New Orleans Weather Bureau predicted Mississippi may feel rains up to eight inches.

The bureau warned residents to take precautions against the tides and told them to watch for flood warnings in the areas struck by the rain.

One death had been attributed to the storm. A car skidded on a drenched highway near Morgan City early today and plunged into a canal. A passenger was drowned.

Esther, which carried 64 m.p.h. winds at one point, was the third gulf storm to strike the Louisiana coast in less than three months.

At 10 a. m., the bureau lowered the storm warnings on the Louisiana coast but kept them displayed for the rest of the area.

The rains flooded some streets in New Orleans and in adjoining Jefferson Parish (county). All schools were closed in New Orleans as a precautionary measure.

On the Mississippi coast, east of New Orleans, power failures, high tides and drenching rains were reported. Most schools were closed.

Some persons were evacuated from low sections of Biloxi Miss., to a school building in the eastern section of the city

Gulfport, Miss., reported some store windows blown out. Tree limbs were blown off, but fishing and pleasure boats were safely anchored in harbors.

Unlike her predecessors, hurricane Audrey and Bertha, Esther avoided the Louisiana-Texas border and hit southeast Louisiana instead.

The 64 m.p.h. winds were recorded on the Lake Pontchartrain causeway, the world's longest overwater bridge, which crosses the huge lake just north of New Orleans. There were no reports of damage in New Orleans.

Some residents of Cameron, which was devastated by Audrey, left the southwestern Louisiana community, which is about 55 miles to the west of Pecan Island. Others were ready to leave at a moment's notice.

Thai Overthrow

Pibul Songgram

Max Bishop

FIELD MARSHAL Sarit Thanarat, leader of the movement which overthrew the Thailand government of Premier Pibul Songgram, sent assurances to U. S. Ambassador Max Bishop in Bangkok that there would be no change in Thailand's foreign policy. A meeting of SEATO is scheduled in Bangkok Thursday.

Free World Naval Aides Talk to Ike

NEWPORT, R. I. (AP)—President Eisenhower today told naval officers of 27 countries the free world must be strong individually and collectively "to defend against any kind of an attack."

The President made the statement in an informal talk to a group of officers who are taking command courses at the U. S. Naval War College. The college is situated on Coaster's Harbor Island near Eisenhower's vacation headquarters.

Each of the 27 officers was introduced to the President and he had a hearty handshake for each.

"It is a singular privilege to welcome the representatives of the navies of so many of our friends throughout the world," Eisenhower said.

He added he is "very keen" in the hope the officers have an enjoyable time in the United States and he said he hopes further they will carry back to their countries "a better understanding not only of our Navy but of our people.

The President said "all of us thoroughly believe that people themselves want to be friends."

Then he added it is as much the duty of professional military officers to help promote international friendliness as it is to be militarily capable of throwing back an attack "if anyone be foolish enough" to launch one.

Libel Trial Jury Still Studies Case

LOS ANGELES (AP)—The Confidential magazine criminal libel trial jury today went into its second day of deliberations.

The jurors spent 5 hours and 20 minutes considering the case Tuesday, then were locked up in a hotel for the night.

The case was handed to the jury Monday afternoon after a six-week trial.

In addition to Confidential, the defendants are Whisper magazine, Publisher's Distributing Corp., Hollywood Research, Inc., and Marjorie Meade. They are charged with conspiracy to commit criminal libel and to publish lewd and obscene material.

Norweigan King, 85, Said Seriously Ill

OSLO, Norway (AP)—Eighty-five-year-old King Haakon of Norway is suffering from disturbance in the blood circulation in his right leg and there is reason for apprehension, his doctors report.

The king has suffered from high fever which has reduced his strength considerably in the last two weeks, the doctors said.

State Health Chief Sounds Stiff Warning

COLUMBUS (AP) Dr. Ralph Dwork, state health director, today told more than 100 local health officials there probably will be an Asian flu epidemic in Ohio this fall and winter. He said a high attack rate may well interfere with business, industry and essential services.

At the same time, the Ohio State Medical Assn. urged county medical societies to organize now to cope with possible flu outbreaks.

The two Ohio warnings came as thousands of flu cases, most of them believed to be of the Asian variety, were reported in eight other states.

Dr. Dwork made his comments during the 38th annual conference of local health commissioners with the Ohio Department of Health as he briefed the health officials on what to expect and how to combat the disease that is new to Ohio.

So far, there have been only three confirmed Asian flu cases in Ohio, all reported weeks ago.

* * *

"IT SEEMS probable that there will be epidemics in this country and this state during the fall and winter," Dr. Dwork said. "Of course, no one can predict for sure when, where or whether epidemics will develop or how severe they will be.

"While the disease thus far has not been severe from the point of view of complications or deaths, the high attack rate may well interfere with business, industry and essential services of the country," Dr. Dwork said.

He pointed out local health officers are primarily responsible for directing anti - influenza campaigns.

"As a department," Dr. Dwork continued, "we do not recommend that schools be closed or that public gatherings be curtailed. We do not feel that there is any advantage in these maneuvers.

"We recognize, however, that in some instances there will be administrative reasons for closing schools due to illness of teachers, bus drivers or large absentee rates."

The department will keep track of the disease by studying absentee rates in schools and industry. It also will continue laboratory work on cases of suspected Asian flu.

High on the state association's list of recommendations is a pub-

Lebanon Prison Contracts Let

COLUMBUS (AP)—Contracts totaling $3,165,786 have been awarded for the first of three construction phases of the new medium security prison at Lebanon.

Total bids were $224,548 below state estimates for the job.

The new prison, to cost an estimated $7,600,000, is designed to house 1,500 inmates. The first phase, officials said, includes construction of the administration and hospital building, isolation and receiving cell blocks, a food service area, the laundry, power house and water treatment and sewage treatment plants.

Bids for the second phase will be received in November.

Daytonian Is Arrested As Deserter in 1945

DAYTON (AP)—A Dayton window decorator, who admitted he deserted the Army after serving four months of basic training in 1945, was arrested by FBI agents Tuesday. Samuel Vincent Manzione, 34, who has been using the name Samuel Natel, gave no reason for his desertion from Fort Ord, Calif., in January, 1945, E. D. Mason, of the FBI reported.

Up to 25 Pct. Seen Getting Flu in Cincy

CINCINNATI (AP)—Dr. Alexander Langmuir, U. S. Public Health Service expert on epidemics, says 20-25 per cent of Cincinnati's population will catch Asian flu sometime before Christmas. Dr. Langmuir, here to address a group of doctors, said that other cities will probably experience the same percentage of cases

Airline Travel Shrinks World, BPW Is Told

Tomorrow's Planes Will Set New Marks, Speaker Says

"The world is shrinking because of the rapid development of airplanes and increase in air travel," Business and Professional Women's Club of Washington C. H. was told by Paul D. Strahm of Columbus, district sales manager of Trans-World Airlines following the group's monthly dinner at the Country Club Tuesday night.

"More and more people are flying every day for speed, not for thrills," Strahm declared. He underscored this with a statement that while 20 passengers were considered a big load a few years ago, 922 passengers were carried last Monday by TWA planes out of Columbus. The volume is increasing every year, he declared.

Airlines emphasize safety for passengers, crew and costly airplanes, he said and described the care with which personnel, especially the operating crew and stewardesses, is selected.

"They are very particular about the stewardesses," he said and noted that only one of 50 applicants meets the high standards set for them. Service and food served on planes, he said, compares favorably with that of the most luxurious hotels.

Developing his subject, "Our Shrinking World," Strahm declared that "wherever in the world you want to go, an airplane can take you."

The flight time between New York and Paris is now six hours and 15 minutes, he said and predicted that the "new rocket plane of tomorrow" (in about 15 years) will make the coast to coast flight in two hours.

* * *

THE SHRINKAGE of the world by air travel, he said, will bring about a better understanding of people all over the world.

Some day, he predicted, helicopters will provide taxi service from Washington C. H. to the big airline terminals.

The after-dinner meeting was conducted by the president, Miss Marie Marchant. The speaker was introduced by Miss Ruth Sexton, a member of the Public Affairs Committee, which arranged the program.

Strahm's discussion of "Our Shrinking World," followed a short musical program by the club's choral group made up of Mrs. Mary Gillespie, Mrs. Loreah O'Briant, Mrs. Mindonna Kimmey, Mrs. Gladys Stitt, Mrs. Dixie Dray and Mrs. Elizabeth Yerian, accompanist. The group sang "We Kiss in the Shadows," "The King and I" and "Around the World in 80 Days."

Members of the Public Affairs Committee are Miss Helen Slavens, chairman, Mrs. Kimmey, co-chairman, Miss Edith Wilson, Miss Sexton, Mrs. Clara Lee Markley, Mrs. Minette Fritts, Miss Mildred Moss, Mrs. Arlene Wilson and Dr. Ruth Teeters.

Guest for the evening were Mrs. Dwight Dunkle, Mrs. Walter McLean, Mrs. C. R. Philhower, Mrs. Malcolm Parrett, Mrs. Gladys Parrett, Mrs. Roger Acton, Mrs. William Boylan, Mrs. Clyde Smith, Mrs. Clayton Sexton, Mrs. Walter Wilson, Mrs. Sallie Jamison, Mrs John Case, Mrs. Helen Porter and Mrs. Harry Rankin.

Telephone Strike

(Continued from Page One)

workers were staying in the building 12 hours or more.

Division Chief Joe L. Hardy said that no action will be taken against Ohio Bell. He said company officials agreed to keep a careful check on overtime work.

Issues in the Western Electric installers' strike are centered on wages, travel allowances and length of contract.

Installers' wages range from $1.39 to $2.80 an hour. Their last contract expired Aug. 25.

Courts

DIVORCE GRANTED

Marguerite Seyfang, Washington C. H., has been granted an uncontested divorce from Harley Seyfang in Fayette County Common Pleas Court. The plaintiff had charged gross neglect.

The court confirmed a previous property settlement. Two minor children are under the jurisdiction of Juvenile Court.

Deaths, Funerals

Marion Thomas Hill

JEFFERSONVILLE — Marion Thomas Hill, 8 months, died at 3 p. m. Tuesday at the home of his parents, Mr. and Mrs. Stanley Hill, on Route 35, near Jeffersonville, following a six-month illness. He had been returned to his home from Children's Hospital, Columbus, only four days before his death.

In addition to his parents, he is survived by two brothers, Sammie and Eddie. He also leaves a grandmother, Mrs. Bertha Hill of Bookwalter and a grandfather, John Mahaffey of Portsmouth.

Services will be held in the Church of Christ in Christian Union in Jeffersonville at 10 a. m. Thursday by the Rev. Raymond Orner, church pastor. Burial will be in the Koontz Cemetery on Route 35 near Milledgeville.

Friends may call at the Alvin G. Little Funeral Home any time.

:-:-:-:-:

MISS FRANCES KIRKPATRICK —Services for Miss Frances Kirkpatrick, 50, who died at 1 a. m. Monday in Cincinnati, were held at 10 a. m. Wednesday in the Kirkpatrick Funeral Home, New Holand.

The Rev. Glenn Robinson officiated. Burial was in the New Holland Cemetery.

Pallbears were Howard and Kirk Timmons, Harry, McKinley, Robert and Galen Kirk and Coyt Cleary.

:-:-:-:-:

HENRY RUNNELS — Services for Henry Runnels, 87, of Sabina, who died at 1 p. m. Saturday, were held in the Littleton Funeral Home there at 1:30 p. m. Tuesday, under the direction of the Gerstner Funeral Home of Washington C. H.

The Rev. Charles Kirsch of the Sabina Methodist Church officiated. Burial was in the Lees Creek Cemetery, Clinton County.

Pallbearers were Robert Stewart, Harold Immell, Charles D. Glass, Samuel Runnels, Frank Whitaker and Clyde Steele.

Flu Epidemic

(Continued from Page One)

lic information program to keep the people accurately and fully abreast of the situation.

The association's statement of policy was drawn up by its council, interim governing body of the organization aftr a conference with officials of the Onio Department of Health.

Because of difference in local conditions, the policy statement said no stereotyped pattern can be laid down for the whole state, but these general recommendations were presented:

1. A public information program "conducted in an orderly fashion to avoid confusion and hysteria in the public."

* * *

2. **PHYSICIANS** should be urged to keep themselves informed and be prompt in reporting suspected influenza cases to local authorities.

3. Citizens should be encouraged to secure immunication against the prevalent strain of influenza from their personal physicians. The public should be advised that vaccine supplies may be inadequate now, but larger quantities are promised in the next few months.

4. A priority system recommended by the state and approved by the council should be followed in this order:

Those whose services are necessary to maintain the health of the community.

Those necessary to maintain basic community services such as utilities and communications, etc.

Those with tuberculosis and others who constitute a special medical risk.

The general public.

A Board of Health report showed 24,000 cases in Mississippi. Outbreaks near the epidemic stage existed in 12 Mississippi counties.

Dr. A. L. Gray, director of preventive disease control for Mississippi, said most of the cases are Asian flu. Up to 40 per cent of the population has or has had flu in some areas, he added.

Doctors investigated a suspected epidemic of Asian flu among more than 400 school children in Hastings, N. Y.

Five schools in Hastings remained closed. They suspended classes Tuesday, the first schools in New York State to do so because of flu.

Ninety pupils at an elementary school in Niagara Falls, N. Y., were stricken with an illness believed to be Asian flu. The school remained open.

A total of 350 of the 1,500 pupils at the Central Square High School and elementary schools in Hastings were ill of flu

The outbreak in Texas appeared to be spreading. In Conroe, 300 students were absent with flu.

Dr. J. R. Cook said the situation definitely had reached the epidemic stage in Trinity, Tex., 70 miles north of Conroe, where 100 children were stricken.

In Dallas, City Health Director J. W. Bass set up classes in home nursing in event of a widespread outbreak of flu there. He said an epidemic could hit 50,000 persons in Dallas, creating a critical shortage of hospital space. Only three confirmed cases of Asian flu have been reported there.

The whole school system in Jasper, another southeast Texas town, was closed. Some 400 students were absent with flu.

Other outbreaks were reported in Beaumont, Port Arthur, Port Acres and Angleton, all along the upper Texas coast.

More than 450 students at Texas Christian University in Fort Worth are ill of a flu-like illness. Doctors, however, said they didn't think it is Asian flu.

In Cincinnati, a health authority predicted that city would record up to 25 per cent of the population as having Asian flu before winter ends.

In Rome, Asian flu hit 20,000 Italian servicemen, the Ministry of Defense reported. About 16,000 have returned to duty.

In The Hague, Asian flu has led to a 17 per cent decline in coal production, the Netherlands Social Affairs Ministry reported. A ministry spokesman said it appears the epidemic has reached i peak. Few deaths have been reported.

27 Plowmen

(Continued from Page One)

tinue indefinitely in an unbalanced surplus situation."

U. S. farmers, the secretary asserted, need foreign as well as domestic markets, but he laid down this export policy:

"1. We will compete vigorously and fairly in the world market.

"2. We will be competitive in quality.

"3. We will participate in a mutually profitable international trade that gives our customers abroad the continuing opportunity to earn the foreign exchange they need to buy our products."

In 1800, John Adams became the first President to occupy the White House.

Six to Attend AAUW Meeting

WCH Women Will be Among Hostesses

Six members of the Washington C. H. branch of the American Assn. of University Women will attend the workshop sponsored by the state AAUW in Columbus Saturday.

The all day session in the Deshler-Hilton Hotel will open with a coffee hour during the registration. The Washington C. H. members will be among the social hour hostesses.

Those here who have signified their intention of attending the meeting are Miss Marjorie Evans, Mrs. Frank Mayo, Mrs. Loren Greene, Miss Lida Grace Wissler, Mrs. Jane McCoy Gardner and Miss Edna Thompson.

Principal speaker of the workshop general meetings will be Dr. Hallie Farmer, retired college professor of Montevallo, Ala. Her talks will be based on the workshop theme: "Planning Our Future."

* * *

MISS EVANS has been asked to explain a panel discussion that was held last spring on a variety of questions of particular interest to women. The program, which was featured by the panel, was arranged by the Washington C. H. chapter's "Status of Women" study group headed by Mrs. John P. Case. Mrs. Case received a commendation on the program from national AAUW headquarters some time ago and later was asked to have the outline presented at the workshop as a patern for similar programs by other branches.

Plans for programs for the winter meetings of the branch here were outlined by the committee and study group chairman at Monday night's meeting, the first after the summer vacation.

The next meeting will be held Oct. 14 at the home of Mrs. Thomas Parrett on Route 38 north of Bloomingburg.

Hospital Bond Issue

(Continued from Page One)

es are made, if the bond issue is successful.

There was a free flow of questions and suggestions from Advisory Committee members and answers from the trustees, the administrator and representatives of the hospital's medical staff.

Trustees explained that the tax rate on bonds for the first hospital levy, which expires in about eight years, has now been reduced from the original .7 of a mill to approximately .2 for the coming tax collection. The bond issue for the addition (West Wing) has been entirely paid and there will be no further tax levy on this.

These levies may be reduced further if present reappraisal raises the total county tax duplicate.

The proposed changes and new construction in the hospital, trustees said, will mean 60 more beds in addition to expansion of other parts of the hospital to provide much needed room, furnishings and new equipment, in various areas of service.

* * *

PENSYL said that it was the thought of the trustees and also of advisory committee members expressed at previous meetings, that it would be far less expensive to build an extra (fourth) floor to the new addition now, in view of expected future needs, than to wait a few years and be called upon to meet new demands for further expansion in order to keep step with the growing community. It would be two years, he said, before the addition and changes would be ready, if bond issue passes.

Questions as to meeting the problem of securing sufficient registered nurses, was met with statements by the administrator and trustees that plans are being made by a special committee for a recruitment program for nurses which probably will help solve this situation. It was explained that the nursing shortage here is no worse than in most other hospitals.

That it is not considered good hospital practice to refuse entry of patients from other counties, was also pointed out by the hospital officials, when this question was raistd. Other hospitals do not follow such a practice, it was said, and under certain conditions a hospital is legally bound to accept patients in cases of emergency.

Pennington Plant

(Continued from Page One)

H. plant, which will be one of the king industry, will take the place of three Pennington bakeries operated before the fire.

* * *

SINCE the big blaze, the company has concentrated its baking operations in its Cincinnati plant and has trucked bread and rolls here for distribution to route trucks at tht Washington C. H. loading docks.

When the new plant here is in full operation, the present Cincinnati bakery will be turned over to Colonial Stores, parent of the Albers markets, which has leased the Cincinnati building and purchased the baking machinery.

When the transfer is made, the Washington C. H. plant will be employing approximately 200 people with a payroll expected to exceed a million dollars a year.

The two shifts working on the toast-producing assignment include supervisory employes who have been working at the Cincinnati plant and other former employes, mostly women, recalled by the firm.

Window Shopper

BELOIT, Wis. (AP)—Opaline Redmond bought a new car from a local dealer. As she drove down the street she lost control of the vehicle and crashed into a business place—the showroom of another auto dealer.

Summer Camp Idea Studied By Legion

ATLANTIC CITY, N. J. (AP)—The American Legion today studied a proposal by Gen. Mark Clark that a summer camp for boys be set up in every military establishment in the nation to help prevent juvenile delinquency.

Clark was applauded at a Legion national convention dinner Tuesday night when he said he would make the proposal to President Eisenhower if the idea found support.

Clark, former United Nations commander in Korea, said he had conducted such a camp this summer at The Citadel, the Charleston, S.C., military college of which he is president.

He said the Citadel camp, besides providing recreation and a sense of discipline, taught character and love of God and country.

If, at the end of camp, the boys were given pins denoting them as junior defenders of the country, he said, they would go out to prevent trouble instead of to cause it.

Clark did not spell out details of the proposal except to say the boys would not wear uniforms and that the cost would be about "two dollars per day per lad."

He estimated that hundreds of thousands of boys could be accommodated if the facilities were made available.

At the Citadel camp, he said, the boys studied the Constitution and the Bill of Rights and learned "what made our country great."

Third Miner's Body Found in Coal Rubble

MULLENS, W. Va. (AP)—Rescue workers chipped through tons of rock and rubble early today to recover the body of a Wyoming County miner, one of three victims of a mine roof fall Monday.

The body of 50-year-old Arlie Davis of Herndon Heights was first spotted late Tuesday after rescue workers had recovered the bodies of the other two victims.

A crew of 30 men worked through the night to reach Davis' body.

Jordan King Divorced

CAIRO, Egypt (AP)—The divorce of King Hussein of Jordan and Queen Dina is final, her friends report. The divorce never has been officially announced.

Military Aides Now Ruling In Thailand

BANGKOK, Thailand (AP)—Thailand's constitution has been suspended and a military junta is ruling, an army spokesman announced today.

Acting Deputy Chief of Staff Lt. Gen. Surajit Charuseran said the junta had given no consideration yet to the naming of a successor for ousted Premier P. Pibulsonggram. His regime toppled in an army coup Tuesday.

Pibulsonggram's whereabouts remained a mystery.

Army Chief Marshal Sarit Thanarat, the coup leader who has been named by King Phumiphon military governor of Bangkok, was conferring with the Department of Justice on how to legalize his coup.

Lt. Gen. Surajit said the junta had not decided on the future of the Thai Parliament. But observers here believe the junta will want parliament to stay in office at least until it can vote support of the new ruling group. After that it may be dissolved.

Sarit said Tuesday any new regime would follow along in the pro-Western policies of the Pibulsonggram government.

He said he dumped Pibulsonggram, premier since 1947, "in the interest of the people," but declared, "I have nothing to do with politics."

He said he wants to continue to cooperate with the Southeast Asia Treaty Organization and wants to keep the headquarters of that anti Communist alliance here.

Airline Travel Shrinks World, BPW Is Told

Tomorrow's Planes Will Set New Marks, Speaker Says

"The world is shrinking because of the rapid development of airplanes and increase in air travel," Business and Professional Women's Club of Washington C. H. was told by Paul D. Strahm of Columbus, district sales manager of Trans-World Airlines following the group's monthly dinner at the Country Club Tuesday night.

"More and more people are flying every day for speed, not for thrills," Strahm declared. He underscored this with a statement that while 20 passengers were considered a big load a few years ago, 922 passengers were carried last Monday by TWA planes out of Columbus. The volume is increasing every year, he declared.

Airlines emphasize safety for passengers, crew and costly airplanes, he said and described the care with which personnel, especially the operating crew and stewardesses, is selected.

"They are very particular about the stewardesses," he said and noted that only one of 50 applicants meets the high standards set for them. Service and food served on planes, he said, compares favorably with that of the most luxurious hotels.

Developing his subject, "Our Shrinking World," Strahm declared that "wherever in the world you want to go, an airplane can take you."

The flight time between New York and Paris is now six hours and 15 minutes, he said and predicted that the "new rocket plane of tomorrow" (in about 15 years) will make the coast to coast flight in two hours.

* * *

THE SHRINKAGE of the world by air travel, he said, will bring about a better understanding of people all over the world.

Some day, he predicted, helicopters will provide taxi service from Washington C. H. to the big airline terminals.

The after-dinner meeting was conducted by the president, Miss Marie Marchant. The speaker was introduced by Miss Ruth Sexton, a member of the Public Affairs Committee, which arranged the program.

Strahm's discussion of "Our Shrinking World," followed a short musical program by the club's choral group made up of Mrs. Mary Gillespie, Mrs. Loreah O'Briant, Mrs. Mindonna Kimmey, Mrs. Gladys Stitt, Mrs. Dixie Dray and Mrs. Elizabeth Yerian, accompanist. The group sang "We Kiss in the Shadows," "The King and I" and "Around the World in 80 Days."

Members of the Public Affairs Committee are Miss Helen Slavens, chairman, Mrs. Kimmey, co-chairman, Miss Edith Wilson, Miss Sexton, Mrs. Clara Lee Markley, Mrs. Minette Fritts, Miss Mildred Moss, Mrs. Arlene Wilson and Dr. Ruth Teeters.

Guest for the evening were Mrs. Dwight Dunkle, Mrs. Walttr McLean, Mrs. C. R. Philhower, Mrs. Malcolm Parrett, Mrs. Gladys Parrett, Mrs. Roger Acton, Mrs. William Boylan, Mrs. Clyde Smith, Mrs. Clayton Sexton, Mrs. Walter Wilson, Mrs. Sallie Jamison, Mrs. John Case, Mrs. Helen Porter and Mrs. Harry Rankin.

Telephone Strike

(Continued from Page One)

workers were staying in the building 12 hours or more.

Division Chief Joe L. Hardy said that no action will be taken against Ohio Bell. He said company officials agreed to keep a careful check on overtime work.

Issues in the Western Electric installers' strike are centered on wages, travel allowances and length of contract.

Installers' wages range from $1.39 to $2.80 an hour. Their last contract expired Aug. 25.

Courts

DIVORCE GRANTED

Marguerite Seyfang, Washington C. H., has been granted an uncontested divorce from Harley Seyfang in Fayette County Common Pleas Court. The plaintiff had charged gross neglect.

The court confirmed a previous property settlement. Two minor children are under the jurisdiction of Juvenile Court.

Deaths, Funerals

Marion Thomas Hill

JEFFERSONVILLE — Marion Thomas Hill, 8 months, died at 3 p. m. Tuesday at the home of his parents, Mr. and Mrs. Stanley Hill, on Route 35, near Jeffersonville, following a six-month illness. He had been returned to his home from Children's Hospital, Columbus, only four days before his death.

In addition to his parents, he is survived by two brothers, Sammie and Eddie. He also leaves a grandmother, Mrs. Bertha Hill of Bookwalter and a grandfather, John Mahaffey of Portsmouth.

Services will be held in the Church of Christ in Christian Union in Jeffersonville at 10 a. m. Thursday by the Rev. Raymond Orner, church pastor. Burial will be in the Koontz Cemetery on Route 35 near Milledgeville.

Friends may call at the Alvin G. Little Funeral Home any time.

:-:-:-:-:

MISS FRANCES KIRKPATRICK —Services for Miss Frances Kirkpatrick, 50, who died at 1 a. m. Monday in Cincinnati, were held at 10 a. m. Wednesday in the Kirkpatrick Funeral Home, New Holland.

The Rev. Glenn Robinson officiated. Burial was in the New Holland Cemetery.

Pallbears were Howard and Kirk Timmons, Harry, McKinley, Robert and Galen Kirk and Coyt Cleary.

:-:-:-:-:

HENRY RUNNELS — Services for Henry Runnels, 87, of Sabina, who died at 1 p. m. Saturday, were held in the Littleton Funeral Home there at 1:30 p. m. Tuesday, under the direction of the Gerstner Funeral Home of Washington C. H.

The Rev. Charles Kirsch of the Sabina Methodist Church officiated. Burial was in the Lees Creek Cemetery, Clinton County.

Pallbearers were Robert Stewart, Harold Immell, Charles D. Glass, Samuel Runnels, Frank Whitaker and Clyde Steele.

Flu Epidemic

(Continued from Page One)

lic information program to keep the people accurately and fully abreast of the situation.

The association's statement of policy was drawn up by its council, interim governing body of the organization aftr a conference with officials of the Ohio Department of Health.

Because of difference: in local conditions, the policy statement said no stereotyped pattern can be laid down for the whole state, but these general recommendations were presented:

1. A public information program "conducted in an orderly fashion to avoid confusion and hysteria in the public."

* * *

2. **PHYSICIANS** should be urged to keep themselves informed and be prompt in reporting suspected influenza cases to local authorities.

3. Citizens should be encouraged to secure immunication against the prevalent strain of influenza from their personal physicians. The public should be advised that vaccine supplies may be inadequate now, but larger quantities are promised in the next few months.

4. A priority system recommended by the state and approved by the council should be followed in this order:

Those whose services are necessary to maintain the health of the community.

Those necessary to maintain basic community services such as utilities and communications, etc.

Those with tuberculosis and others who constitute a special medical risk.

The general public.

A Board of Health report showed 24,000 cases in Mississippi. Outbreaks near the epidemic stage existed in 12 Mississippi counties.

Dr. A. L. Gray, director of preventive disease control for Mississippi, said most of the cases are Asian flu. Up to 40 per cent of the population has or has had flu in some areas, he added.

Doctors investigated a suspected epidemic of Asian flu among more than 400 school children in Hastings, N. Y.

Five schools in Hastings remained closed. They suspended classes Tuesday, the first schools in New York State to do so because of flu.

Ninety pupils at an elementary school in Niagara Falls, N. Y., were stricken with an illness believed to be Asian flu. The school remained open.

A total of 350 of the 1,500 pupils at the Central Square High School and elementary schools in Hastings were ill of flu

The outbreak in Texas appeared to be spreading. In Conroe, 300 students were absent with flu.

Dr. J. R. Cook said the situation definitely had reached the epidemic stage in Trinity, Tex., 70 miles north of Conroe, where 100 children were stricken.

In Dallas, City Health Director J. W. Bass set up classes in home nursing in event of a widespread outbreak of flu there. He said an epidemic could hit 50,000 persons in Dallas, creating a critical shortage of hospital space. Only three confirmed cases of Asian flu have been reported there.

The whole school system in Jasper, another southeast Texas town, was closed. Some 400 students were absent with flu.

Other outbreaks were reported in Beaumont, Port Arthur, Port Acres and Angleton, all along the upper Texas coast.

More than 450 students at Texas Christian University in Fort Worth are ill of a flu-like illness. Doctors, however, said they didn't think it is Asian flu.

In Cincinnati, a health authority predicted that city would record up to 25 per cent of the population as having Asian flu before winter ends.

In Rome, Asian flu hit 20,000 Italian servicemen, the Ministry of Defense reported. About 16,000 have returned to duty.

In The Hague, Asian flu has led to a 17 per cent decline in coal production, the Netherlands Social Affairs Ministry reported. A ministry spokesman said it appears the epidemic has reached i peak. Few deaths have been reported.

27 Plowmen

(Continued from Page One)

tinue indefinitely in an unbalanced surplus situation."

U. S. farmers, the secretary asserted, need foreign as well as domestic markets, but he laid down this export policy:

"1. We will compete vigorously and fairly in the world market.

"2. We will be competitive in quality.

"3. We will participate in a mutually profitable international trade that gives our customers abroad the continuing opportunity to earn the foreign exchange they need to buy our products."

In 1800, John Adams became the first President to occupy the White House.

Six to Attend AAUW Meeting

WCH Women Will be Among Hostesses

Six members of the Washington C. H. branch of the American Assn. of University Women will attend the workshop sponsored by the state AAUW in Columbus Saturday.

The all day session in the Deshler-Hilton Hotel will open with a coffee hour during the registration. The Washington C. H. members will be among the social hour hostesses.

Those here who have signified their intention of attending the meeting are Miss Marjorie Evans, Mrs. Frank Mayo, Mrs. Loren Greene, Miss Lida Grace Wissler, Mrs. Jane McCoy Gardner and Miss Edna Thompson.

Principal speaker of the workshop general meetings will be Dr. Hallie Farmer, retired college professor of Montevallo, Ala. Her talks will be based on the workshop theme: "Planning Our Future."

* * * *

MISS EVANS has been asked to explain a panel discussion that was held last spring on a variety of questions of particular interest to women. The program, which was featured by the panel, was arranged by the Washington C. H. chapter's "Status of Women" study group headed by Mrs. John P. Case. Mrs. Case received a commendation on the program from national AAUW headquarters some time ago and later was asked to have the outline presented at the workshop as a patern for similar programs by other branches.

Plans for programs for the winter meetings of the branch here were outlined by the committee and study group chairman at Monday night's meeting, the first after the summer vacation.

The next meeting will be held Oct. 14 at the home of Mrs. Thomas Parrett on Route 38 north of Bloomingburg.

Hospital Bond Issue

(Continued from Page One)

es are made, if the bond issue is successful.

There was a free flow of questions and suggestions from Advisory Committee members and answers from the trustees, the administrator and representatives of the hospital's medical staff.

Trustees explained that the tax rate on bonds for the first hospital levy, which expires in about eight years, has now been reduced from the original .7 of a mill to approximately .2 for the coming tax collection. The bond issue for the addition (West Wing) has been entirely paid and there will be no further tax levy on this.

These levies may be reduced further if present reappraisal raises the total county tax duplicate.

The proposed changes and new construction in the hospital, trustees said, will mean 60 more beds in addition to expansion of other parts of the hospital to provide much needed room, furnishings and new equipment, in various areas of service.

* * *

PENSYL said that it was the thought of the trustees and also of advisory committee members expressed at previous meetings, that it would be far less expensive to build an extra (fourth) floor to the new addition now, in view of expected future needs, than to wait a few years and be called upon to meet new demands for further expansion in order to keep step with the growing community. It would be two years, he said, before the addition and changes would be ready, if bond issue passes.

Questions as to meeting the problem of securing sufficient registered nurses, was met with statements by the administrator and trustees that plans are being made by a special committee for a recruitment program for nurses which probably will help solve this situation. It was explained that the nursing shortage here is no worse than in most other hospitals.

That it is not considered good hospital practice to refuse entry of patients from other counties, was also pointed out by the hospital officials, when this question was raistd. Other hospitals do not follow such a practice, it was said, and under certain conditions a hospital is legally bound to accept patients in cases of emergency.

Pennington Plant

(Continued from Page One)

H. plant, which will be one of the king industry, will take the place of three Pennington bakeries operated before the fire.

* *

SINCE the big blaze, the company has concentrated its baking operations in its Cincinnati plant and has trucked bread and rolls here for distribution to route trucks at tht Washington C. H. loading docks.

When the new plant here is in full operation, the present Cincinnati bakery will be turned over to Colonial Stores, parent of the Albers markets, which has leased the Cincinnati building and purchased the baking machinery.

When the transfer is made, the Washington C. H. plant will be employing approximately 200 people with a payroll expected to exceed a million dollars a year.

The two shifts working on the toast-producing assignment include supervisory employes who have been working at the Cincinnati plant and other former employes, mostly women, recalled by the firm.

Window Shopper

BELOIT, Wis. (AP)—Opaline Redmond bought a new car from a local dealer. As she drove down the street she lost control of the vehicle and crashed into a business place—the showroom of another auto dealer.

Summer Camp Idea Studied By Legion

ATLANTIC CITY, N. J. (AP)—The American Legion today studied a proposal by Gen. Mark Clark that a summer camp for boys be set up in every military establishment in the nation to help prevent juvenile delinquency.

Clark was applauded at a Legion national convention dinner Tuesday night when he said he would make the proposal to President Eisenhower if the idea found support.

Clark, former United Nations commander in Korea, said he had conducted such a camp this summer at The Citadel, the Charleston, S.C., military college of which he is president.

He said the Citadel camp, besides providing recreation and a sense of discipline, taught character and love of God and country.

If, at the end of camp, the boys were given pins denoting them as junior defenders of the country, he said, they would go out to prevent trouble instead of to cause it.

Clark did not spell out details of the proposal except to say the boys would not wear uniforms and that the cost would be about "two dollars per day per lad."

He estimated that hundreds of thousands of boys could be accommodated if the facilities were made available.

At the Citadel camp, he said, the boys studied the Constitution and the Bill of Rights and learned "what made our country great."

Third Miner's Body Found in Coal Rubble

MULLENS, W. Va. (AP)—Rescue workers chipped through tons of rock and rubble early today to recover the body of a Wyoming County miner, one of three victims of a mine roof fall Monday.

The body of 50-year-old Arlie Davis of Herndon Heights was first spotted late Tuesday after rescue workers had recovered the bodies of the other two victims.

A crew of 30 men worked through the night to reach Davis' body.

Jordan King Divorced

CAIRO, Egypt (AP)—The divorce of King Hussein of Jordan and Queen Dina is final, her friends report. The divorce never has been officially announced.

Military Aides Now Ruling In Thailand

BANGKOK, Thailand (AP)—Thailand's constitution has been suspended and a military junta is ruling, an army spokesman announced today.

Acting Deputy Chief of Staff Lt. Gen. Surajit Charuseran said the junta had given no consideration yet to the naming of a successor for ousted Premier P. Pibulsonggram. His regime toppled in an army coup Tuesday.

Pibulsonggram's whereabouts remained a mystery.

Army Chief Marshal Sarit Thanarat, the coup leader who has been named by King Phumiphon military governor of Bangkok, was conferring with the Department of Justice on how to legalize his coup.

Lt. Gen. Surajit said the junta had not decided on the future of the Thai Parliament. But observers here believe the junta will want parliament to stay in office at least until it can vote support of the new ruling group. After that it may be dissolved.

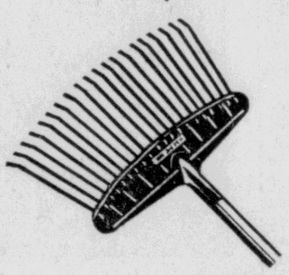

Sarit said Tuesday any new regime would follow along in the pro-Western policies of the Pibulsonggram government.

He said he dumped Pibulsonggram, premier since 1947, "in the interest of the people," but declared, "I have nothing to do with politics."

He said he wants to continue to cooperate with the Southeast Asia Treaty Organization and wants to keep the headquarters of that anti Communist alliance here.

FUGITIVES FROM THE FBI

Photos 1950

JOHN LOUIS ROSSI

JOHN LOUIS ROSSI is being sought by the FBI for unlawful flight to avoid prosecution for the crime of extortion. In May, 1952, he is alleged to have made approximately four telephone calls from his residence in Oakland, Calif., to a man in Ogden, Utah, attempting to get $450. When the money was refused, Rossi allegedly threatened the victim and indicated that he would harm his children.

A complaint was filed before a U. S. Commissioner at San Francisco, Calif., on Aug. 3, 1954, charging Rossi with fleeing from the State of California to avoid prosecution for the crime of extortion.

The wanted man's aliases include John Calcastro, Mike B. Belacastro, John Cline, John P. Costello, John Louis Idarosa, John Paul Lombardi, John Morgiani, Pete Pappas, Steven Pappas, "Sam," etc.

Rossi has worked as restaurant and tavern operator, rigger, salesman, seaman, trucker and laborer. He reportedly uses telephone booths in hotel lobbies and is said to suffer from migraine headaches.

The fugitive reportedly is armed with a revolver and should be considered dangerous. He has been convicted for forgery.

DESCRIPTION: Age, 54; Born, Bradford, Pa. (not supported by birth records); Height, 5 feet 10½ inches; Weight, 180 to 205; Build, medium; Hair, black, graying; Eyes, brown; Complexion, medium to dark. Has 1½-inch scar on center of forehead near hairline, scar right eyebrow, scar left cheek, scar right jaw, 3-inch vertical scar upper left arm, scars palm of right hand, base of right little finger and elsewhere on body. Has tattoo palm leaf and Japanese lady on upper right arm; shield, rose, head, liberty on upper left arm; ship and girl on left and ship on right arm.

INFORMATION *concerning fugitive should be telephoned to the nearest FBI office.*

Ground Observer Corps Topic at Rotary Club

The importance of the Ground Observer Corps in this country's air defense, an explanation of the U. S. Air Defense Command, and the whys and wherefores of the present potential threat to national security, was emphasized before Rotarians and guests at the club's luncheon meeting Tuesday at the Courtry Club.

The speaker was Lt. John J. Klecan who was accompanied here by Sgt. James Frank and Sgt. Robert Wagner. All are connected with the filter center of the Ground Observer Corp of Air Defense Command, at Columbus.

Presented by John Ellcessor, Lt. Klecan said that there are now 30+ posts set up in this country for ground observance, 204 of which are well organized and active. A station location is being sought in Fayette County where Lyle Sowders is in charge. There are three active ground observer crews now in the county but more are needed, it was stated.

* * *

LT. KLECAN pointed out the need for active interest on the part of citizens of communities all over the country but stressed the special need in Ohio which has 10 of the critical target areas out of 70 in the nation. He explained that there are 125 other important target areas in the nation, not considered of the critical type.

Calling attention to the fact that the nation is within a few hours flying distance from Russian air force bases, he told of different theories as to the approach of enemy planes, if the United States is attacked. One of the routes is over the Arctic polar cap, another the so-called "jet stream" from the west. In this country the East and the Midwest are considered the most vital points for such attacks, he stated.

The speaker explained that there are 400,000 volunteers in the Ground Observer Corps at this time, making reports and sending in distress calls to filter centers. All reports received are correlated with information obtained from radar.

* *

VOLUNTEERS, serving without pay, are expected to give only a fews hours a week to this service, but can be of great assistance providing help in various ways which the radar setup in the country cannot offer.

The value locally of a well established post in this county, he said, lies in the fact that Dayton, a critical target area is only about 40 miles distant.

* *

BIRTHDAY greetings prior to the speaking program, were sung for Dr. Jack Persinger, just returned from a European tour, Joe Campbell and Dr. Frank King.

Visiting Rotarians at Tuesday's meeting were Dr. B. V. Scott of Chillicothe, Paul Fairley and Oscar Heidingsfield of Greenfield. Other guests were James Smallenberg of Dayton with Joseph Peters, George Montgomery with Rollo Marchant, Robert Callison and Sidney Major of this city with Robert Lisk.

'For Men Only Trip' Takes 38 Here to Plowing Matches

Thirty-eight Jasper and Jefferson Township farmers are enjoying a stag party today.

"No women allowed," Arleigh Rankin said, when he described the charter bus trip the men are taking to attend the World's Conservation Exposition and Plowing Contest in Peebles. "Lots of us are taking our own lunches, which the women prepared," Rankin said, "but otherwise it's purely a stag affair."

Rankin, Jack Pursley and Willis Ray made all the arrangements for the men to make the trip. First stop was in Jeffersonville at 7 a. m., then on to Milledgeville and South Plymouth, where others joined the group.

No one would predict exactly when the men would return. "The bus company told us the bus was ours until midnight, but we'll be home before that," Rankin said.

Those making the one-day trip include John Aills, Richard Blue, Don Bowers, Gene and Max Bush, Pete Clemmer, Willis DeWitt, Charles Funk, Russell Garringer, Gene Geer, Jim Glass, Sherman Hosier, Henry Herdman, Carl Johnson, Arnett, Foster, Jim, Larry and Maurice Kelley, Jim and Joe Kingery, Joel and Tom McDonald, Charles Moore, Noel Morris, Roy Palmer, Pete Parks, Ed Pitzer, Jack Pursley, Willis Ray, Arleigh Rankin, Walter Robinson, Tommy Sams, Lindy Sharrett, John Sheeley, Bob Smith, Kenneth Walters and Bob Wilt.

Cleaning Plant Lost

CINCINNATI (AP)—An explosion and fire fed by cleaning fluid Tuesday destroyed the two-story cleaning plant of Cincinnati Drum Service, Inc., with damage estimated at $41,000.

She is the daughter of Mr. and Mrs. Lee Cleland of Bloomingburg and is a graduate of Bloomingburg High School.

Miss Cleland attended Mary Washington College and is a 1957 graduate of Ohio State University where she was affiliated with Kappa Phi Epsilon sorority.

She now lives in Dayton.

1 Parakeet Found, But 41 Missing

NORTH ADAMS, Mass. (AP) — John F. McConnell found a lost parakeet in his furniture store this week.

The North Adams Transcript published a story about it.

Tuesday night McConnell said he received 41 telephone calls from persons who had lost their parakeets.

2 Convicts Walk Away From Mansfield Crew

MANSFIELD (AP) — Authorities are searching today for two men who escaped from the Mansfield Reformatory Tuesday by walking away from a work crew. The two are Glenori Ratliff, 24, Greenup, Ky., and Thomas Joseph Waddell Jr., 20, Ironton. Ratliff was serving a 1-15 year sentence for breaking and entering. Waddell was imprisoned on the same charge.

New Bridges Planned On State Route 734

State Highway Department survey crews have been working along Route 734 in northern Fayette County, getting ready for the eventual installation of four new bridges there.

Robert Haines, maintenance superintendent here, said the bridge work won't start until "spring at the earliest."

One bridge would be located on the North Fork of Paint Creek, near Route 38; another on the main branch of the creek, a third over Rattlesnake Creek, and the fourth over an unnamed creek (actually a branch of Paint) near Jeffersonville.

The new bridges would augment repairs begun last spring when several new culverts were installed on Routes 734 and 70 by highway department crews.

Students Offered Shots

WILMINGTON (AP) — Officials of Wilmington College have offered innoculation against Asian flu for all students this fall.

Mowrey currently is in Goodyear Atomic Corporation's community relations department. He is a former resident of Leesburg. Sauer said he will devote more time to his lecturing.

Accused Truck Driver Bound To Grand Jury

Eugene Bomer, 40-year-old truck driver and counterman, accused of making off with his boss's truck here May 22 is in county jail after being bound over to the January grand jury under $1,000 bond by Judge Max G. Dice in Municipal Court.

Bomer, formerly a driver for the B & O trucking firm, Bethan, Ill., is charged with abandoning the empty trailer of the multi-axle hauling rig near Jasper on the CCC highway, and driving the tractor to Columbus.

The prosecution claims he never notified the owners of the whereabouts of the truck or himself. Bomer claimed in court he "supposed they knew" where the truck was.

* * *

ARRESTED in Columbus last week on a tip from another driver, Bomer claimed he had left the cab on the lot of a truck-stop restaurant in Dublin where he has been working since.

Basing his claim on the accused driver's statement that he originally drove to Columbus after spare tires Bomer's attorney contended that "any criminal attempt was conceived outside Fayette County," and that Bomer is thus not subject to conviction for driving without consent here.

The use of the water clock began in Greece in the fifth century before Christ.

REAL ESTATE TRANSFERS

Lawrence W. Armbrust et al. to Richard S. Snyder et al., lot 28 Willabar Village Addn., city.

Henry Russell Crawford to Walter G. Crawford, lot 42 Henkle Sub Division, city.

PROBATE COURT

At the request of Dwight Edward Masters, Probate Court has ordered that his name be changed to Dwight Edward Martin.

The estate of Mattie I. Binegar is valued at $19,277, according to an inventory filed in Probate Court. Personal property is listed at $2,666, and real estate at $16,611.

Cleveland Attorney Facing Suspension

COLUMBUS (AP) — Cleveland attorney Henry H. Pleasant has 40 days to convince the State Supreme Court he should be allowed to continue practicing law in Ohio. A court-named board of commissioners sent a recommendation to the high court Tuesday that Pleasant be suspended as an attorney because of his alleged misconduct in administering the estate of the late William A. Wright.

Inflated Story

GREAT FALLS, Mont. (AP)—A visitor to Great Falls reported to police that two young men beat him up and took $60 from him while he was walking through the city's railroad yards. Police were skeptical, however, when he told them the $60 consisted of four $20 bills.

Waddell was imprisoned on the same charge.

New Bridges Planned On State Route 734

State Highway Department survey crews have been working along Route 734 in northern Fayette County, getting ready for the eventual installation of four new bridges there.

Robert Haines, maintenance superintendent here, said the bridge work won't start until "spring at the earliest."

One bridge would be located on the North Fork of Paint Creek, near Route 38; another on the main branch of the creek, a third over Rattlesnake Creek; and the fourth over an unnamed creek (actually a branch of Paint) near Jeffersonville.

The new bridges would augment repairs begun last spring when several new culverts were installed on Routes 734 and 70 by highway department crews.

Students Offered Shots

WILMINGTON (AP) — Officials of Wilmington College have offered innoculation against Asian flu for all students this fall.

IT'S SO EASY TO PLACE A WANT AD.

To Become Editor

MACK SAUER, editor and publisher of the Leesburg Citizen and Lynchburg News, today announced that Charles D. Mowrey (above) will assume the editorship of both papers Oct. 1. Mowrey currently is in Goodyear Atomic Corporation's community relations department. He is a former resident of Leesburg. Sauer said he will devote more time to his lecturing.

Henry Russell Crawford to Walter G. Crawford, lot 42 Henkle Sub Division, city.

PROBATE COURT

At the request of Dwight Edward Masters, Probate Court has ordered that his name be changed to Dwight Edward Martin.

The estate of Mattie I. Binegar is valued at $19,277, according to an inventory filed in Probate Court. Personal property is listed at $2,666, and real estate at $16,611.

Cleveland Attorney Facing Suspension

COLUMBUS (AP) — Cleveland attorney Henry H. Pleasant has 40 days to convince the State Supreme Court he should be allowed to continue practicing law in Ohio. A court-named board of commissioners sent a recommendation to the high court Tuesday that Pleasant be suspended as an attorney because of his alleged misconduct in administering the estate of the late William A. Wright.

Inflated Story

GREAT FALLS, Mont. (AP)—A visitor to Great Falls reported to police that two young men beat him up and took $60 from him while he was walking through the city's railroad yards. Police were skeptical, however, when he told them the $60 consisted of four $20 bills.

Accused Truck Driver Bound To Grand Jury

Eugene Bomer, 40-year-old truck driver and counterman, accused of making off with his boss's truck here May 22 is in county jail after being bound over to the January grand jury under $1,000 bond by Judge Max G. Dice in Municipal Court.

Bomer, formerly a driver for the B & Q trucking firm, Bethan, Ill., is charged with abandoning the empty trailer of the multi-axle hauling rig near Jasper on the CCC highway, and driving the tractor to Columbus.

The prosecution claims he never notified the owners of the whereabouts of the truck or himself. Bomer claimed in court he "supposed they knew" where the truck was.

* * *

ARRESTED in Columbus last week on a tip from another driver, Bomer claimed he had left the cab on the lot of a truck-stop restaurant in Dublin where he has been working since.

Basing his claim on the accused driver's statement that he originally drove to Columbus after spare tires Bomer's attorney contended that "any criminal attempt was conceived outside Fayette County," and that Bomer is thus not subject to conviction for driving without consent here.

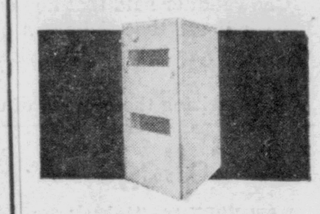

The use of the water clock began in Greece in the fifth century before Christ.

A "Right To Work" Law Urged For Ohio

There has been quite an amount of comment caused by a move on the part of a Cincinnati union member's effort to push a campaign for an Ohio "right to work" law.

This is one of those questions long discussed and has resulted in 18 states in this nation passing such laws.

S. D. Cadwallader, chairman of the board of the National Right to Work Committee, recently wrote to members of the present Ohio General Assembly at their homes.

His letter said: "As an Ohioan, I have been under considerable urging from many wage earners to propose that our own state consider "right to work" legislation now on the statute books in 18 other American States."

Cadwallader explained that he was writing at the request of numerous Ohio workers and sending two enclosures. They were a pamphlet on "The Right to Work," and a recent publication of the Indiana Right to Work Committee entitled, "Answers to Your Questions About Indiana's Right to Work Law."

Cadwallader said that his contacts in Ohio indicate that Indiana's new right to work law has "stimulated wide interest in Ohio."

Emphasizing the activity of union workers in the National Committee which he heads, Cadwallader said, "any workers, both union and non-union from all sections of the nation, are supporting the committee. Men who are active members of unions and some who have been expelled from unions because of their work in this cause have taken leadership in this organization."

Cadwallader himself was expelled from the Brotherhood of Railroad Trainmen because he opposed compulsory union membership. He is a conductor of the Baltimore & Ohio Railroad and a member of two other railroad unions, the United Railroad Operating Crafts and the Order of Railway Conductors.

He is a vice president of his Conductors local and has lived in Ohio 17 years.

Telling about the National Right to Work Committee's fight for the principle that Americans must have the right but not be compelled to join labor unions to hold their jobs, Cadwallader said.

"We are engaged in an educational program on the national level and at the same time working with and assisting state groups to bring about a broad understanding of the issue. Much misunderstanding has been created intentionally to distort and confuse the people as to the real meaning of 'right to work.'"

Laff-A-Day

"Let's have no more of THAT, Parker!"

You're Telling Me

By WILLIAM RITT

Bidding for that Brooklyn baseball club franchise has soared to $7,500,000. In the financial league it would seem the Dodgers' batting averages is just slightly terrific.

Cuba's one nation that's really all shook up. A revolution — and then an earthquake.

A tiny South Dakota Shetland pony has reached the remarkable age of 35. Just a case of a little going a long way?

An easterner claims his dog dearly loves to eat fallen tree leaves. Zadok Dumkopf, who has become slightly rake - happy, wants to put in a bid right now for one of that pooch's next litter of pups.

The most popular after - dinner speaker, opines Grandpappy Jenkins, is the one who failed to show up for the banquet.

Architecture has been called "frozen music"—but the sound of rain dripping through a leaky roof certainly is no lullaby.

Horse track betting is reaching all - time records. Could this be because, in these days of soaring prices, the price of a two-buck bet is still two bucks?

U. S. Population Hits 171½ Million, Report

WASHINGTON (AP)—The population of the United States passed 171½ million last Aug. 1, the Census Bureau estimates.

That represents an increase of 20,378,000, or about 13½ per cent, since the census of April 1, 1950, and an increase of about three million over the 1956 estimate.

The Census Bureau estimates include armed forces members overseas.

Try and Stop Me

By BENNETT CERF

SENATOR SAM ERVIN, of North Carolina, tells of a constituent back in the hill country who decided he needed a divorce from his wife. He conceded freely that she was a fine figure of a woman, a great cook, and a model mother. "But she drives me crazy, talkin' all the time," he added. "What does she talk about?" prodded his lawyer. "There's the real trouble," grumbled the client. "She never says."

* * *

Jonathan Winters vows he spotted one drive-in-theater in Texas where the screen was so big they were showing both features at the same time. He also watched three kiddies at play in the patio of a fabulous hotel. A little girl decreed, "Now we're going to play house. I'll be the mommy; Johnny, the daddy; and Chris, the divorce lawyer."

Simple Sound Tests To Give Your Child

By HERMAN N. BUNDESEN

Hearing difficulties in an infant may be indicated if he consistently pays no attention to the tinkling of a spoon being tapped against his feeding bottle, the sound of his name being spoken, or to everyday street noises such as fire sirens, auto backfiring and barking dogs.

In older children in the school-age and preschool-age brackets, there are various simple tests you can conduct right in your own home to determine to some extent whether your youngster has any trouble with his hearing.

Clicking two coins together, using the ticking of a watch, whispering, or speaking in normal tones might give you some indication of the degree of difficulty with hearing.

First, test these various sounds on a person with normal hearing ability. Then, try them on your child. If he can hear these sounds at only one-third the distance a child with normal hearing can, it might be an indication that his hearing loss is significant.

If, however, he hears it at half the distance, the loss of hearing probably is not significant. But this doesn't mean you can forget about it.

Quite the contrary, if any loss of hearing is even suspected, a hearing specialist should be consulted right away. In a great many cases, medical treatment following early discovery of hearing loss will clear up the difficulty entirely.

Another test for older children is the number test.

Have the youngster stand some distance from you with the left side of his head toward you. He should cover his right ear with the palm of his hand. Then have him repeat numbers after you. Next, with his right ear turned toward you and his left ear covered, repeat the procedure.

This should give you some indication whether his hearing ability is the same in both ears.

All such tests, however, are makeshift and serve only to bring to light a suspicion of hearing trouble.

Once you suspect difficulty, have the child examined by a competent medical man. By using such instruments as an audiometer, he can measure precisely how much hearing is lost and how much remains at various tone levels.

You know how dangerous it can be to ignore appendicitis. Don't ignore signs of hearing difficulties, either. Deafness might be the result.

QUESTION AND ANSWER

J. A.: Is vitamin B12 of help in treating osteoarthritis?

Answer: Recently it has been shown that, when it is properly used, vitamin B12 in large doses does help certain cases of osteoarthritis.

Ohio Grandma Says She Is Done Hiking

MT. KATAHDIN, Maine (AP)—Mrs. Emma Gatewood, doughty great grandmother who has twice hiked the full length of the Appalachian Trail, says she at long last has had enough of long hikes and high mountains like Katahdin.

"Getting' too old," she laughed after returning from the summit of mile-high Katahdin Monday. "There were places where I had to pull myself over sheer rocks, and I'm afraid I'll get to the age where I won't be able to do that anymore."

Fear comes late in life for grandma Gatewood. She'll be 70 next month.

Mrs. Gatewood, who has 11 grandchildren and five great grandchildren back in Gallipolis, Ohio, left Mt. Oglethorpe, Ga., the southern end of the trail, on April 22. She first hiked the scenic trail in 1955, and she topped it off by scaling Mt. Katahdin, just as she did Monday.

"It's the same old rock," she said. "It was no tougher this time than it was in 1955. I must have fallen a dozen times, but I picked myself up and kept goin' like a young 'un."

TV College for Animals Busy

By Hal Boyle

NEW YORK (AP)—"Animals are easier to deal with than people because they are more predictable," said Fred Birkner, who operates a television school for our furred and feathered friends.

A video college for animals and birds? Yes, indeed, and pray why not. If a politician or a movie star feels he needs a few lessons before going on TV, why shouldn't a horse, a boa constrictor or a parakeet?

At his Chateau Theatrical Animals' School on West 48th Street, Birkner conditions his winged and four-footed scholars to the sights and sounds of a television studio.

"This is to remove their nervousness," he explained.

A donkey sits patiently listening to a record playing canned laughter and applause. A horse is led around to get him accustomed to TV cables writhing about the floor. A monkey stares inquisitively as a dummy camera is wheeled up to his face for a closeup. Clem, a trained lamb, learns to stand patiently at ease under bright hot lights.

"The one sound we don't have to condition them to is jeers," said Birkner. "I have never known people to boo an animal actor."

Birkner, now 37, has spent his life with animals ever since he ran away from home in Vienna at 16 to become a circus lion tamer. In addition to training animals for television, modeling, or Broadway show chores, he acts as an agent and boasts he can supply anything from a flea to an elephant for private parties or lodge picnics.

He also has given riding lessons to Grace Kelly, Rita Gam and Marlon Brando. He was called in four years ago to give a few tips on horse and buggy driving to a onetime farm boy, President Eisenhower.

"Animals are often smarter than people," he said, "but each an individual, and has to be taught as an individual.

"A dog can be conditioned for a show in half an hour. But birds are very nervous. It took me a week to train a south American lark to appear in a color film and all it had to do was sit on a perch.

"The cat is the hardest domestic animal to teach, not because it is unintelligent, but because it doesn't like being dominated and told to do something on cue. Insects, of course, are the worst of all except fleas."

"In my experience," remarked Birkner, "few animals are bad actors. They are natural hams, however, and all they need is a little training — then they start acting like human stars."

His top actor is Mohammed, a white horse who has been in the profession for more than 15 years and is currently appearing with Ethel Merman in "Happy Hunting." He has even learned in television appearances to turn and look for the red light of the camera—and give it his better profile.

Animals do just about a well financially, if not better, than two-legged actors. A cat or mouse gets $35 for a walk-on part, a boa gets $35 for a walk-on part, a boa constrictor up to $450 for a creep-on role.

Race Problem Will Take Time

By George Sokolsky

It is now 92 years since the end of the War Between the States, but the essential problems remain that were dealt with in the 13th, 14th and 15th amendments to the Constitution, namely states rights with regard to local questions and attitudes; political equality between whites and Negroes; and the concomitant Negro aspirations for social equality.

These are the issues and it only confirms the truism that it is impossible to legislate emotional questions. Even in the north, where there is supposed to be no color prejudice, Negroes are forced into ghettos, are segregated in the schools in the larger cities by the ghettoizing of Negro housing; Puerto Ricans, Cubans and other Latin Americans are included in the general resistance to color equality.

This is probably the most serious domestic problem that faces the American people. It is an emotional response to a condition and therefore other human values do not apply.

Both sides tend to misinterpret the responses of the other: Negroes are told that all whites, out of a sense of superiority, despise them, which, of course, is not true; whites are told that all Negroes want to marry or seduce white girls which is obviously untrue in the statistics of the country.

If only the politicians and professional agitators on both sides could be taken out of this situation, it is more than likely that a way could be found out of the current dilemma which is doing infinite harm to the United States, particularly in view of our current troubles in the Arabian countries. It makes for excellent propaganda gainst the United States.

Nevertheless, wisdom counsels slow action. The Negro came to the United States as slaves, purchased, kidnapped, shanghaied and sold as chattel. Some were treated kindly, some were treated with unspeakable brutality. The South is economically in a better condition in 1957 than it was in 1860; slave labor drove the Southern planters into debt; free labor has made the South increasingly rich, until today it is becoming more and more important as a prime industrial center of the United States.

Nobody in this country, not even the most violently anti-Negro groups, is advocating a reversion to former conditions, but in the Southern states there are elements who deeply fear the "mulattoizing" of the United States through social relations among the various races of man that compose the American population.

It is this concept which is behind all the troubles that face both North and South in the integration of the schools.

Unfortunately the bitterness this year will not die when the present fracases are over. They leave lasting emotions, vengeful, retaliatory emotions on both sides. The worst of it all is that a new breed of politicians is appearing who make a business of stirring trouble over the Negro question.

As usual the previous record of some of these politicians is none too good; occasionally one finds Communist affiliations in a prior opportunism. There is always more to be made out of disturbing the peace than in trying to find peaceful, quiet means for human beings living together in cooperation, each according to his own beliefs and human relationships.

How deeply this situation affects people appears in the petition of some Louisianans against Archbishop Rummel of New Orleans. These Catholics appealed to the Pope. Surely, they must have known that the Vatican could not over-ride a Bishop in a matter of this sort.

Furthermore, the Roman Catholic Church includes many races. There are Negro bishops and Chinese bishops and even St. Augustine was born in Tagaste, which is in North Africa, where nobody could claim a North European ancestry. He was brought up in Carthage.

Among the strongest figures in the early church were Paul, Jew, and Augustine, a North African, certainly of a dark skin.

It was, then, not to have been expected that the Pope would oppose Archbishop Runnel on integration; yet so profound were the emotions of the petitioners that they took a most unusual action, surely anticipating no favorable reply.

Time alone can cure. This problem will not be solved in the year 1957 and men of good will not force the issue.

Nothing good can come of force and violence.

Fire Prevention Week Slated for Oct. 6-13

COLUMBUS (AP) — Gov. C. William O'Neill has proclaimed the week of Oct. 6-13 as Fire Prevention Week in Ohio. He urged all citizens and organizations to actively support their local fire departments in promotion of educational programs and activities in fire prevention.

35-Cent Part Finally Costs Driver $1,700

BLYTHEVILLE, Ark. (AP) — A Blytheville man drove his car into a garage to get a 35-cent auto part and ended up with a repair bill for $1,700.

Fletcher Womack said he was backing into the garage Tuesday when he reached for the hand brake but somehow contacted the accelerator. The car lurched back and knocked a huge hole in a brick wall.

The crumbling wall caused a large overhead door to fall on Womack's car, the impact of the falling door somehow jarred the car's automatic transmission into a forward gear, and the vehicle plowed into another automobile.

Womack was lucky. He escaped injury—and he also had insurance.

But he left without getting the 35-cent part he intended to buy.

Canned vitamin talk

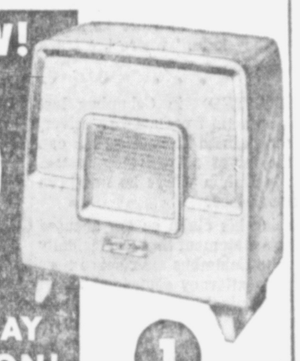

Any day now a door-to-door peddler may ring your bell and try to sell you some vitamins or nutritional supplements. He will be very convincing because he's a trained salesman. But keep this in mind. It is quite unlikely that your physician would ever prescribe his product. No matter what the peddler says, chances are, he lacks professional knowledge of what he's selling. So, if you need vitamin preparations (your physician is the best judge) get them from a registered pharmacist. Then you know what you're getting and you get your money's worth every time.

A "Right To Work" Law Urged For Ohio

There has been quite an amount of comment caused by a move on the part of a Cincinnati union member's effort to push a campaign for an Ohio "right to work" law.

This is one of those questions long discussed and has resulted in 18 states in this nation passing such laws.

S. D. Cadwallader, chairman of the board of the National Right to Work Committee, recently wrote to members of the present Ohio General Assembly at their homes.

His letter said: "As an Ohioan, I have been under considerable urging from many wage earners to propose that our own state consider "right to work" legislation now on the statute books in 18 other American States."

Cadwallader explained that he was writing at the request of numerous Ohio workers and sending two enclosures. They were a pamphlet on "The Right to Work," and a recent publication of the Indiana Right to Work Committee entitled, "Answers to Your Questions About Indiana's Right to Work Law."

Cadwallader said that his contacts in Ohio indicate that Indiana's new right to work law has "stimulated wide interest in Ohio."

Emphasizing the activity of union workers in the National Committee which he heads, Cadwallader said, "any workers, both union and non-union from all sections of the nation, are supporting the committee. Men who are active members of unions and some who have been expelled from unions because of their work in this cause have taken leadership in this organization."

Cadwallader himself was expelled from the Brotherhood of Railroad Trainmen because he opposed compulsory union membership. He is a conductor of the Baltimore & Ohio Railroad and a member of two other railroad unions, the United Railroad Operating Crafts and the Order of Railway Conductors.

He is a vice president of his Conductors local and has lived in Ohio 17 years.

Telling about the National Right to Work Committee's fight for the principle that Americans must have the right but not be compelled to join labor unions to hold their jobs, Cadwallader said.

"We are engaged in an educational program on the national level and at the same time working with and assisting state groups to bring about a broad understanding of the issue. Much misunderstanding has been created intentionally to distort and confuse the people as to the real meaning of 'right to work.'"

TV College for Animals Busy

By Hal Boyle

NEW YORK (AP)—"Animals are easier to deal with than people because they are more predictable," said Fred Birkner, who operates a television school for our furred and feathered friends.

A video college for animals and birds? Yes, indeed, and pray why not. If a politician or a movie star feels he needs a few lessons before going on TV, why shouldn't a horse, a boa constrictor or a parakeet?

At his Chateau Theatrical Animals' School on West 48th Street, Birkner conditions his winged and four-footed scholars to the sights and sounds of a television studio.

"This is to remove their nervousness," he explained.

A donkey sits patiently listening to a record playing canned laughter and applause. A horse is led around to get him accustomed to TV cables writhing about the floor. A monkey stares inquisitively as a dummy camera is wheeled up to his face for a closeup. Clem, a trained lamb, learns to stand patiently at ease under bright hot lights.

"The one sound we don't have to condition them to is jeers," said Birkner. "I have never known people to boo an animal actor."

Birkner, now 37, has spent his life with animals ever since he ran away from home in Vienna at 16 to become a circus lion tamer. In addition to training animals for television, modeling, or Broadway show chores, he acts as an agent and boasts he can supply anything from a flea to an elephant for private parties or lodge picnics.

He also has given riding lessons to Grace Kelly, Rita Gam and Marlon Brando. He was called in four years ago to give a few tips on horse and buggy driving to a onetime farm boy, President Eisenhower.

"Animals are often smarter than people," he said, "but each an individual, and has to be taught as an individual.

"A dog can be conditioned for a show in half an hour. But birds are very nervous. It took me a week to train a South American lark to appear in a color film and all it had to do was sit on a perch.

"The cat is the hardest domestic animal to teach, not because it is unintelligent, but because it doesn't like being dominated and told to do something on cue. Insects, of course, are the worst of all except fleas."

"In my experience," remarked Birkner, "few animals are bad actors. They are natural hams, however, and all they need is a little training — then they start acting like human stars."

His top actor is Mohammed, a white horse who has been in the profession for more than 15 years and is currently appearing with Ethel Merman in "Happy Hunting." He has even learned in television appearances to turn and look for the red light of the camera—and give it his better profile.

Animals do just about a well financially, if not better, than two-legged actors. A cat or mouse gets $35 for a walk-on part, a boa gets $35 for a walk-on part, a boa constrictor up to $450 for a creep-on role.

Race Problem Will Take Time

By George Sokolsky

It is now 92 years since the end of the War Between the States, but the essential problems remain that were dealt with in the 13th, 14th and 15th amendments to the Constitution, namely states rights with regard to local questions and attitudes; political equality between whites and Negroes; and the concomitant Negro aspirations for social equality.

These are the issues and it only confirms the truism that it is impossible to legislate emotional questions. Even in the north, where there is supposed to be no color prejudice, Negroes are forced into ghettos, are segregated in the schools in the larger cities by the ghettoizing of Negro housing; Puerto Ricans, Cubans and other Latin Americans are included in the general resistance to color equality.

This is probably the most serious domestic problem that faces the American people. It is an emotional response to a condition and therefore other human values do not apply.

Both sides tend to misinterpret the responses of the other: Negroes are told that all whites, out of a sense of superiority, despise them, which, of course, is not true; whites are told that all Negroes want to marry or seduce white girls which is obviously untrue in the statistics of the country.

If only the politicians and professional agitators on both sides could be taken out of this situation, it is more than likely that a way could be found out of the current dilemma which is doing infinite harm to the United States, particularly in view of our current troubles in the Arabian countries. It makes for excellent propaganda gainst the United States.

Nevertheless, wisdom counsels slow action. The Negro came to the United States as slaves, purchased, kidnapped, shanghaied and sold as chattel. Some were treated kindly; some were treated with unspeakable brutality. The South is economically in a better condition in 1957 than it was in 1860; slave labor drove the Southern planters into debt; free labor has made the South increasingly rich, until today it is becoming more and more important as a prime industrial center of the United States.

Nobody in this country, not even the most violently anti-Negro groups, is advocating a reversion to former conditions, but in the Southern states there are elements who deeply fear the "mulattoizing" of the United States through social relations among the various races of man that compose the American population.

It is this concept which is behind all the troubles that face both North and South in the integration of the schools.

Unfortunately the bitterness this year will not die when the present fracases are over. They leave lasting emotions, vengeful, retaliatory emotions on both sides. The worst of it all is that a new breed of politicians is appearing who make a business of stirring trouble over the Negro question.

As usual the previous record of some of these politicians is none too good; occasionally one finds Communist affiliations in a prior opportunism. There is always more to be made out of disturbing the peace than in trying to find peaceful, quiet means for human beings living together in cooperation, each according to his own beliefs and human relationships.

How deeply this situation affects people appears in the petition of some Louisianans against Archbishop Rummel of New Orleans. These Catholics appealed to the Pope. Surely, they must have known that the Vatican could not over-ride a Bishop in a matter of this sort.

Furthermore, the Roman Catholic Church includes many races. There are Negro bishops and Chinese bishops and even St. Augustine was born in Tagaste, which is in North Africa, where nobody could claim a North European ancestry. He was brought up in Carthage.

Among the strongest figures in the early church were Paul, Jew, and Augustine, a North African, certainly of a dark skin.

It was, then, not to have been expected that the Pope would oppose Archbishop Runnel on integration; yet so profound were the emotions of the petitioners that they took a most unusual action, surely anticipating no favorable reply.

Time alone can cure. This problem will not be solved in the year 1957 and men of good will must not force the issue.

Nothing good can come of force and violence.

35-Cent Part Finally Costs Driver $1,700

BLYTHEVILLE, Ark. (AP) — A Blytheville man drove his car into a garage to get a 35-cent auto part and ended up with a repair bill for $1,700.

Fletcher Womack said he was backing into the garage Tuesday when he reached for the hand brake but somehow contacted the accelerator. The car lurched back and knocked a huge hole in a brick wall.

The crumbling wall caused a large overhead door to fall on Womack's car, the impact of the falling door somehow jarred the car's automatic transmission into a forward gear, and the vehicle plowed into another automobile.

Womack was lucky. He escaped injury—and he also had insurance.

But he left without getting the 35-cent part he intended to buy.

Simple Sound Tests To Give Your Child

By HERMAN N. BUNDESEN

Hearing difficulties in an infant may be indicated if he consistently pays no attention to the tinkling of a spoon being tapped against his feeding bottle, the sound of his name being spoken, or to everyday street noises such as fire sirens, auto backfiring and barking dogs.

In older children in the school-age and preschool-age brackets, there are various simple tests you can conduct right in your own home to determine to some extent whether your youngster has any trouble with his hearing.

Clicking two coins together, using the ticking of a watch, whispering, or speaking in normal tones might give you some indication of the degree of difficulty with hearing.

First, test these various sounds on a person with normal hearing ability. Then, try them on your child. If he can hear these sounds at only one-third the distance a child with normal hearing can, it might be an indication that his hearing loss is significant.

If, however, he hears it at half the distance, the loss of hearing probably is not significant. But this doens't mean you can forget about it.

Quite the contrary, if any loss of hearing is even suspected, a hearing specialist should be consulted right away. In a great many cases, medical treatment following early discovery of hearing loss will clear up the difficulty entirely.

Another test for older children is the number test.

Have the youngster stand some distance from you with the left side of his head toward you. He should cover his right ear with the palm of his hand. Then have him repeat numbers after you. Next, with his right ear turned toward you and his left ear covered, repeat the procedure.

This should give you some indication whether his hearing ability is the same in both ears.

All such tests, however, are makeshift and serve only to bring to light a suspicion of hearing trouble.

Once you suspect difficulty, have the child examined by a competent medical man. By using such instruments as an audiometer, he can measure precisely how much hearing is lost and how much remains at various tone levels.

You know how dangerous it can be to ignore appendicitis. Don't ignore signs of hearing difficulties, either. Deafness might be the result.

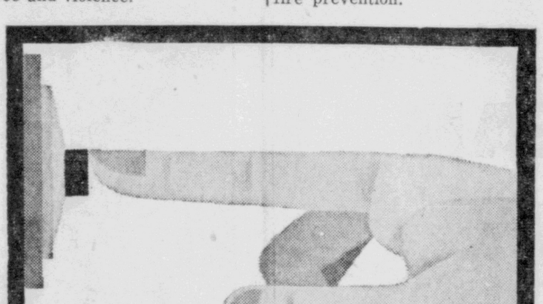

QUESTION AND ANSWER

J. A.: Is vitamin B12 of help in treating osteoarthritis?

Answer: Recently it has been shown that, when it is properly used, vitamin B12 in large doses does help certain cases of osteoarthritis.

Fire Prevention Week Slated for Oct. 6-13

COLUMBUS (AP) — Gov. C. William O'Neill has proclaimed the week of Oct. 6-13 as Fire Prevention Week in Ohio. He urged all citizens and organizations to actively support their local fire departments in promotion of educational programs and activities in fire prevention.

Canned vitamin talk

Any day now a door-to-door peddler may ring your bell and try to sell you some vitamins or nutritional supplements. He will be very convincing because he's a trained salesman. But keep this in mind. It is quite unlikely that your physician would ever prescribe his product. No matter what the peddler says, chances are, he lacks professional knowledge of what he's selling. So, if you need vitamin preparations (your physician is the best judge) get them from a registered pharmacist. Then you know what you're getting and you get your money's worth every time.

You're Telling Me

By WILLIAM RITT

Bidding for that Brooklyn baseball club franchise has soared to $7,500,000. In the financial league it would seem the Dodgers' batting averages is just slightly terrific.

Cuba's one nation that's really all shook up. A revolution — and then an earthquake.

A tiny South Dakota Shetland pony has reached the remarkable age of 35. Just a case of a little going a long way?

An easterner claims his dog dearly loves to eat fallen tree leaves. Zadok Dumkopf, who has become slightly rake - happy, wants to put in a bid right now for one of that pooch's next litter of pups.

The most popular after - dinner speaker, opines Grandpappy Jenkins, is the one who failed to show up for the banquet.

Architecture has been called "frozen music"—but the sound of rain dripping through a leaky roof certainly is no lullaby.

Horse track betting is reaching all - time records. Could this be because, in these days of soaring prices, the price of a two-buck bet is still two bucks?

U. S. Population Hits 171½ Million, Report

WASHINGTON (AP)—The population of the United States passed 171½ million last Aug. 1, the Census Bureau estimates.

That represents an increase of 20,378,000, or about 13½ per cent, since the census of April 1, 1950, and an increase of about three million over the 1956 estimate.

The Census Bureau estimates include armed forces members overseas.

AUCTION!
NETTIE LEIB FARMS
MONDAY, SEPTEMBER 30,

HIGHLAND COUNTY FARM
SELLS AT 1:30 P. M. ON THE PREMISES

Approximately 211 acres in Paint Township on State Route 138, approximately 10 miles northeast of Hillsboro, 8 miles southwest of Greenfield. Farm will be offered in two tracts and then as a whole and will sell to the highest bidder or bidders.

Tract northwest of Route 138 has approximately 127 acres of which 67 acres are tillable, seven room two story frame house semi-modern, barn, double corn crib, cement block garage, granary, scales, lot and loading chute, buildings in good repair, fences exceptionally good, adequate springs, well tiled.

Tract southeast of Route 138 has approximately 84 acres, of which 60 acres are tillable, four room tenant house and large barn, Fall Creek traverses land, plenty of water for stock, well fenced and tiled.

Pasture land and woods on both tracts.

Both tracts appraised at $27,300.00.

LYNDON TRACT
SELLS AT 3:00 P. M. ON THE PREMISES

Approximately 12 acres, Buckskin Township, Ross County, on north side of State Route 28 just west of Lyndon, two-story brick house, chicken house, good well and cistern, water inside house, rented for $20.00 monthly, (house only), eight to nine acres tillable and available for crops. Possession as soon as corn crop harvested.

Appraised at $4,000.00.

ROSS COUNTY FARM
SELLS AT 4:00 P. M. ON THE PREMISES

Approximately 139 acres in Buckskin Township, north of Route 28 just east of Lyndon, 126 acres tillable, good bottom land, well watered by Buckskin Creek, two branches of which come together on farm, well fenced and tiled. One and one half story frame, shingled, semi-modern house, barn, double corn crib, cow barn, scales, lot and loading chute, windmill with power pump available.

Appraised at $27,800.00.

Inspection permitted anytime prior to sale.

Terms: Check for ten percent on day of sale, balance upon delivery of deed within two weeks. The three tracts sold subject to 1957 real estate taxes with possession on or before March 1, 1958, but with fall seeding privileges.

Try and Stop Me

By BENNETT CERF

SENATOR SAM ERVIN, of North Carolina, tells of a constituent back in the hill country who decided he needed a divorce from his wife. He conceded freely that she was a fine figure of a woman, a great cook, and a model mother. "But she drives me crazy, talkin' all the time," he added. "What does she talk about?" prodded his lawyer. "There's the real trouble," grumbled the client. "She never says."

* * *

Jonathan Winters vows he spotted one drive-in-theater in Texas where the screen was so big they were showing both features at the same time. He also watched three kiddies at play in the patio of a fabulous hotel. A little girl decreed, "Now we're going to play house. I'll be the mommy; Johnny, the daddy; and Chris, the divorce lawyer."

Ohio Grandma Says She Is Done Hiking

MT. KATAHDIN, Maine (AP)—Mrs. Emma Gatewood, doughty great grandmother who has twice hiked the full length of the Appalachian Trail, says she at long last has had enough of long hikes and high mountains like Katahdin.

"Getting' too old," she laughed after returning from the summit of mile-high Katahdin Monday. "There were places where I had to pull myself over sheer rocks, and I'm afraid I'll get to the age where I won't be able to do that anymore."

Fear comes late in life for grandma Gatewood. She'll be 70 next month.

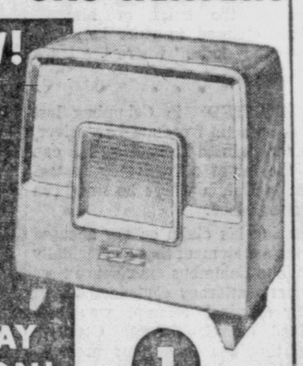

Mrs. Gatewood, who has 11 grandchildren and five great grandchildren back in Gallipolis, Ohio, left Mt. Oglethorpe, Ga., the southern end of the trail, on April 22. She first hiked the scenic trail in 1955, and she topped it off by scaling Mt. Katahdin, just as she did Monday.

"It's the same old rock," she said. "It was no tougher this time than it was in 1955. I must have fallen a dozen times, but I picked myself up and kept goin' like a young 'un."

Social Happenings

Wesleyan Guild Holds Meeting

The Wesleyan Service Guild held its September meeting in Fellowship Hall of Grace Methodist Church Monday night with the president, Miss Edith Wilson, in charge.

Mrs. Edythe Craig, spiritual life leader, conducted the devotions. An interesting report was given by Mrs. Ed Fite on the WSCS activities and some of its plans for the coming year.

Mrs. Wilson reported on the program presented at the Guild Weekend, which was held at Sabina Methodist Campground this summer.

It was decided to change the time of meeting from 8 to 7:30 p. m. during the winter months.

Miss Gretchen Darlington presented Mrs. Dana Haines, who was in charge of the program for the evening. She used as here theme, "March of Missions."

Hostess committee for the evening was Mrs. W. A. Creamer, chairman; Miss Norma Dodd, Miss Helen Glascock Miss Florence Hidy, Mrs. Smith Mace, Mrs. M. C. Parrett and Mrs. Ruth Rider.

* * *

Regular Meeting Held by Class

The Wesley Adult Class of the White Oak Grove Church held its regular monthly meeting in the church basement Thursday evening.

The meeting was opened by the president, Lawrence Waddell. The devotions were in charge of Mrs. Eugene Eyre and plans for expansion of the church basement were discussed.

The final arrangements for serving lunch at El-Ray Hereford Farm were made.

The chicken supper sponsored by the WSCS was discussed and plans were made to assist with the supper which will be held Sept. 25.

The meeting was attended by 16 members. The Rev. and Mrs. A. F. Pinnell were guests.

The meeting closed with prayer by the Rev. Mr. Pinnel. and refreshments were served by the committee in charge, Mr. and Mrs. George Renick and Mr. and Mrs. Lawrence Waddell.

Mother's Circle Meets With Mrs. Hagerty

Mother's Circle, which was organized 40 years ago, met for the first meeting of the year Monday evening at the home of Mrs. Jack Hagerty, with 33 members and one associate member present.

The meeting was conducted by the president, Mrs. Richard R. Willis, Jr., who opened the meeting with a reading on the history of the organization. She also gave a report on the budget for the year.

It was decided to make a contribution to the Fayette County Council for Retarded Children's fund and a contribution of infants for distribution by the Health Department.

Mrs. Robert Green, chairman of the finance committee, gave a report on the projects, which had been studied by the committee for adoption by the circle. After a lengthy discussion by members the following projects were voted upon and approved. A secret auction, a friendship tea and a course of ballroom dancing lessons, which will be open to the public.

At the close of the meeting, members were invited to the dining room where a beautifully appointed tea table, centered with bronze and gold chrysanthemums, had been prepared by the hostesses, Mrs. Donald Swaim, chairman, Mrs. William Heinz, Mrs. Marvin H. Roszmann and Mrs. James Rose.

Wesleyan Guild Holds Meeting

The Wesleyan Service Guild held its September meeting in Fellowship Hall of Grace Methodist Church Monday night with the president, Miss Edith Wilson, in charge.

Mrs. Edythe Craig, spiritual life leader, conducted the devotions. An interesting report was given by Mrs. Ed Fite on the WSCS activities and some of its plans for the coming year.

Mrs. Wilson reported on the program presented at the Guild Weekend, which was held at Sabina Methodist Campground this summer.

It was decided to change the time of meeting from 8 to 7:30 p. m. during the winter months.

Miss Gretchen Darlington presented Mrs. Dana Haines, who was in charge of the program for the evening. She used as here theme, "March of Missions."

Hostess committee for the evening was Mrs. W. A. Creamer, chairman; Miss Norma Dodd, Miss Helen Glascock, Miss Florence Hidy, Mrs. Smith Mace, Mrs. M. C. Parrett and Mrs. Ruth Rider.

* * *

Regular Meeting Held by Class

The Wesley Adult Class of the White Oak Grove Church held its regular monthly meeting in the church basement Thursday evening.

The meeting was opened by the president, Lawrence Waddell. The devotions were in charge of Mrs. Eugene Eyre and plans for expansion of the church basement were discussed.

The final arrangements for serving lunch at El-Ray Hereford Farm were made.

The chicken supper sponsored by the WSCS was discussed and plans were made to assist with the supper which will be held Sept. 25.

The meeting was attended by 16 members. The Rev. and Mrs. A. F. Pinnell were guests.

The meeting closed with prayer by the Rev. Mr. Pinnell and refreshments were served by the committee in charge, Mr. and Mrs. George Renick and Mr. and Mrs. Lawrence Waddell.

Mother's Circle Meets With Mrs. Hagerty

Mother's Circle, which was organized 40 years ago, met for the first meeting of the year Monday evening at the home of Mrs. Jack Hagerty, with 33 members and one associate member present.

The meeting was conducted by the president, Mrs. Richard R. Willis, Jr., who opened the meeting with a reading on the history of the organization. She also gave a report on the budget for the year.

It was decided to make a contribution to the Fayette County Council for Retarded Children's fund and a contribution of infants for distribution by the Health Department.

Mrs. Robert Green, chairman of the finance committee, gave a report on the projects, which had been studied by the committee for adoption by the circle. After a lengthy discussion by members the following projects were voted upon and approved. A secret auction, a friendship tea and a course of ballroom dancing lessons, which will be open to the public.

At the close of the meeting, members were invited to the dining room where a beautifully appointed tea table, centered with bronze and gold chrysanthemums, had been prepared by the hostesses, Mrs. Donald Swaim, chairman, Mrs. William Heinz, Mrs. Marvin H. Roszmann and Mrs. James Rose.

U. S. Industrial World Under Close Watch

Production Stalled On Dead Center; Cause, Background Detailed

By SAM DAWSON

NEW YORK (AP)—With industrial production stuck on dead center the financial and business world warily watches today for a move one way or the other.

Blamed are the more cautious buying of consumers in the face of an abundance of goods and the drop in stock market prices which makes industry nervous.

True, retail sales run ahead of last year, thanks to high levels of employment and personal income — but due also to higher prices accounting for much of the gain in dollar volume total.

The consumers, although saving more than last year, are spending at least part of their increase in incomes in the stores and for services. They just aren't spending enough of it on industrial products to get factory output to rising again.

The Federal Reserve Board notes that what gain there was in manufacturing during August was due mostly to increased production in the auto industry, a usual thing as it stocks up before changing over to the new models.

The changeover period is starting, and auto output will be slow for awhile.

The increase in bank loans to business this month over August is about one fourth what it was last year—seen as an indication of business caution.

The nervousness of industry over these signs of a slow start for fall business is shown in the reports that plans for plant expansion are being rechecked.

Many companies are completing the ambitious programs they launched sometime back and feel they have enough capacity to meet immediate demands and those of the near future.

Others still wanting to build or modernize plants are struggling with all the problems of tight money and some are putting off decisions for awhile to await developments.

The Federal Reserve Board puts industrial output for August at 144 per cent of the 1947-49 base level. This was the same as in June and July and one percentage point above the year ago level. The high point was 147 per cent, set last December.

Many in industry had been counting upon July being the low point because of vacations and other seasonal factors. They had hoped for the upturn to start in August. It may still blossom in October when the auto industry will be getting into full production on its new models.

Total retail trade last month was running 7 per cent above the year before figure. It has had a nice boost this month from the back to school buying. Its real test will come around Thanksgiving when the Christmas shipping period gets going.

The real question still remains: whether the higher prices planned for many finished products this fall can be made to stick at the retail level.

Bethlehem Steel To Spend $358 Million if Merger OKd

NEW YORK (AP) — The Bethlehem Steel Corp. says it is ready to spend 358 million dollars on an expansion program if it is allowed to merge with the Youngstown Sheet and Tube Co.

The government is seeking to block the proposed merger of Bethlehem, the nation's second largest steel product, and Youngstown, the fifth largest. U. S. Steel Corp. is the largest.

Bethlehem's plans were revealed as it and Youngstown filed affidavits in Federal District Court Monday formally opposing the government's efforts to block the proposed merger.

The merger — involving assets that exceeded $2,710,607,000 at the beginning of this year—would be one of the largest in corporate history.

The Department of Justice, which has been opposing the merger plans for nearly three years, contends merger would tend to lessen competition and thereby violate the antitrust laws.

The papers filed Monday with Judge Edward Weinfeld were the companies' answer to a motion made by government counsel last June. At that time the Department of Justice moved for a summary judgement — a proceeding under which a court may rule on an injunction petition without the prolonged formalities of a trial.

The affidavits said Bethlehem plans to spend 358 million dollars in expending Youngstown's plants in Chicago and Youngstown, Ohio, if the merger is approved.

Of this sum, about 268 million would be spent in Chicago, to raise ingot capacity two million tons and build new finishing mills for structural steel and steel plates. The two companies said this would enable the merged firm to "provide consumers in the mid-continent area with a new and important source of supply of heavy structurals and plates, which for many years have been in short supply."

At Youngstown, Bethlehem proposes to spend about 90 million dollars to increase capacity by 600,000 ingot tons and provide additional finishing capacity for hot-rolled and cold-rolled sheets.

Mrs. George Worrell Acting Manager Of Pension Office

Mrs. George Worrell will continue as acting manager of the Fayette County office of the Division of Aid for the Aged, not the Welfare Department as was reported erroneously in yesterday's Record-Herald, until the manager, Mrs. Warner Straley, returns.

Mrs. Straley is now in Memorial Hospital, where she underwent surgery two weeks ago. Mrs. Straley said it may be some time before she returns to the office, 108 W. Market St., after she is released from the hospital.

Mrs. Worrell, who has been Mrs. Straley's assistant, is familiar with the work.

'Roulette' Is Accident

CLEVELAND (AP) — Patrolman Howard Rickert, 36, who shot himself in the head playing Russian roulette with three bullets in a six-shot police revolver, died accidentally, Coroner Samuel R. Gerber ruled Tuesday night.

The Nation Today

By ED CREAGH
For James Marlow
Associated Press News Analyst

WASHINGTON (AP)—"Give me the making of the songs of a nation," a wise man once said, "and I care not who makes its laws."

(Andrew Fletcher, 1655-1716, in case you happen to be caught on a quiz program.)

What he seems to have meant is that the songs people sing tell more about them than all the laws on the statute books.

Fletcher lived before the juke box age, lucky fellow. Wonder what he'd make of the American people if he were exposed to today's popular songs?

The "top 10," according to the amusement industry weekly Variety, are in order of popularity:

"Tammy," "Diana," "Around the World," "Fascination," "Gonna Sit Right Down and Write Myself a Letter," "Honeycomb," "Rainbow," "White Silver Sands," "It's Not for Me to Say," "In the Middle of an Island."

This writer ran out of dimes before investigating all of these, but there does seem to be a trend:

If it's true that songs mirror the souls of people better than laws do, then Americans are more interested in love and foreign travel than in, say, civil rights or the other issues that furrow the brows of our legislators.

This will come as no surprise to Tin Pan Alley. Maybe Congress suspects it from time to time too. The members keep it pretty quiet if they do though. They tend to keep the beat at funeral tempo. No rock 'n' roll for Capitol Hill.

Getting back to the top 10, now: "Tammy," a catchy tune, seems to be concerned with young love, and who's against that?

"Around the World?" Well, that's about a guy who wouldn't settle for the girl next door. He had to search all around the world, like a congressman on an expense account.

"Gonna Sit Right Down and Write Myself a Letter?" This is quite possible the silliest one since Tin Pan Alley was a country lane. The girl won't write to the boy so he writes to himself and forges her name. What a jerk.

Likewise: "It's Not for Me to Say." This clown can't say whether the girl loves him or not. It doesn't seem to have occurred to him to ask her. Or better yet tell her.

He could, of course, be the dreamer type, like the boy who writes himself letters. In which case he'd be right at home on that "Middle of An Island" record. With the monkeys and the palm trees. Honest, that's how the song goes. Another dime down the drain, in the interest of trying to understand 20th century America.

It's not quite as bad as it sounds, though. The "top 10" list is culled from the dimes and dollars fed into the juke boxes and record shops by teen-age girls, for the most part. And the teen-agers do not yet run the country. They simply run the parents who do run the country.

How now, Mr. Fletcher? Would you still rather write our songs than our laws?

A recent Japanese food fair in Manhattan featured one delectable if frightening dish-whole baby octopus in soy sauce.

'Too Many' Best Friends in Home

LOUISVILLE, Ky. (AP)—The dog is man's best friend. But, according to police, there comes a time when a man can have too many best friends.

Police said they caught nine dogs at the home of Richard P. Clark, 69. And estimated 24 got away.

Clark was arrested on a warrant charging he harbored unlicensed and uninoculated dogs.

Clark said only 13 were his. He didn't explain where the rest came from.

U. S. Industrial World Under Close Watch

Production Stalled On Dead Center; Cause, Background Detailed

By SAM DAWSON

NEW YORK (AP)—With industrial production stuck on dead center the financial and business world warily watches today for a move one way or the other.

Blamed are the more cautious buying of consumers in the face of an abundance of goods and the drop in stock market prices which makes industry nervous.

True, retail sales run ahead of last year, thanks to high levels of employment and personal income — but due also to higher prices accounting for much of the gain in dollar volume total.

The consumers, although saving more than last year, are spending at least part of their increase in incomes in the stores and for services. They just aren't spending enough of it on industrial products to get factory output to rising again.

The Federal Reserve Board notes that what gain there was in manufacturing during August was due mostly to increased production in the auto industry, a usual thing as it stocks up before changing over to the new models.

The changeover period is starting, and auto output will be slow for awhile.

The increase in bank loans to business this month over August is about one fourth what it was last year—seen as an indication of business caution.

The nervousness of industry over these signs of a slow start for fall business is shown in the reports that plans for plant expansion are being rechecked.

Many companies are completing the ambitious programs they launched sometime back and feel they have enough capacity to meet immediate demands and those of the near future.

Others still wanting to build or modernize plants are struggling with all the problems of tight money and some are putting off decisions for awhile to await developments.

The Federal Reserve Board puts industrial output for August at 144 per cent of the 1947-49 base level. This was the same as in June and July and one percentage point above the year ago level. The high point was 147 per cent, set last December.

Many in industry had been counting upon July being the low point because of vacations and other seasonal factors. They had hoped for the upturn to start in August. It may still blossom in October when the auto industry will be getting into full production on its new models.

Total retail trade last month was running 7 per cent above the year before figure. It has had a nice boost this month from the back to school buying. Its real test will come around Thanksgiving when the Christmas shipping period gets going.

The real question still remains: whether the higher prices planned for many finished products this fall can be made to stick at the retail level.

Bethlehem Steel To Spend $358 Million if Merger OKd

NEW YORK (AP) — The Bethlehem Steel Corp. says it is ready to spend 358 million dollars on an expansion program if it is allowed to merge with the Youngstown Sheet and Tube Co.

The government is seeking to block the proposed merger of Bethlehem, the nation's second largest steel product, and Youngstown, the fifth largest. U. S. Steel Corp. is the largest.

Bethlehem's plans were revealed as it and Youngstown filed affidavits in Federal District Court Monday formally opposing the government's efforts to block the proposed merger.

The merger — involving assets that exceeded $2,710,607,000 at the beginning of this year—would be one of the largest in corporate history.

The Department of Justice, which has been opposing the merger plans for nearly three years, contends merger would tend to lessen competition and thereby violate the antitrust laws.

The papers filed Monday with Judge Edward Weinfeld were the companies' answer to a motion made by government counsel last June. At that time the Department of Justice moved for a summary judgement — a proceeding under which a court may rule on an injunction petition without the prolonged formalities of a trial.

The affidavits said Bethlehem plans to spend 358 million dollars in expending Youngstown's plants in Chicago and Youngstown, Ohio, if the merger is approved.

Of this sum, about 268 million would be spent in Chicago, to raise ingot capacity two million tons and build new finishing mills for structural steel and steel plates. The two companies said this would enable the merged firm to "provide consumers in the mid-continent area with a new and important source of supply of heavy structurals and plates, which for many years have been in short supply."

At Youngstown, Bethlehem proposes to spend about 90 million dollars to increase capacity by 600,000 ingot tons and provide additional finishing capacity for hot-rolled and cold-rolled sheets.

Mrs. George Worrell Acting Manager Of Pension Office

Mrs. George Worrell will continue as acting manager of the Fayette County office of the Division of Aid for the Aged, not the Welfare Department as was reported erroneously in yesterday's Record-Herald, until the manager, Mrs. Warner Straley, returns.

Mrs. Straley is now in Memorial Hospital, where she underwent surgery two weeks ago. Mrs. Straley said it may be some time before she returns to the office, 108 W. Market St., after she is released from the hospital.

Mrs. Worrell, who has been Mrs. Straley's assistant, is familiar with the work.

'New' Television Season Arrives

Critic Finding Little Fresh Stuff on TV

By WILLIAM GLOVER
AP Radio-TV Critic

NEW YORK (AP) — Television's new program season is here—or is it? By most of the evidence screened thus far, things look about as they were last season . . . or the year before.

Since this time last week the networks have unveiled 23 items in continuing time slots. Of these only 4 make claim to being new, but even they are well within the established bounds of familiar formats.

The rest, from Perry Como to Art Linkletter, are taking down the shutters after the summer on time-tested stocks.

Of the 23, 16 are on film—which means audience reaction can't alter things for 13 weeks anyway until option time is up—and 1 "Lucy" is a straight-out rerun of yesterday's laughter.

This may be the year for Westerns but seven situation comedies went on exhibit against four oats-and-spurs items. One newcomer in each class appeared to have promising future.

In the comedy division, "Sally," premiered on NBC's Sunday agenda with its strong points the looks of Joan Caulfield and the comic skill of Marion Lorne.

Pitted against it, and adding to its luster by contrast, was another new humor sequence on CBS, "Bachelor Father."

In the spirit of public service, the ABC network provided another promising newcomer with "Look Here," in which Martin Agronsky plans to essay philosophical studies of his guests.

Akron Gasoline Dealers Tiring of Price War

AKRON (AP)—The Summit County Gasoline Dealers Assn. wants to end a price-cutting war that has driven prices down to as low as 23.9 cents a gallon for regular gasoline and 27.9 cents for premium. Earl Markle, executive secretary of the association, said Tuesday some dealers are making only six-tenths of a cent a gallon.

Celebrated U. S. Counterspy Once Duped by Press Agent

Editor's Note: Following is the last in a series of three articles about Boris Morros, Hollywood musical producer who recently was revealed to have been a U. S. counterspy against the Russians.

By BOB THOMAS

HOLLYWOOD (AP) — Here is the story of how Boris Morros, American agent who duped the Russians, was himself duped by another agent—a Hollywood press agent.

It happened in 1940, after the hustling film maker had made his first independent movie, "Second Chorus." Starring Fred Astaire, Paulette Goddard and Artie Shaw, it was supposed to be a musical extravaganza.

It was a turkey. A stinker.

The company which was releasing the picture was faced with the problem of selling it. What to do? None of the stars was willing to go on an exploitation tour. Why not send Morris?

A press agent who dealt with the out-of-town press—we'll call call him Joe Flack—was faced with the chore of paving the way for the proud producer of the turkey. Flack knew the nation's papers cared little about movie producers and less about Boris Morros, whoever he was.

So Flack decided to pique the editors' interest with a letter which read in part:

"One of these days, your door will be darkened by a happy little monster name of Boris Morros...

"He plunges, dives and charges after publicity in the manner that a salmon rushes — gashed and bleeding — upstream to spawn. If he doesn't find his name in the paper every day, he sits around sulking, muttering and tugging at an artificial forelock, his own head being as bald as an eagle's...

"Mr. Morros is a fantastic Russian with as humpty-dumpty an accent as ever tumbled from a swinging mouth. He is built like a bass drum, has no neck, and the back of his head is so straight he can slip off a collar without unbuttoning it. His shirts resemble aurora borealis struck by lightning; his neckties are tropical sunsets by a reckless artist...

"Anyway, he's going to be in your town Feb.— and my boss thinks he should be interviewed.

"You might keep the contents of this letter confidential. A public display of these words would serve only to puzzle Mr. Morros. He would, with one hand on his heart, declare: 'Morris is being crucified....'

The producer went out on his 30-day, 20-city tour tv lug "Second Chorus." When he returned, he dashed into Joe Flack's office. Joe recalls that he was carrying a roll of clippings "as big as a stovepipe."

"My frand!" Morris explained. "Luke at the clippins! everywhere I go, dey greet me wid open arms and write big stories. Your are marvelouse!"

Same office, two years later. Morros was toured with a new picture, "Tales of Manhattan." He enters Flack's office in a rage.

"You traitor! you schlemiel! you scheming rat!"

"What is the matter, Boris?"

"Dat ladder you wrote when I wend out with 'Second Chorus.' A noospapermar showed it to me in Detroidt. You louse!"

He carried on wildly until Flack reminded him "dat ladder" had resulted in a flood of press clippings. Morris pondered.

"Dot's right," he nodded. "Come—I tak you to lunch."

School Bomb Is Hoax

CHILLICOTHE (AP)—Students at Chillicothe High School returned to classes today after a warning that a bomb was planted in the building Tuesday proved to be a hoax. The warning came from an anonymous caller.

It would take about 200 Formosas to equal the land area of Australia.

DEBBIE'S LATEST--Debbie Reynolds takes the leading role in "Tammy and the Bachelor," which comes to the Fayette Theater here Sunday in CinemaScope and Technicolor. In the supporting cast of her latest picture are Leslie Neilsen and Walter Brennan.

Tom, Dick, Harry Get Judge's OK

MONTGOMERY, Ala. (AP) — A Montgomery real estate salesman got an assist from Circuit Judge Walter B. Jones to realize an old dream of having a "Tom," "Dick" and "Harry" in his family.

Jones granted a court order Tuesday to change the name of the 20-month-old son of Joffre D. Brantley Sr. from Joffre to Dick Brantley.

"I named my first boy "Tom," Brantley explained, "and when the second one was born someone talked me out of it. Then I named the last one Harry and decided to go back and change the middle one's name to Dick."

Fremont Driver Killed

FREMONT (AP)—Douglas Hansen, 29, of Fremont, was killed Tuesday when his car crashed into a tree as he tried to outrace a police cruiser.

Housewife's Cat Given Big Whirl

KNOXVILLE, Tenn. (AP) — Mrs. Chester Massey placed some towels in her clothes drier and went about her daily chores Tuesday.

A telephone next to the drier rang 10 minutes later and Mrs. Massey—well, let her tell it:

"The more I talked the more I realized something was wrong. I glanced at the drier and saw this white thing going around inside. I knew I hadn't put anything white in there—just brown towels.

"I opened the door and there was Mossie, my cat, inside."

She said the pet took five minutes to get its breath.

Christiaan Huygens, a 28-year-old Dutch scientist, patented the first accurate watch and clock in 1657.

Nevadans Want No 'Dry' Melodrama

CARSON CITY, Nev. (AP)—It was all or nothing for the Nevada Day committee planning the admission celebration at Carson City.

Chairman John Moroni had applied for use of the auditorium for staging a melodrama at which drinks would be served.

When city trustees refused permission for the liquor the whole project was dropped Tuesday. Moroni said a dry melodrama would violate tradition.

Fire Hits Warehouse

DAYTON (AP)—Fire of undetermined origin caused damage estimated at $6,000 Tuesday to a two-story brick warehouse of the Miami Builders Supply Co. here.

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2. by their soothing effect on bladder irritation. 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today!

CONSTIPATED?

New laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. *Second,* bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID's great *moisturizing* capacity, *plus* COLONAID's *stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

People . . . Places . . and Things

Round about Fayette County

By B. E. KELLEY

Fayette County like most of the western two-thirds of the state and various states as far west as the Rocky Mountains, is in an area where radio and TV reception are exceptionally good, as compared with eastern Ohio and other points where hills and mountains interfere with normal reception.

In pointing out where radio reception is best, Dr. William A. Albrecht, chairman of the Department of Soils at the University of Missouri, recently told me during a tour by Friends of the Land, that strangely enough good radio reception and good soil are closely allied, and he has compiled maps to show this to be a fact.

• • •

LITTLE PORKERS ARRIVE

Reports indicate the number of pigs in this county during the fall will be about normal, and already thousands of the little porkers have arrived. Other thousands will be farrowed during September and October.

Farmers are being encouraged to spread out arrival of so many pigs in the fall and spring, so that better prices may be obtained by having hogs ready for market at various times during the year instead of the big inrush of spring and fall farrowed pigs and a glutted market.

Many Fayette County farmers are now following this practice with indications that others will follow the plan as a step in the right direction to increase their farm income.

• • •

HE WAS WATCH TRADER

For many years (until some 30 years ago) a local resident who was known as a watch trader carried on his trading activities with anyone who was interested, and my information is that he knew all of the "tricks of the trade."

For instance he would take a brass watch case and polish it with chalk dust until it shone like gold, and if anyone pronounced it brass he would say "Yes, but it is the best grade of brass."

Sometimes when he got hold of a watch that would not run, he would hold the watch, open the back to show the balance wheel, and by pretending to be nervous "from a little too much to drink last night", he would contrive to shake the balance wheel into motion temporarily.

I am told that the man probably traded watches more often than any other so-called watch trader who ever followed the business and he managed to make money in his transactions, so invariably he was ahead.

However he never got over it when another watch trading "slicker" traded him a watch with face and hands intact, and when he finally got the back off the watch there was nothing inside of it.

FIRST INDUSTRY

When we see the extensive use for glass in every day life, and note the beauty of much of the glass now produced, we do not realize that glass making was the first industry in America.

It has been 349 years since the first glass was made in a makeshift furnace on the mainland across from Jamestown (Va.) Island.

It has not been many years since archaeologists, excavating in the Jamestown area, accidentally came upon the remnants of the old stone and clay glass furnaces, and one of the features of the Jamestown Festival now underway is a plant where glass is hand-blown, at the spot where the industry was born in America in 1608.

Recently I watched them blow glass bottles much the same as they did there 349 years ago.

When we see the beautiful creations in glass of the present day, we realize that it is the perfection that came after generations of artisans had worked in producing glass and made steady progress down through more than 300 years.

However some of the finest glass ever produced was made in this country, much of it in Ohio, 100 years and more ago, and at that time all of the work was done by hand. Today most of it is done by machine.

However handmade glass is still produced in much the same manner that it was 400 years ago, although the quality has been greatly improved through years of study and research.

Ohio-made glass today is selling throughout the world, and in almost any store of consequence in Canada, one may see quantities of glass produced by the Anchor Hocking Corp., in Lancaster, and by other Ohio concerns.

• • •

THIRTY YEARS AGO

Harry V. Smoot, Mt. Vernon, purchased a site from P. J. Burke, on S. Fayette St., to be cleared without delay for erecting new theater building.

The corn borer was believed to have reached Fayette County in its southward trend.

Schools were dismissed several days due to excessive heat, with peak temperature of 93 degrees.

Fish in Paint Creek were killed for miles south of city due to rains flushing the stream and carrying raw sewage down its course.

A. L. Rhodes and associates bought 80 acre tract north of Washington Ave. and west of the east Fork of Paint Creek for a new addition.

John Gregory, Springfield, announced plans to buy the Arcade block for new theater site, and that he had purchased the Palace Theater.

Lake Iron Ore Ships Far Ahead of 1956

CLEVELAND (AP)—Iron ore shipments on the Great Lakes during the week ended Monday totaled 2,801,417 tons compared with 3,182,818 tons during the corresponding week of last year, the American Iron Ore Assn. reports.

Shipments for the season total 63,791,478 tons compared with 48,121,062 at this time last season, but a strike by seamen on the ore carriers cut the August, 1956, tonnage far below normal.

Population of Guatamala in Central America is three and a quarter million.

EASING A TERRIFIC PANE

MANY STRONG HANDS, aided by powerful suction cups, are needed to ease a pane (one of the world's largest) into place on the facade of the new, all-granite-front C.I.T. corporation office building on Madison avenue in New York City. The slab of ½-inch-thick plate glass is 9 feet, 10 inches wide, 21¼ feet high and weighs 1,600 pounds. Twenty men were needed. *(International)*

Well, It Looked Terrible, Anyhow

HARTFORD, Conn. (AP) — "It must have been a terrible accident," a woman commented afterward. "I saw an awful lot of blood around there."

Actually, what the woman saw wasn't blood but 800 gallons of purple and yellow paint which spilled when a paint truck struck a toll booth on a bridge here.

Coed Ends Up With $64,000

NEW YORK (AP) — Joyce Myron is just an 18-year-old college girl with $64,000 today.

The whiz on atomic physics had to settle for that amount Tuesday night when she missed a question worth $128,000 on the CBS-TV show "The $64,000 Question."

Flemming Scheduled

WHITE PLAINS, N. Y. —Dr Arthur S. Flemming, president of Ohio Wesleyan University, will deliver the 1957 Fund for Adult Education lectures at Princeton University Nov. 19-21.

IT'S SO EASY TO PLACE A WANT AD.

Attorney General Opinions Soon To Be Indexed by Ohio

COLUMBUS (AP)—Atty. Gen. William Saxbe hopes to publish a legal "best seller" next year.

The publication will assemble in one book an index to opinions of Ohio attorneys general during the past half century.

Opinions are published annually in book form with each volume containing its own index. Some years produced two or three separate volumes, a complete set contains about 100 volumes.

Unless an attorney knows the year an opinion was issued he must search through indexes, volume by volume, Saxbe explained.

Such a process is time consuming and has led to neglect in consulting opinions that have the force of law, until courts rule on the questions. Saxbe gives the opinions, often called rulings, on legal questions raised by public officials. He is not authorized to issue opinions for others.

The last Legislature appropriated $85,000 to compile the index. Saxbe hired Willard D. Campbell, Columbus attorney, to prepare the material.

Campbell, former Guernsey County prosecutor, judge and state senator, headed the Bureau of Ohio Index Code Revision that streamlined Ohio's hodge podge of laws into an orderly system that even a layman can use. The monumental task took seven years. The Legislature adopted the revised code in 1953.

Cost and size of the index is undetermined. Ohio now charges $3 to $6 for single volumes of opinions. Some are out of print. The last general index was published about the turn of the century.

Officials estimate that only about 300 libraries and law offices have complete sets of opinions.

Three other states now have single volume indexes of their opinions. They are Pennylvania, Maryland and Oregon. The Oregon index runs 700 pages.

Campbell said the Ohio index will be keyed to the revised code for ready reference.

"When this index is published," Campbell said, "a layman can use it to find any opinion. No layman could hope to do that now."

He predicted that accessibility to opinions through the index will prevent considerable litigation that now arises because rulings by the attorney general are hard to find.

Saxbe's office has its own card index system. But officials said it lacks uniformity because it was compiled through various administrations. During the six years that Gov. C. William O'Neill was attorney general, he issued 7,632 opinions.

Campbell said the new index will have general headings such as "state government," "counties" and more than two dozen others found in the revised code. The index also will contain definitions, words and phrases and a section on the compatibility of various offices. He estimated that rulings on whether an office holder can hold certain other posts at the same time now comprise about one - fourth of attorney general opinions.)

Already at work on the index, Campbell is using law students on a part-time basis after special training for the work. Pay for the tedious task will net Campbell about $5,000, Saxbe said.

O'Neill Plans Parley With Party Leaders

COLUMBUS (AP) — Gov. C. William O'Neill plans to confer with Republican members of the Legislature this month to discuss implementation of the program enacted at the last session.

The governor invited Senate members of his party to the mansion on Sept. 24.

O'Neill said most of the laws enacted earlier this year will be in effect by the time the meetings are held.

IT'S SO EASY TO PLACE A WANT AD.

Judge Wiseman Named Appeals Bench Chief

COLUMBUS (AP)—Appellate Judge William C. Wiseman of Dayton was elected chief justice of appellate courts Tuesday.

Wiseman, of the Second District Court of Appeals, succeeds Fred J. Miller of Columbus as chief.

Judge Joy Seth Hurd of Cleveland in the Eighth District was elected secretary. He succeeds Judge Wiseman in the post.

Both Wiseman and Hurd will begin one-year terms Jan. 1.

Ike's Press Secretary Becomes Grandfather

NEWPORT, R. I. (AP)—James C. Hagerty, 48-year-old press secretary to President Eisenhower, is now a grandfather.

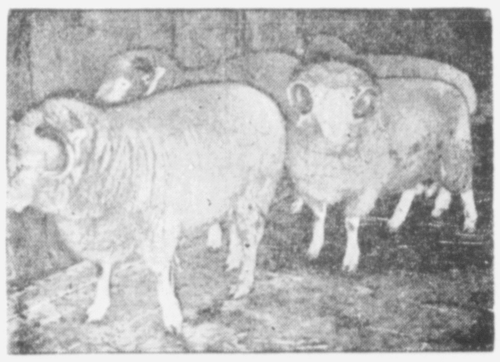

He reported his son and daughter-in-law, Marine Lt. and Mrs. Roger Hagerty, became the parents of an 8-pound, 5-ounce boy Tuesday. The baby was born at the U. S. Naval Hospital at Quantico, Va., where young Hagerty, 25, is stationed.

People . . . Places . . and Things

Round about Fayette County

By B. E. KELLEY

Fayette County like most of the western two-thirds of the state and various states as far west as the Rocky Mountains, is in an area where radio and TV reception are exceptionally good, as compared with eastern Ohio and other points where hills and mountains interfere with normal reception.

In pointing out where radio reception is best, Dr. William A. Albrecht, chairman of the Department of Soils at the University of Missouri, recently told me during a tour by Friends of the Land, that strangely enough good radio reception and good soil are closely allied, and he has compiled maps to show this to be a fact.

• • •

LITTLE PORKERS ARRIVE

Reports indicate the number of pigs in this county during the fall will be about normal, and already thousands of the little porkers have arrived. Other thousands will be farrowed during September and October.

Farmers are being encouraged to spread out arrival of so many pigs in the fall and spring, so that better prices may be obtained by having hogs ready for market at various times during the year instead of the big inrush of spring and fall farrowed pigs and a glutted market.

Many Fayette County farmers are now following this practice with indications that others will follow the plan as a step in the right direction to increase their farm income.

• • •

HE WAS WATCH TRADER

For many years (until some 30 years ago) a local resident who was known as a watch trader carried on his trading activities with anyone who was interested, and my information is that he knew all of the "tricks of the trade."

For instance he would take a brass watch case and polish it with chalk dust until it shone like gold, and if anyone pronounced it brass he would say "Yes, but it is the best grade of brass."

Sometimes when he got hold of a watch that would not run, he would hold the watch, open the back to show the balance wheel, and by pretending to be nervous "from a little too much to drink last night", he would contrive to shake the balance wheel into motion temporarily.

I am told that the man probably traded watches more often than any other so-called watch trader who ever followed the business and he managed to make money in his transactions, so invariably he was ahead.

However he never got over it when another watch trading "slicker" traded him a watch with face and hands intact, and when he finally got the back off the watch there was nothing inside of it.

Radical Changes Expected in 'Top 10' List

Ohio's High School Grid Machine Set For Annual Grind

COLUMBUS, Ohio (AP) — Ohio's scholastic grid campaign is off to a dazzling debut, with some radical changes due in the "top 10" although the clubs are just leaving the starting gate.

Three of the top 10 in The Associated Press final 1956 poll bit the dust in inaugural encounters, but the other seven skimmed along with impressive triumphs.

Cleveland East pulled the week's big upset by beating Mansfield's third-ranked Tygers 7-6. In the last two years Mansfield swamped the Clevelanders 52-6 and 41-6.

Canton McKinley's two - time state champions rolled over Cleveland Lincoln by 65 to 0, but Coach Wade Watts said he was dissatisfied with the Bulldog performance in the 21st straight conquest. Bob Kettlewell, a 155-pound junior, scored four touchdowns for McKinley.

Bobby Ferguson, who scored 31 touchdowns a year ago, was the big gun as ninth-ranked Troy wrecked Dayton Kiser by 69-7. It was Coach Lou Juillerat's 19th straight win with the Trojans, and Ferguson set the state's scoring pace with six touchdowns.

Fremont Ross, second to McKinley in the 1956 ratings, had no trouble winning its 21st in a row by 49-0 over Columbus Franklin Heights. Cleveland St. Ignatius, ranked fourth in 1956, was victimized 9-0 by Cathedral Latin, and seventh-ranked Lorain was beaten 27-14 by Toledo Libbey.

Youngstown Ursuline, fifth a year ago, launched another unbeaten season by whipping Youngstown Rayen 19-0, with Ron White getting all three touchdowns. Cleveland Benedictine, right behind Ursuline in the 1956 list, trounced Cleveland St. Edward 51-0.

Massillon, seven-time state king until McKinley took over in 1955, held Akron South to 38 yards rushing as the Tigers triumphed 33-0. The Tigers were eighth with an 8-2 mark a year ago.

East Liverpool, which wound up in 10th plac ewith a record matching Massillon's, got away to a 37-18 win over Berea, with George Hale scoring five touchdowns and an extra point for all but six of the total. Last year Hale scored three touchdowns in three different games. He launched the campaign with a 75-yard punt return in the first two minutes.

Wyoming ran up the weekend's big score by ruining Indian Hill 83-6. The victors scored three times in each of the first three periods and four times in the fourth.

Glenn (Tiger) Ellison, starting his 13th season at Middletown on Friday the 13th, saw his Middies whipped 14-0 by Dayton Fairmont. The Middies lost but one a year ago. Lou Florio, taking over the Hamilton helm from Chuck Thackara, sent the Big Blue to a neat 44-0 win over Cincinnati Taft.

Gil Smith, Van Wert's veteran coach, wrapped up his 30th in a row without defeat by 20-12 over Bryan.

Proudest player in the state was Wally Neel, 150-pound sophomore back for Steubenville's Big Red. The youngster, making his first high school start, carried the opening kickoff 90 yards for a touchdown against Columbus Central, sparking a 27-6 victory—the Big Red's first opening conquest since 1953.

Jim Woods, Tiltonsville's junior fullback, raced 24 yards with less than half a minute to go for the touchdown which defeated Dillonvale 19-13.

Woody Hayes Shies From Stiff Scrimmage

COLUMBUS (AP)—With Ohio State having a run of good luck in avoiding injuries, Coach Woody Hayes says he's reluctant to send his men into a full dress scrimmage. Just as much can be accomplished by a hard non-contact workout, he said.

Compared to Monday's performance, termed the "sorriest" of the season by Hayes, Tuesday's action was smooth.

Bill Kennedy Shines as Red Relief Hurler

CINCINNATI (AP)—Veteran hurler Bill Kennedy may be the standout reliefer that Manager Birdie Tebbetts needs for his Cincinnati Redlegs

Tebbetts called on Kennedy in the seventh inning Tuesday night to squelch a dangerous rally. The Reds went on to hammer out a 9-5 victory over the Pittsburgh Pirates that dropped the Bucs into the National League cellar.

Hershall Freeman was the Reds' ace fireman last season, winning 14 games and saving 17, but he has not had a similar record this year.

The Reds got as far as the seventh with starter Joe Nuxhall, but then the Bucs touched him for a run on two doubles.

Kennedy finally cut off the Pirate surge after two more runs.

The Reds busted free from a 2-2 tie with five runs in the sixth to take a commanding lead.

Pirate starter Bob Friend bore the brunt of the sixth inning outburst—four of the runs on a walk, two doubles around sacrifice fly and a home run by Bob Thurman, before retiring.

His successor, Eddie O'Brien, formerly of the Columbus Jets, gave up another homer, to George Crowe, before ending the inning.

Favorites at Beulah Win 25 of 59 Races

GROVE CITY — Although offtracks marred five of the first seven days of the current Beulah Park meeting, form has held up very well. Twenty-five favorites scored in the first 59 races, giving the choices a winning mark of 42.4 per cent.

Early attendance and mutuel figures show an average of 4,500 per day, an increase over the 4,400 for the first seven days last spring. In wagering, the average is $270,000 against $231,000 for the the same period.

Larrikin, winner of the Inaugural Handicap and Low Star, victorious in the Bexley Handicap, are among the headline performers expected to be in action this weekend when the $3,000 Groce City Handicap at a mile tops the program.

Supporting the Grove City on the Saturday card will be the $2,500 Upper Arlington Purse, a six furlongs dash designed 3-year-olds.

Navarette, owned by the Reynolds Brothers of Fort Worth Texas and trained by Clude Locklear, is the first nominee to the 10,000 Ohio Championship to be run Oct. 5.

The 4-year-old son of Destino-Miss Marietta has been campaigning well in New England and shapes up as a strong contender for honors in the race. Navarette was beaten only a head by switch Or in the Pelham at Rockingham Park and dropped a half length decision to Tournure in the Manchester Handicap there.

Second Game Won by Tigers

Warriors Now Out Of County Tourney

The Madison Mills Warriors are out of the Fayette County High School baseball tournament as the result of the 28 to 6 defeat handed them by the Mad Anthonys at Good Hope Tuesday afternoon.

In the other game, Jeffersonville's Tigers lived up to expectations by clawing Bloomingburg's Bulldogs for a 14 to 7 victory on the Jeffersonville lot. The victory, second of the double-elimination tourney, put the Tigers in the final.

The Bulldogs and Mad Anthonys, each with one defeat, will meet at Good Hope Thursday afternoon. After that game, one of the teams will be out of the running and the other will play the Tigers for the title.

* * *

THE MAD ANTHONYS unloaded a total of 23 hits, which they combined with 6 errors and some bases on balls, to accumulate 28 runs in their game with the Warriors.

The Good Hope boys, nearly half of whom were fresh out of a summer of Babe Ruth League play, just had too much experience for errorless ball in the field and clouted the ball when it counted most.

Gary Brown, Loy Overly and Don Strouth cracked out triples and Jay Bonecutter and Jerry Hoppes each came through with a double.

GOOD HOPE	AB	R	H	E
Newman lf	3	2	2	0
Strouth c	5	4	2	0
Brown 3b	4	4	3	0
Osborne p	2	5	2	0
Bonecutter 1b	6	3	4	0
Overly ss	6	2	3	0
Hoppes 2b	4	3	3	0
Kellenberger cf	5	2	1	0
Garringer rf	1	2	1	0
Jenkins rf	3	1	2	0

Belt 1b	2	0	0	1
Smith lf	3	0	0	1
J. Belt, cf	4	1	1	1
Conley, p	2	1	0	0
TOTALS	29	6	8	6

Madison Mills	0	0	1	1	0	0	4	6	8	6
Good Hope	4	9	2	3	9	1	x	28	23	0

* * *

WHILE THE Tigers were picked to defeat the Bulldogs, the game itself and the score both were something of a surprise.

The Tigers, who played errorless ball in their first tourney game, committed 4 miscues and the Bulldogs, who also had been putting up a fast and clean defense made 5 bobbles.

The Bulldogs tallied 6 runs in the fifth on one hit, 4 walks and 3 errors.

In their fat third inning, the Tigers scored 7 on 3 hits, 3 walks and 3 errors. However, they earned all 5 runs they scored in the fifth with 6 hits, including 3 doubles.

Players Shifted In Lion Workout

"This shifting of personnel to get better balance creates a lot of problems, not the least of which is confusion for the boys who have had no experience in the new positions," Coach Fred Domenico said after Tuesday evening's practice by the three-team WHS Lion football squad.

The Lions will meet the experienced Xenia Buccaneers here Friday night in their first home game of the season, and the coaching staff is trying to strengthen some of the weaknesses that showed up in the first game at Linden-McKinley last Friday night for their Garden Park debut. Lions lost, 20 to 0, at Linden principally because of inexperience and first-game jitters.

In the shuffling of players Tuesday evening, Aaron Foster was taken from center and shifted to end. Larry Milstead, who has rejoined the squad, also worked out there.

Jim Myers, a freshman who is showing promise, went in a center fo most of the offensive drill at the start of the session. Dick Welsh, the No. 1 center, is nursing a bad ankle as the result of an injury in the Linden game and may not be in shape for Friday night game.

While Domenico admitted the coaching staff had its problems, but he said in the same breath that "we are improving in some of the weak spots."

While the squad has the numbers to provide depth, lack of experience causes complications, Domenico said. And, in developing more depth at the tackles. Charles Pendergraft, 160-pound freshman, and Dick Morris, 180-pound sophomore have caught the eye of the Marvin Merritt, coach of tackles and ends.

Doug Rider, 180-pound senior, has been looking especially good at both end and center, Domenico said.

All in all, the defense is not giving the coaching staff as much concern as the offense.

That was one of the reasons the offense was first on the agenda for Tuesday's drill and will be stressed again Wednesday after the session gets underway with a brushing up of the defense.

Ted Williams Back On Bosox Lineup

BOSTON (AP)—Boston's Ted Williams, back in uniform despite lingering effects of a heavy chest cold, was a step closer today to becoming batting champion.

The 39-year-old slugger belted a pinch homer in his first appearance since Sept. 1 Tuesday night to help lift the Red Sox to a 9-8 victory over the Kansas City Athletics.

Ted's 34th homer, a 400-foot smash into the right field seats, boosted his average to .377 for a commanding 11-point lead over Mickey Mantle of New York.

Practice Tackle Gives Player Severe Injury

CLEVELAND (AP)—A 17-year-old freshman at John Carroll University suffered a severe brain contusion when he was tackled in football practice Tuesday.

William Heywood, a 5-8, 145-pound halfback from Chicago, was reported in fair condition early today at St. Luke's Hospital.

Dr. William F. Trowbridge, a neurosurgeon, said the boy "has a fair chance of recovery."

Torpid Hinted Ailing on Eve Of Brown Jug

DELAWARE (AP)—The big question around this half - mile race track today: "Is Torpid in top shape for Thursday's Little Brown Jug?"

The rapid bay son of Knight Dream had everything going for him except a cough and a sore throat as he faced the challenge of 15 other 3-year-old sidewheelers in the 12th annual $73,528.15 two-division jaunt over the lightning-fast twice-around.

Johnny Simpson, driver of the sensational colt owned by Max Hochberg's Sherwood Farm of Irvington, N. J., said Torpid "definitely was not himself when beaten in the mud at Detroit by Adios Express last week."

The day after winning the $20,000 Horsemen's Futurity at Indianapolis on Labor Day, Torpid developed a cough and a sore throat.

Joe O'Brien, trainer and driver of Adios Express, which has handed Torpid his three losses, also was a bit pessimistic. His fleet-footed chestnut son of Adios-Why Ann, owned by S. A. Camp of Shafter, Calif., drew sixth position in the second heat where he'll have to triumph over some of the race's top talent.

Twenty per cent of the purse, largest in Jug history, will be set aside for the ultimate winner. The remainder will be slashed into thirds to be doled out to the first five in each heat.

The first five in each division will come back for a third heat.

FIRST DIVISION (according to post positions): Torpid, John Simpson, Sherwood Farms, Irvington, N.J., 3-5; Duke of Wellington, Lou Rapone, Francis Keese, Caladonia, N. Y., 25-1; Newport Duke, Del Cameron, Newport Stock Farm, S. Plainfield, N. J., 25-1; Robert Lee Frost, Roy Riegle, R. T. Morrison, Cleveland, 25-1; Morris Eden, Stanley Dancer, Morris Pivinick, S. Orange, N. J., 4-1; Rapid Goose, James Fitzpatrick, Saunders Mills Stable, Toledo, 15-1; Razzle Dazzle, Joe O'Brien, S. A. Camp, Shafter, Calif., 5-1; and Great Adios, Del Miller, Meadowlands Breeding Farm, Washington, Pa., 8-1.

SECOND DIVISION: Meadow Land, Miller, Meadowlands Breeding Farm, 5-1; Maxine's Dream, Earle Avery, Clearview Stables, Winthrop, Me., 13-1; Chance Play, Wayne Smart, Castleton Farms, Lexington, Ky., 15-1; Newport Judy, Cameron, Newport Stock Farm, 3-1; Calgary Byrd, Gene Pownall, Meadowlands Breeding Farm, 10-1; Adios Express, O'Brien, S. A. Camp, 2-1; Nyland Hanover, Simpson, Cleo Young, Timmonsville, S. C., 8-1; and Meadow Rhythm, Ben Schue, Meadowlands Breeding Farm, 5-1.

Tony Anthony's Pilot Hints 1-Punch Win

LOS ANGELES (AP) — Tony Anthony's manager states with confidence that his young challenger might stop the venerable light heavyweight champion Archie Moore with a single punch on Friday night.

"He can hit and he can box," says Ernie Braca of the 22-year-old New Yorker. "He can take a guy out in one punch."

Braca, however, appears to go along with the general feeling that the longer the bout progresses, the better Anthony's chances. The fight is scheduled for 15 rounds.

Pro Mac Wins Pair

LEBANON (AP)—Paul Norris, harness driver from Washington C.H. grabbed off both victories with Pro Mac in the $1,000 Divided Stake Trot Tuesday night at Lebanon Raceway.

Chicago Favored To Trip Browns

CLEVELAND (AP)—Despite their fine defensive showing against the Detroit Lions last week, the Cleveland Browns are underdogs for Friday night's exhibition game against the Chicago Bears.

The Bears are favored by seven points over the Browns for two reasons—Zeke Bratkowski and Willie Galimore.

Bratkowski is back after three years in the Air Force. The 6 foot 2, 205-pound quarterback's passing sparked the Bears to a fast finish in 1954.

The lanky Galimore, who was drafted a year ago, ran 100 and 74 yards for touchdowns against the Philadelphia Eagles. Saturday, he ran for three touchdowns.

The Australian government estimates that the continent could support 25 million people, nearly three times the present population.

Radical Changes Expected in 'Top 10' List

Ohio's High School Grid Machine Set For Annual Grind

COLUMBUS, Ohio (AP) — Ohio's scholastic grid campaign is off to a dazzling debut, with some radical changes due in the "top 10" although the clubs are just leaving the starting gate.

Three of the top 10 in The Associated Press final 1956 poll bit the dust in inaugural encounters, but the other seven skimmed along with impressive triumphs.

Cleveland East pulled the week's big upset by beating Mansfield's third-ranked Tygers 7-6. In the last two years Mansfield swamped the Clevelanders 52-6 and 41-6.

Canton McKinley's two - time state champions rolled over Cleveland Lincoln by 65 to 0, but Coach Wade Watts said he was dissatisfied with the Bulldog performance in the 21st straight conquest. Bob Kettlewell, a 155-pound junior, scored four touchdowns for McKinley.

Bobby Ferguson, who scored 31 touchdowns a year ago, was the big gun as ninth-ranked Troy wrecked Dayton Kiser by 69-7. It was Coach Lou Juillerat's 19th straight win with the Trojans, and Ferguson set the state's scoring pace with six touchdowns.

Fremont Ross, second to McKinley in the 1956 ratings, had no trouble winning its 21st in a row by 49-0 over Columbus Franklin Heights. Cleveland St. Ignatius, ranked fourth in 1956, was victimized 9-0 by Cathedral Latin, and seventh-ranked Lorain was beaten 27-14 by Toledo Libbey.

Youngstown Ursuline, fifth a year ago, launched another unbeaten season by whipping Youngstown Rayen 19-0, with Ron White getting all three touchdowns. Cleveland Benedictine, right behind Ursuline in the 1956 list, trounced Cleveland St. Edward 51-0.

Massillon, seven-time state king until McKinley took over in 1955, held Akron South to 38 yards rushing as the Tigers triumphed 33-0. The Tigers were eighth with an 8-2 mark a year ago.

East Liverpool, which wound up in 10th plac ewith a record matching Massillon's, got away to a 37-18 win over Berea, with George Hale scoring five touchdowns and an extra point for all but six of the total. Last year Hale scored three touchdowns in three different games. He launched the campaign with a 75-yard punt return in the first two minutes.

Wyoming ran up the weekend's big score by ruining Indian Hill 83-6. The victors scored three times in each of the first three periods and four times in the fourth.

Glenn (Tiger) Ellison, starting his 13th season at Middletown on Friday the 13th, saw his Middies whipped 14-0 by Dayton Fairmont. The Middies lost but one a year ago. Lou Florio, taking over the Hamilton helm from Chuck Thackara, sent the Big Blue to a neat 44-0 win over Cincinnati Taft.

Gil Smith, Van Wert's veteran coach, wrapped up his 30th in a row without defeat by 20-12 over Bryan.

Proudest player in the state was Wally Neel, 150-pound sophomore back for Steubenville's Big Ted. The youngster, making his first high school start, carried the opening kickoff 90 yards for a touchdown against Columbus Central, sparking a 27-6 victory—the Big Red's first opening conquest since 1953.

Jim Woods, Tiltonsville's junior fullback, raced 24 yards with less than half a minute to go for the touchdown which defeated Dillonvale 19-13.

Woody Hayes Shies From Stiff Scrimmage

COLUMBUS (AP)—With Ohio State having a run of good luck in avoiding injuries, Coach Woody Hayes says he's reluctant to send his men into a full dress scrimmage. Just as much can be accomplished by a hard non-contact workout, he said.

Compared to Monday's performance, termed the "sorriest" of the season by Hayes, Tuesday's action was smooth.

Bill Kennedy Shines as Red Relief Hurler

CINCINNATI (AP)—Veteran hurler Bill Kennedy may be the standout reliefer that Manager Birdie Tebbetts needs for his Cincinnati Redlegs.

Tebbetts called on Kennedy in the seventh inning Tuesday night to squelch a dangerous rally. The Reds went on to hammer out a 9-5 victory over the Pittsburgh Pirates that dropped the Bucs into the National League cellar.

Hershall Freeman was the Reds' ace fireman last season, winning 14 games and saving 17, but he has not had a similar record this year.

The Reds got as far as the seventh with starter Joe Nuxhall, but then the Bucs touched him for a run on two doubles.

Kennedy finally cut off the Pirate surge after two more runs.

The Reds busted free from a 2-2 tie with five runs in the sixth to take a commanding lead.

Pirate starter Bob Friend bore the brunt of the sixth inning outburst—four of the runs on a walk, two doubles around sacrifice fly and a home run by Bob Thurman, before retiring.

His successor, Eddie O'Brien, formerly of the Columbus Jets, gave up another homer, to George Crowe, before ending the inning.

Favorites at Beulah Win 25 of 59 Races

GROVE CITY — Although offtracks marred five of the first seven days of the current Beulah Park meeting, form has held up very well. Twenty-five favorites scored in the first 59 races, giving the choices a winning mark of 42.4 per cent.

Early attendance and mutuel figures show an average of 4,500 per day, an increase over the 4,400 for the first seven days last spring. In wagering, the average is $270,000 against $231,000 for the the same period.

Larrikin, winner of the Inaugural Handicap and Low Star, victorious in the Bexley Handicap, are among the headline performers expected to be in action this weekend when the $3,000 Groce City Handicap at a mile tops the program.

Supporting the Grove City on the Saturday card will be the $2,500 Upper Arlington Purse, a six furlongs dash designed 3-year-olds.

Navarette, owned by the Reynolds Brothers of Fort Worth Tecas and trained by Clude Locklear, is the first nominee to the 10,000 Ohio Championship to be run Oct. 5.

The 4-year-old son of Destino-Miss Marietta has been campaigning well in New England and shapes up as a strong contender for honors in the race. Navarette was beaten only a head by switch Or in the Pelham at Rockingham Park and dropped a half length decision to Tournure in the Manchester Handicap there.

Second Game Won by Tigers

Warriors Now Out Of County Tourney

The Madison Mills Warriors are out of the Fayette County High School baseball tournament as the result of the 28 to 6 defeat handed them by the Mad Anthonys at Good Hope Tuesday afternoon.

In the other game, Jeffersonville's Tigers lived up to expectations by clawing Bloomingburg's Bulldogs for a 14 to 7 victory on the Jeffersonville lot. The victory, second of the double-elimination tourney, put the Tigers in the final.

The Bulldogs and Mad Anthonys, each with one defeat, will meet at Good Hope Thursday afternoon. After that game, one of the teams will be out of the running and the other will play the Tigers for the title.

* * *

THE MAD ANTHONYS unloaded a total of 23 hits, which they combined with 6 errors and some bases on balls, to accumulate 28 runs in their game with the Warriors.

The Good Hope boys, nearly half of whom were fresh out of a summer of Babe Ruth League play, just had too much experience for errorless ball in the field and clouted the ball when it counted most.

Gary Brown, Loy Overly and Don Strouth cracked out triples and Jay Bonecutter and Jerry Hoppes each came through with a double.

GOOD HOPE	AB	R	H	E
Newman lf	3	2	2	0
Strouth c	5	4	2	0
Brown 3b	4	4	3	0
Osborne p	2	5	2	0
Bonecutter 1b	6	3	4	0
Overly ss	6	2	3	0
Hoppes 2b	4	3	3	0
Kellenberger cf	5	2	1	0
Garringer rf	1	2	1	0
Jenkins rf	3	1	2	0
TOTALS	39	28	23	0

MADISON MILLS	AB	R	H	E
Rogers rf	3	1	2	0
Caudill ss	4	1	1	0
Dailey c	4	0	0	1

Smith lf	3	0	0	1
J. Belt, cf	4	1	1	1
Conley, p	2	1	0	0
TOTALS	29	6	8	6

Madison Mills	0	0	1	1	0	0	4	6	8	6
Good Hope	4	9	2	3	9	1	x	28	23	0

* * *

WHILE THE Tigers were picked to defeat the Bulldogs, the game itself and the score both were something of a surprise.

The Tigers, who played errorless ball in their first tourney game, committed 4 miscues and the Bulldogs, who also had been putting up a fast and clean defense made 5 bobbles.

The Bulldogs tallied 6 runs in the fifth on one hit, 4 walks and 3 errors.

In their fat third inning, the Tigers scored 7 on 3 hits, 3 walks and 3 errors. However, they earned all 5 runs they scored in the fifth with 6 hits, including 3 doubles.

Players Shifted In Lion Workout

"This shifting of personnel to get better balance creates a lot of problems, not the least of which is confusion for the boys who have had no experience in the new positions," Coach Fred Domenico said after Tuesday evening's practice by the three-team WHS Lion football squad.

The Lions will meet the experienced Xenia Buccaneers here Friday night in their first home game of the season, and the coaching staff is trying to strengthen some of the weaknesses that showed up in the first game at Linden-McKinley last Friday night for their Garden Park debut. Lions lost, 20 to 0, at Linden principally because of inexperience and first-game jitters.

In the shuffling of players Tuesday evening, Aaron Foster was taken from center and shifted to end, Larry Milstead, who has rejoined the squad, also worked out there.

Jim Myers, a freshman who is showing promise, went in a center for most of the offensive drill at the start of the session. Dick Welsh, the No. 1 center, is nursing a bad ankle as the result of an injury in the Linden game and may not be in shape for Friday night game.

While Domenico admitted the coaching staff had its problems, but he said in the same breath that "we are improving in some of the weak spots."

While the squad has the numbers to provide depth, lack of experience causes complications, Domenico said. And, in developing more depth at the tackles. Charles Pendergraft, 160-pound freshman, and Dick Morris, 180-pound sophomore have caught the eye of the Marvin Merritt, coach of tackles and ends.

Doug Rider, 180-pound senior, has been looking especially good at both end and center, Domenico said.

All in all, the defense is not giving the coaching staff as much concern as the offense.

That was one of the reasons the offense was first on the agenda for Tuesday's drill and will be stressed again Wednesday after the session gets underway with a brushing up of the defense.

Torpid Hinted Ailing on Eve Of Brown Jug

DELAWARE (AP)—The big question around this half - mile race track today: "Is Torpid in top shape for Thursday's Little Brown Jug?"

The rapid bay son of Knight Dream had everything going for him except a cough and a sore throat as he faced the challenge of 15 other 3-year-old sidewheelers in the 12th annual $73,528.15 two-division jaunt over the lightning-fast twice-around.

Johnny Simpson, driver of the sensational colt owned by Max Hochberg's Sherwood Farm of Irvington, N. J., said Torpid "definitely was not himself when beaten in the mud at Detroit by Adios Express last week."

The day after winning the $20,000 Horsemen's Futurity at Indianapolis on Labor Day, Torpid developed a cough and a sore throat.

Joe O'Brien, trainer and driver of Adios Express, which has handed Torpid his three losses, also was a bit pessimistic. His fleet-footed chestnut son of Adios-Why Ann, owned by S. A. Camp of Shafter, Calif., drew sixth position in the second heat where he'll have to triumph over some of the race's top talent.

Twenty per cent of the purse, largest in Jug history, will be set aside for the ultimate winner. The remainder will be slashed into thirds to be doled out to the first five in each heat.

The first five in each division will come back for a third heat.

FIRST DIVISION (according to post positions): Torpid, John Simpson, Sherwood Farms, Irvington, N.J., 3-5; Duke of Wellington, Lou Rapone, Francis Keese, Caladonia, N. Y., 25-1; Newport Duke, Del Cameron, Newport Stock Farm, S. Plainfield, N. J., 25-1; Robert Lee Frost, Roy Riegle, R. T. Morrison, Cleveland, 25-1; Morris Eden, Stanley Dancer, Morris Pivinick, S. Orange, N. J., 4-1; Rapid Goose, James Fitzpatrick, Saunders Mills Stable, Toledo, 15-1; Razzle Dazzle, Joe O'Brien, S. A. Camp, Shafter, Calif., 5-1; and Great Adios, Del Miller, Meadowlands Breeding Farm, Washington, Pa., 8-1.

SECOND DIVISION: Meadow Land, Miller, Meadowlands Breeding Farm, 5-1; Maxine's Dream, Earle Avery, Clearview Stables, Winthrop, Me., 15-1; Chance Play, Wayne Smart, Castleton Farm, Lexington, Ky., 15-1; Newport Judy, Cameron, Newport Stock Farm, 3-1; Calgary Byrd, Gene Pownall, Meadowlands Breeding Farm, 10-1; Adios Express, O'Brien, S. A. Camp, 2-1; Nyland Hanover, Simpson, Cleo Young, Timmonsville, S. C., 8-1; and Meadow Rhythm, Ben Schue, Meadowlands Breeding Farm, 5-1.

Ted Williams Back On Bosox Lineup

BOSTON (AP)—Boston's Ted Williams, back in uniform despite lingering effects of a heavy chest cold, was a step closer today to becoming batting champion.

The 39-year-old slugger belted a pinch homer in his first appearance since Sept. 1 Tuesday night to help lift the Red Sox to a 9-8 victory over the Kansas City Athletics.

Ted's 34th homer, a 400-foot smash into the right field seats, boosted his average to .377 for a commanding 11-point lead over Mickey Mantle of New York.

Practice Tackle Gives Player Severe Injury

CLEVELAND (AP)—A 17-year-old freshman at John Carroll University suffered a severe brain contusion when he was tackled in football practice Tuesday.

William Heywood, a 5-8, 145-pound halfback from Chicago, was reported in fair condition early today at St. Luke's Hospital.

Dr. William F. Trowbridge, a neurosurgeon, said the boy "has a fair chance of recovery."

Tony Anthony's Pilot Hints 1-Punch Win

LOS ANGELES (AP) — Tony Anthony's manager states with confidence that his young challenger might stop the venerable light heavyweight champion Archie Moore with a single punch on Friday night.

"He can hit and he can box," says Ernie Braca of the 22-year-old New Yorker. "He can take a guy out in one punch."

Braca, however, appears to go along with the general feeling that the longer the bout progresses, the better Anthony's chances. The fight is scheduled for 15 rounds.

Pro Mac Wins Pair

LEBANON (AP)—Paul Norris, harness driver from Washington C.H., grabbed off both victories with Pro Mac in the $1,000 Divided Stake Trot Tuesday night at Lebanon Raceway.

Chicago Favored To Trip Browns

CLEVELAND (AP)—Despite their fine defensive showing against the Detroit Lions last week, the Cleveland Browns are underdogs for Friday night's exhibition game against the Chicago Bears.

The Bears are favored by seven points over the Browns for two reasons—Zeke Bratkowski and Willie Galimore.

Bratkowski is back after three years in the Air Force. The 6 foot 2, 205-pound quarterback's passing sparked the Bears to a fast finish in 1954.

The lanky Galimore, who was drafted a year ago, ran 100 and 74 yards for touchdowns against the Philadelphia Eagles. Saturday, he ran for three touchdowns.

The Australian government estimates that the continent could support 25 million people, nearly three times the present population.

Milwaukee's Top Hatchetmen Back In Business Again

By THE ASSOCIATEL PRESS

Jarrin' Joe Adcock and Hammerin' Hank Aaron, Milwaukee's top hatchet men, are back in business and the Braves are breathing easy again.

It was Aaron and Adcock who homered home all the runs and split six of Milwaukee's nine hits in a 3-1 victory over the New York Giants Tuesday night—giving the Braves two in a row for the first time in two weeks and retaining their three-game National League lead with 10 to go.

It was a neat and necessary job since second-place St.Louis stayed with it, rallying for seven runs in the seventh that crushed Brooklyn 12-5. The third-place Brooks, champs for two years, now are virtually out of it, trailing by eight with eight to play.

Any combination of eight Milwaukee victories and St. Louis defeats wraps up the Braves' first pennant since 1948.

The American League champ is now a certainty (surprise!) with the New York Yankees holding a 6½-game lead with nine to play after beating Detroit 7-1 while Baltimore rocked Chicago's second-place White Sox 7-5 in 10 innings. The Yankees' magic number is five with the White Sox having 12 games remaining.

So much for the pennant races. The batting battles look like this:

In the AL, ailing Ted Williams added a point for .377 with a pinchhit home run that triggered Boston's 9-8 victory over Kansas City. Yankee Mickey Mantle, 0-for 3, lost three points for a .366 average.

In the NL, Cardinal Stan Musial was 1-for-2 and stayed put at .342 while Willie Mays of the Giants was 1-for-4, lost a point and slipped to .338.

Cleveland defeated Washington 7-3 in the other AL game. Cincinnati bagged Pittsburgh 9-5 and dropped the Pirates into the cellar as the Chicago Cubs moved out with a 7-1 decision over Philadelphia in the other NL action.

Tuesday night Aaron was 3-for-4, doubling ahead of Adcock's second-inning home run and swatting his 41st homer in the eighth.

Right-hander Bob Trowbridge spun a five-hitter, all singles, and walked none for a 7-5 record. Rookie Curt Barclay (9-8) lost it.

The Cards smacked 12 hits, but needed only four of them in the big seventh when two walks, a sacrifice fly and one of three Dodger errors helped overhaul a 5-3 Brook lead. Reliever Ed Roebuck walked the lead run across and Irv Noren then socked a three run pinch triple that guaranteed a 15th victory for Card ace Larry Jackson.

Rookie southpaw Danny McDevitt was the loser.

Bobby Shantz, winless for a month, tossed a four-hitter for an 11-5 record. The stubby southpaw lined a two-run single that closed a big six-run eighth, which Hank Bauer opened against loser Billy Hoeft (8-11) with his 18th home run.

The Orioles, three-hit and trailing 5-1, junked Billy Pierce's second bid for his 20th victory with four runs in the eighth, then beat rookie Barry Latman on Bob Nieman's two-run homer in the 10th. Billy Loes won his 12th in relief.

Williams' 34th homer was a 400-foot job that led off a two-run eighth in his first appearance since Sept. 1. That tied it and the Red Sox then nailed it with Billy Klaus' RBI single. Murray Wall (3-0) was the winner with Tom Morgan the loser, both in relief.

Ray Narleski won his 11th for the Tribe, blanking the Nats for seven. Russ Nixon's three-run homer gave him a quick lead in the second against Camilo Pascual, who lost his 15th.

Home runs by Bob Thurman and George Crowe fired a five-run sixth that did it for the Redlegs handing Bob Friend his 18th defeat. Joe Nuxhall won with relief help.

Ernie Banks, Bobby Morgan and rookie right-hander Moe Drabowsky homered for the Cubs. Rookie Jack Sanford lost his eighth.

Portland's Mayor Is Cleared Of Last of Vice Accusations

PORTLAND, Ore. (AP) — Terry Schrunk, the five-times-indicted mayor of Portland, was freed of the last charge in a long vice investigation Tuesday.

As with two previous charges, a state prosecutor said there were no grounds for the charge against the mayor, and a state circuit court complied with his motion for dismissal.

"Thank God for the American judicial system," said the 44-year old Schrunk, who had insisted that when he decided to run for mayor last year he became the target of a frameup by "a combination of the local underworld and a few so-called kingmakers in our community who operated on a basis of rule or ruin."

The last charge dismissed was one accusing the mayor of trying to get two women to swear falsely that gambler Big Jim Elkins, a key figure in the vice investigation, was a narcotics addict who was connected with prostition here. Prosecutor Arthur Higgs said the indictment listed 24 acts and not one constituted a crime.

Identical charges against three other persons also were dismissed.

With those dismissals, about half the more than 100 indictments in the 1½-year-long investigation have been wiped out. There has been some duplication of indictments as a series of grand juries took up the cases, and officials were uncertain of the exact score.

But a newspaper, the Oregon Journal, listed it as: 59 cases dismissed; 3 acquittals; 2 pleas of guilty; 1 conviction; 51 cases pending.

In addition, a federal grand jury moved in last spring and indicted Elkins on federal wiretapping charges. Elkins, whose testimony was the basis for many of the state's charges, was convicted and sentenced to 20 months in prison. He is free on bond, to be available for the state cases.

Schrunk was brought to trial on one charge, accusing him of lying when he denied taking a bribe from a gambler two years ago, when Schrunk was sheriff. He was acquitted, and the state then dropped its companion charge that he had taken the bribe.

Acquitted in other trials were Clyde C. Crosby, Teamsters Union official, who had been accused of conspiring to receive a bribe while on a city commission, and a city policeman, Robert Sprague, who had been accused of false swearing.

The one conviction of a principal was that of Dist. Atty. William L. Ingley, who was removed from office after being found guilty of failure to prosecute gambling. He has appealed.

Grid Guesspert Takes First Look at This Year's Games

Editor's Note: Every year about this time, the guesspserts emerge and tell newspaper readers who will win next weekend's college football games. Following is the first by the Associated Press guesspert.

By HAROLD CLAASSEN

NEW YORK (AP)—Football seasons, like birthdays, keep rolling around faster each year. Here's hoping not all the candles are blown out on opening day.

Oklahoma over Pittsburgh: This could be the Sooners' toughest game of the year but it definitely will be their 41st consecutive triumph.

Texas A&M over Maryland: The Aggies are driving for a Cotton Bowl berth this year and won't be sidetracked in their opening game.

Navy over Boston College: Bob Reifsnyder has been shifted to center to give Navy's its heaviest line ever.

Virginia Tech over Tulane: Strictly a hunch. It is a Friday night game.

Duke over South Carolina: This one may decide the Atlantic Coast Conference title on the opening day.

Oregon State over Southern California: Joe Francis, as fine a tailback as you'll see, gives the host Oregon State team the edge.

Baylor over Villanova: The Philadelphia Wildcats travel here and there for their games. Unfortunately, their victories also come only here and there — and they definitely won't win here.

California over Southern Methodist: Each team has a new coach. California also has Joe Kapp at quarterback.

Skipping over the others:

FRIDAY NIGHT:

UCLA over Air Force Academy, Davidson over Catawba.

SATURDAY:

MIDWEST: Detroit over Marquette, Iowa State over Denver, Nebraska over Washington State, Tulsa over Hardin Simmons, Arizona State over Wichita, Cincinnati over Dayton.

SOUTH: North Carolina over N.C. State, The Citadel over Newberry, Clemson over Presbyterian, Florida State over Furman, Georgia Tech over Kentucky, Texas over Georgia, Rice over Louisiana State, Richmond over Ranolph Macon, Tampa over Virginia Military, Vanderbilt over Missouri, George Washington over William & Mary, Miami over Houston, West Virginia over Virginia.

SOUTHWEST: Arkansas over Oklahoma State, Texas Christian over Kansas, Mississippi over Trinity, Texas Tech over West Texas State, Texas Western over North Texas State.

FAR WEST: Arizona over Brigham Young, Oregon over Idaho, Utah over Montana State, Wyoming over Kansas State, Stanford over San Jose, College of Pacific over San Jose State, Washington over Colorado.

Gotham Chiefs Book Talks About Dodgers

NEW YORK (AP)—Amid a welter of speculation, Mayor Robert Wagner, Dodgers' President Walter O'Malley and multimillionaire Nelson Rockefeller meet today to discuss "new" proposals to keep the club in Brooklyn.

All three, accompanied by their legal advisers, were noncommittal, but this much was certain:

1. The meeting probably will determine whether the Dodgers move to Los Angeles or stay in Brooklyn.

2. Rockefeller is the key man, the "angel", who has to take both the city and O'Malley off the financial hook.

One informed source said the city was pressing Rockefeller to contribute an additional million dollars.

Another report had the city hoping that Rockefeller would make up the difference between what O'Malley wants to pay and what Wagner wants for the proposed land in downtown Brooklyn for a new park.

Only last week, Rockefeller revealed that he was in the midst of negotiations designed to keep the Dodgers in Brooklyn and had offered to help defray the cost of a new stadium. This O'Malley refused.

Indians Chalk 7-3 Victory Over Senators

WASHINGTON (AP) — The sixth place Cleveland Indians beat the seventh place Washington Senators 7-3 Tuesday night. Ray Narleski registered his 11th victory against five defeats.

The Tribe gave Narleski a 7-0 lead, starting with a three-run homer by rookie catcher Russ Nixon in the second inning.

Narleski blanked the Senators until the eighth, when they got one run on two walks, a single and a sacrifice fly. Washington got two more in the ninth, but Narleski survived the rally and finished the game.

He gave up nine hits, while his teammates were collecting 10 off Camilo Pascual, Dick Hyde and Ted Abernathy.

Gene Woodling hit a double and two singles in five trips to boost his average to .328.

Billy Harrell, who rejoined the Indians from San Diego, opened at shortstop and got a single in three official trips.

Mike Garcia will be trying for his sixth straight pitching victory tonight, opposing the Senators' Russ Kemmerer.

It will be the last game of the season between the two clubs. Tuesday night's victory gave Cleveland a 14-7 edge.

Milwaukee's Top Hatchetmen Back In Business Again

By THE ASSOCIATEL PRESS

Jarrin' Joe Adcock and Hammerin' Hank Aaron, Milwaukee's top hatchet men, are back in business and the Braves are breathing easy again.

It was Aaron and Adcock who homered home all the runs and split six of Milwaukee's nine hits in a 3-1 victory over the New York Giants Tuesday night—giving the Braves two in a row for the first time in two weeks and retaining their three-game National League lead with 10 to go.

It was a neat and necessary job since second-place St.Louis stayed with it, rallying for seven runs in the seventh that crushed Brooklyn 12-5. The third-place Brooks, champs for two years, now are virtually out of it, trailing by eight with eight to play.

Any combination of eight Milwaukee victories and St. Louis defeats wraps up the Braves' first pennant since 1948.

The American League champ is now a certainty (surprise!) with the New York Yankees holding a 6½-game lead with nine to play after beating Detroit 7-1 while Baltimore rocked Chicago's second-place White Sox 7-5 in 10 innings. The Yankees' magic number is five with the White Sox having 12 games remaining.

So much for the pennant races. The batting battles look like this:

In the AL, ailing Ted Williams added a point for .377 with a pinchhit home run that triggered Boston's 9-8 victory over Kansas City. Yankee Mickey Mantle, 0-for 3, lost three points for a .366 average.

In the NL, Cardinal Stan Musial was 1-for-2 and stayed put at .342 while Willie Mays of the Giants was 1-for-4, lost a point and slipped to .338.

Cleveland defeated Washington 7-3 in the other AL game. Cincinnati bagged Pittsburgh 9-5 and dropped the Pirates into the cellar as the Chicago Cubs moved out with a 7-1 decision over Philadelphia in the other NL action.

Tuesday night Aaron was 3-for-4, doubling ahead of Adcock's second-inning home run and swatting his 41st homer in the eighth.

Right-hander® Bob Trowbridge spun a five-hitter, all singles, and walked none for a 7-5 record. Rookie Curt Barclay (9-8) lost it.

The Cards smacked 12 hits, but needed only four of them in the big seventh when two walks, a sacrifice fly and one of three Dodger errors helped overhaul a 5-3 Brook lead. Reliever Ed Roebuck walked the lead run across and Irv Noren then socked a three run pinch triple that guaranteed a 15th victory for Card ace Larry Jackson.

Rookie southpaw Danny McDevitt was the loser.

Bobby Shantz, winless for a month, tossed a four-hitter for an 11-5 record. The stubby southpaw lined a two-run single that closed a big six-run eighth, which Hank Bauer opened against loser Billy Hoeft (8-11) with his 18th home run.

The Orioles, three-hit and trailing 5-1, junked Billy Pierce's second bid for his 20th victory with four runs in the eighth, then beat rookie Barry Latman on Bob Nieman's two-run homer in the 10th. Billy Loes won his 12th in relief.

Williams' 34th homer was a 400-foot job that led off a two-run eighth in his first appearance since Sept. 1. That tied it and the Red Sox then nailed it with Billy Klaus' RBI single. Murray Wall (3-0) was the winner with Tom Morgan the loser, both in relief.

Ray Narleski won his 11th for the Tribe, blanking the Nats for seven. Russ Nixon's three-run homer gave him a quick lead in the second against Camilo Pascual, who lost his 15th.

Home runs by Bob Thurman and George Crowe fired a five-run sixth that did it for the Redlegs handing Bob Friend his 18th defeat. Joe Nuxhall won with relief help.

Ernie Banks, Bobby Morgan and rookie right-hander Moe Drabowsky homered for the Cubs. Rookie Jack Sanford lost his eighth.

Portland's Mayor Is Cleared Of Last of Vice Accusations

PORTLAND, Ore. (AP) — Terry Schrunk, the five-times-indicted mayor of Portland, was freed of the last charge in a long vice investigation Tuesday.

As with two previous charges, a state prosecutor said there were no grounds for the charge against the mayor, and a state circuit court complied with his motion for dismissal.

"Thank God for the American judicial system," said the 44-year old Schrunk, who had insisted that when he decided to run for mayor last year he became the target of a frameup by "a combination of the local underworld and a few so-called kingmakers in our community who operated on a basis of rule or ruin."

The last charge dismissed was one accusing the mayor of trying to get two women to swear falsely that gambler Big Jim Elkins, a key figure in the vice investigation, was a narcotics addict who was connected with prostition here. Prosecutor Arthur Higgs said the indictment listed 24 acts and not one constituted a crime.

Identical charges against three other persons also were dismissed.

With those dismissals, about half the more than 100 indictments in the 1½-year-long investigation have been wiped out. There has been some duplication of indictments as a series of grand juries took up the cases, and officials were uncertain of the exact score.

But a newspaper, the Oregon Journal, listed it as: 59 cases dismissed; 3 acquittals; 2 pleas of guilty; 1 conviction; 51 cases pending.

In addition, a federal grand jury moved in last spring and indicted Elkins on federal wiretapping charges. Elkins, whose testimony was the basis for many of the state's charges, was convicted and sentenced to 20 months in prison. He is free on bond, to be available for the state cases.

Schrunk was brought to trial on one charge, accusing him of lying when he denied taking a bribe from a gambler two years ago, when Schrunk was sheriff. He was acquitted, and the state then dropped its companion charge that he had taken the bribe.

Acquitted in other trials were Clyde C. Crosby, Teamsters Union official, who had been accused of conspiring to receive a bribe while on a city commission, and a city policeman, Robert Sprague, who had been accused of false swearing.

The one conviction of a principal was that of Dist. Atty. William L. Ingley, who was removed from office after being found guilty of failure to prosecute gambling. He has appealed.

Indians Chalk 7-3 Victory Over Senators

WASHINGTON (AP) — The sixth place Cleveland Indians beat the seventh place Washington Senators 7-3 Tuesday night. Ray Narleski registered his 11th victory against five defeats.

The Tribe gave Narleski a 7-0 lead, starting with a three-run homer by rookie catcher Russ Nixon in the second inning.

Narleski blanked the Senators until the eighth, when they got one run on two walks, a single and a sacrifice fly. Washington got two more in the ninth, but Narleski survived the rally and finished the game.

He gave up nine hits, while his teammates were collecting 10 off Camilo Pascual, Dick Hyde and Ted Abernathy.

Gene Woodling hit a double and two singles in five trips to boost his average to .328.

Billy Harrell, who rejoined the Indians from San Diego, opened at shortstop and got a single in three official trips.

Mike Garcia will be trying for his sixth straight pitching victory tonight, opposing the Senators' Russ Kemmerer.

It will be the last game of the season between the two clubs. Tuesday night's victory gave Cleveland a 14-7 edge.

There is only one matinee in Russian theaters—on Sundays. It is the only day of the week that isn't a work day.

IT'S SO EASY TO PLACE A WANT AD.

Grid Guesspert Takes First Look at This Year's Games

Editor's Note: Every year about this time, the guessperts emerge and tell newspaper readers who will win next weekend's college football games. Following is the first by the Associated Press guesspert.

By HAROLD CLAASSEN

NEW YORK (AP)—Football seasons, like birthdays, keep rolling around faster each year. Here's hoping not all the candles are blown out on opening day.

Oklahoma over Pittsburgh: This could be the Sooners' toughest game of the year but it definitely will be their 41st consecutive triumph.

Texas A&M over Maryland: The Aggies are driving for a Cotton Bowl berth this year and won't be sidetracked in their opening game.

Navy over Boston College: Bob Reifsnyder has been shifted to center to give Navy's its heaviest line ever.

Virginia Tech over Tulane: Strictly a hunch. It is a Friday night game.

Duke over South Carolina: This one may decide the Atlantic Coast Conference title on the opening day.

Oregon State over Southern California: Joe Francis, as fine a tailback as you'll see, gives the host Oregon State team the edge.

Baylor over Villanova: The Philadelphia Wildcats travel here and there for their games. Unfortunately, their victories also come only here and there — and they definitely won't win here.

California over Southern Methodist: Each team has a new coach. California also has Joe Kapp at quarterback.

Skipping over the others:

FRIDAY NIGHT:

UCLA over Air Force Academy, Davidson over Catawba.

SATURDAY:

MIDWEST: Detroit over Marquette, Iowa State over Denver, Nebraska over Washington State, Tulsa over Hardin Simmons, Arizona State over Wichita, Cincinnati over Dayton.

SOUTH: North Carolina over N.C. State, The Citadel over Newberry, Clemson over Presbyterian, Florida State over Furman, Georgia Tech over Kentucky, Texas over Georgia, Rice over Louisiana State, Richmond over Ranolph Macon, Tampa over Virginia Military, Vanderbilt over Missouri, George Washington over William & Mary, Miami over Houston, West Virginia over Virginia.

SOUTHWEST: Arkansas over Oklahoma State, Texas Christian over Kansas, Mississippi over Trinity, Texas Tech over West Texas State, Texas Western over North Texas State.

FAR WEST: Arizona over Brigham Young, Oregon over Idaho, Utah over Montana State, Wyoming over Kansas State, Stanford over San Jose, College of Pacific over San Jose State, Washington over Colorado.

Gotham Chiefs Book Talks About Dodgers

NEW YORK (AP)—Amid a welter of speculation, Mayor Robert Wagner, Dodgers' President Walter O'Malley and multimillionaire Nelson Rockefeller meet today to discuss "new" proposals to keep the club in Brooklyn.

All three, accompanied by their legal advisers, were noncommittal, but this much was certain:

1. The meeting probably will determine whether the Dodgers move to Los Angeles or stay in Brooklyn.

2. Rockefeller is the key man, the "angel", who has to take both the city and O'Malley off the financial hook.

One informed source said the city was pressing Rockefeller to contribute an additional million dollars.

Another report had the city hoping that Rockefeller would make up the difference between what O'Malley wants to pay and what Wagner wants for the proposed land in downtown Brooklyn for a new park.

Only last week, Rockefeller revealed that he was in the midst of negotiations designed to keep the Dodgers in Brooklyn and had offered to help defray the cost of a new stadium. This O'Malley refused.

Scott's Scrap Book — By R. J. Scott

WHAT HAPPENS WHEN A PERSON DROWNS.

IN ABOUT TWO MINUTES AFTER IMMERSION IN WATER, THERE IS AN INVOLUNTARY INHALATION OF WATER. THE WATER IS DRAWN INTO THE LUNGS, WHERE MUCH OF IT IS ABSORBED INTO THE BLOODSTREAM, DILUTING THE BLOOD, DISTURBING THE HEARTBEAT. THE DROP IN BLOOD PRESSURE ENDS IN DEATH FROM OXYGEN STARVATION OF THE BRAIN.

SCRAPS

OVERLAY, TO OPPRESS AS WITH A WEIGHT; TO WEIGH DOWN.

OVERLAY, A COVERING OF A TEMPORARY SORT.

OVERLAY, Scot. A CRAVAT.

OVERLAY, A PIECE OF MATERIAL PASTED ON THE TYMPAN SHEET TO MAKE A STRONGER IMPRESSION. (PRINTING)

Farm Bureau Firms Name New Chieftains

COLUMBUS (AP)—W. E. Stough of Galion has been elected chairman of the board of Nationwide Life Insurance Co. to succeed the late Perry L. Green.

Max M. Scarff of New Carlisle was named chairman of the new Trans-America Insurance Co., a stock casualty firm which plans to base its auto insurance rates on driving records of individuals.

Succeeding Green as a director of the Nationwide Auto, Fire and Life Insurance Companies will be Rex Long of Loudonville.

Armco Makes Changes In Its Top Command

MIDDLETOWN (AP)—R. L. Gray, president of the Armco Steel Corp. has announced the appointment of Robert S. Gruver to be administrative vice president of the firm in charge of personnel and public relations.

Gruver, who has been administrative vice president in charge of the company's Armco division, will succeed Charles H. Murray, who is retiring.

Clyde G. Davies, who has been an assistant vice president, was named to succeed Gruver.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

Farm Bureau Firms Name New Chieftains

COLUMBUS (AP)—W. E. Stough of Galion has been elected chairman of the board of Nationwide Life Insurance Co. to succeed the late Perry L. Green.

Max M. Scarff of New Carlisle was named chairman of the new Trans-America Insurance Co., a stock casualty firm which plans to base its auto insurance rates on driving records of individuals.

Succeeding Green as a director of the Nationwide Auto, Fire and Life Insurance Companies will be Rex Long of Loudonville.

Armco Makes Changes In Its Top Command

MIDDLETOWN (AP)—R. L. Gray, president of the Armco Steel Corp. has announced the appointment of Robert S. Gruver to be administrative vice president of the firm in charge of personnel and public relations.

Gruver, who has been administrative vice president in charge of the company's Armco division, will succeed Charles H. Murray, who is retiring.

Clyde G. Davies, who has been an assistant vice president, was named to succeed Gruver.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W
One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation
W V K U Y U Q K Y W L U O W B X W B X , J V K H U Y W K C L U Y P A O W V K U Y — M V W J Q U B .

Yesterday's Cryptoquote: GIVE A LITTLE LOVE TO A CHILD, AND YOU GET A GREAT DEAL BACK—RUSKIN.

2nd Brucellosis Test To Begin Next Tuesday

The second milk ring sample test, to determine the presence or absence of brucellosis, will be held in Fayette County from Sept. 24 to Oct. 1, Philip Grover, Associate county extension agent has announced.

Grover said that the second test had been scheduled for later in the fall. However, new developments made it necessary for the state to begin the test this month.

The purpose of the program is to eliminate brucellosis, disease which can be transmitted from infected cattle to humans through contact or from unpasteurized dairy products.

* * *

BRUCELLOSIS can cause abortions and unthriftiness in cattle but in humans it can cause a severe illness with chills and fever, arthritis, night sweats, chronic fatigue and other less noticeable symptoms.

Local dairmen from the Dairy Directors Assn. will serve to collect milk samples from the farms here in the county and bring the samples to Washington C. H. where they will be picked up by a laboratory technician and then taken to the laboratory in Chillicothe.

Following the checking of the sample in the laboratory, the participating farmer will receive a card, stating whether the sample was negative to brucellosis or suspicious for the sidease. If the milk sample shows the possibility of brucellosis, all the cows in the herd will be blood-tested.

* * *

A CHANGE in the program is being initiated since the new statewide brucellosis law went into effect July 24. Previously it has been a voluntary program. Now blood testing of suspicious cows is compulsory.

Farmers who have feeder cattle operations may secure a feeder cattle ptrmit from the state veterinarian's office. This permit will enable them to bypass the blood testing program of feeder cattle which will be sold for slaughter.

To speed up the brucellosis program, farm-to-farm milk collection will be replaced in later tests by collection of a milk sample for each dairy herd at the local plant. This method will be faster and cheaper than the farm-to-farm collection.

Nevertheless, it is emphasized that the testing, beginning Tuesday, September 24, will be the regular farm-to-farm collection. In addition a cross-check will be made by taking a milk sample from the milk plant. All succeeding testing in the county will be done at the dairy where the milk is received.

* * *

AFTER ALL the herds are blood-tested or found negative to the brucellosis milk ring test, Fayette County will be certified as a modified brucellosis-free area for three years.

The ring test of milk, collected at the dairy plants will be run each six months as a check. The schedule calls for Ohio to be a modified brucellosis free area by 1959.

On the first test, which was held Nov. 1956, 537 herds were tested. Of that number, 53 showed up as suspects which was 9.9 percent of the total. This was exceptionally low incidence for the first milk ring test, it was pointed out by dairy leaders. Since that time local veterianarians have blood-tested most of the 53 suspect herds.

2 Speeders Nabbed On W. Circle Ave.

Two arrests were made by city police Tuesday afternoon after using the municipal speed meter on W. Circle Ave. near the Gardner Park practice field — the first time in the memory of any officer that it has been used there.

Police Capt. Charles Foster said use of the meter on the 25 mph zone avenue resulted from "complaints of neighbors."

Several homes are on the south side of the avenue, and the practice field, used by the Washington C. H. High School band and football team, as well as the pony football league, is on the north side.

The meter was in service there from about 1 p. m. until sunset. Arrested were:

Eldon Carlin, 50, of 555 Comfort Lane, who was fined $5 and costs in Municipal Court Wednesday after pleading guilty to speeding; and

Alfred Dearman, 27, of London, who forfeited $10 bond for non-appearance on the same charge.

Both were clocked at 37 mph. police said. Carlin's fine and costs were suspended.

Workman's Shoulder Is Broken in Fall

Stanley Chester Green, 30, of 505 E. Elm St., was admitted to Fayette Memorial Hospital Wednesday morning after he broke his left shoulder while at work at the American Agriculturel Chemical Co., Robinson Rd.

Company officials said that Green, a weigher, was injured in a fall. Details were not immediately available.

Car Slightly Damaged As Parked Truck Hit

Damage was slight in an auto-truck mishap on W. Court St. near Main about 8 a. m. Wednesday.

Police said an auto driven by Delbert Newland, 50, of 326 Earl Ave., was pulling out of a parking place when his door handle caught on the tailgate of a parked truck of Lloyd Cartwright, Route 5, Washington C. H.

The door and door-frame of the auto were the casualties.

India Asks U. S. Aid

NEW DELHI (AP)—Finance Minister T. T. Krishnamachari left for the United States Tuesday to seek financial help for India's wobbling second five-year plan.

Driver Fined On DWI Charge After Collision

A 41-year-old Cline Rd. farmer pleaded guilty in Municipal Court Wednesday to drunken driving and resisting arrest, following an accident about 8:20 p. m.

Fined $200 and costs and sentenced to three days in jail on the DWI charge was Grover Willie Watson, whose auto collided with the rear of a car driven by Edwin J. Nauman, 39, Norwood, on Clinton Ave. near Oakland Ave.

Watson driving rights were suspended for one year, and he was fined an additional $5 and costs for resisting arrest.

Patrolman Robert Williams testified Watson kicked him on the shins while he was bringing him to the station. Sgt. Walter Marshall on the desk at the police station said he "got pretty hostile" while being booked.

Williams said Watson's car apparently ran into the rear of Nauman's when Nauman slowed down. Damage was slight.

Teen-Age Youth Put on Probation For Intoxication

Two teen-agers picked up for intoxication here last week have been placed on probation by Judge R. L. Brubaker in Juvenile Court.

Probation Officer Richard J. McMullen said that one of the two, a 16-year-old, arrested at a bar just outside city limits Thursday, was already on probation for intoxication, and that the surveillience in his case was "continued indefinitely."

A 17-year-old, arrested on W. Elm St. a few minutes before, with no previous record, was put on probation for six months.

Deputy Sheriff Donald Thompson said Tuesday he is "still contemplating" filing a felony charge for serving intoxicants to minors against the bar where both boys alledgedly did their drinking.

Hitch-Hiking Youths Picked Up Near Here

Two hitch-hiking teen-agers from Oberlin, carrying a hatchet blade and a 10-inch knife, were taken into custody on the CCC Highway a half mile west of Washington C. H. Tuesday night.

State Highway Patrolman, who picked up the two for carrying concealed weapons and soliciting rides on a public highway, said the youths told him they "weren't really going to use the weapons"—they were merely carrying them for "protection."

The pair, one 15 and the other 16 years old, were headed for the home of the 15-year-old's mother in northern Arkansas.

They were slated for Juvenile Court hearing here later this week.

'Hot' Rain Recorded

NIIGATA, Japan (AP)—Radioactive rain fell over Japan Tuesday. A Japanese scientists blamed new nuclear weapons tests in the Soviet Union. Dr. Hironobu Watanabe of Niigata University said he believed the Russians conducted tests last Friday.

Business Notes

A new shop for Soldan's's feminine apparel store, 121 N. Fayette St., should be ready at 212 E. Court St. "sometime early in the winter," Larry Soldan, the manager said Wednesday.

"We've been aiming at Nov. 1," Soldan said, but added "Whether we'll make it or not is uncertain."

The new shop, which will replace the present store, will give the organization about 1,600 feet of usable floor space—twice the amount available in the present store.

The site formerly was occupied by Arnold's Food Market.

Walls, ceiling and floor of the new store have been installed and workmen from the F. S. Cupp Construction Co. are finishing the framework for the front.

The front, to be built of floor-to-ceiling glass, tilted at an angle will be installed by the Pittsburgh Plate Glass Co.

There will be more window display space and more fitting booths in the new store, Soldan said.

Work is being done jointly by Soldan and Bud Brownell, owner of the building.

WILLIAM B. JOHNSON, 510 E. Paint St., local associate of the Martin T. Boyer agency of the Massachusetts Protective Assn., Inc., and the Paul Revere Life Insurance Co. is attending a five-day regional training school at the French Lick-Sheraton Hotel in French Lick, Ind. The week-long seminar will include discussions on sales techniques, procedures and current insurance develpoments.

Sidney Major, formerly of Columbus, has been named to replace Robert Callison, 503 Broadway, as district sales representative for the Pittsburgh Plate Glass Co.

Callison will become paint manager at the company's general warehouse in Fort Wayne, Ind., on Oct. 1.

Major, his wife and their three children are living at 427 Rawlings St.

Mainly About People

Mrs. John Spangler, 1741 Washington Ave., has returned home from Doctors' Hospital, Columbus, following major surgery.

Mr. and Mrs. R. D. Beard and daughter, Laurann, have moved from 321 E. Temple St. to 842 Lincoln Drive.

Mr. and Mrs. E. G. Bowen, Prairie Rd., have returned from a tour of Indiana, Illinois, Missouri, Arkansas, Mississippi, Alabama, Tennessee, Virginia and Kentucky.

Tom Mark and Guy Briggs will leave for Cleveland Friday where they will attend the annual convention of the 87th Infantry Division of the Third Army. The conference will close Sunday.

Mr. and Mrs. Dane Feagans returned Sunday evening from a vacation trip through the Badlands of South Dakota. They visited points of interest in Black Hills, Yellowstone National Park and Salt Lake City. Returning through Denver, Colo., they visited relatives in Kansas and Missouri.

Class in Tailoring Draws 28 Women

Twenty-eight women met Tuesday to begin learning the construction processes used in tailoring suits and coats. The class is part of the program of the Fayette County Home Demonstration Council. The home economics extension agent, Mrs. Norma Cunningham, is teaching the class.

The group was divided into three classes which will meet during October and November to complete a tailored garment.

Tuesday, the class discussed the skills required for tailoring and the skills they hope to gain through the class. They were told 150 hours of time might be required to complete a tailored suit.

Current fashions, fabrics, interfacings and lining were discussed by the group.

Materials and equipment to be prepared for the next meeting of the classes were discussed. Instructions for making a trial jacket of inexpensive fabrics were given.

The meetings of the three sections of the class will commence during the week of Oct. 14.

Former WCH Resident Heads Seabee Unit

Lt. William F. Wilson, son of the Rev. W. H. Wilson, 410 Broadway, has been named commanding officer of Construction Battalion (Seabee) Division 6-24 at Chattanooga, Tenn.

At the same time he has been notified by the Naval Reserve officer selection board in Washington D. C., that he has been chosen for the rank of lieutenant commander.

Lt. Wilson, a graduate of Washington High School and presently chief of the central services section of the health and safety division of Tennessee Valley Authority at Chattanooga, entered the Navy in 1943 by direct commission in the Civil Engineer Corps of the Naval Reserve.

His wartime service included that of engineering procurement, and intelligence officer of the 177th U. S. Naval Construction Battalion and the 52nd Naval Construction Regiment in the Mariannas Islands. He also served as logistics officer on the Saipan Island engineering staff and had duty in the Hawaiian Islands.

* * *

HE HOLDS an A. B. degree from Dension University, a civil engineering degree from Ohio State University and a masters degree in public health from Johns Hopkins.

Lt. Wilson had been attached to the Chattanooge Seabee division for three years and was executive officer before his recent promotion. He will be on two-weeks training duty in Puerto Rico beginning late this month.

Lt. Wilson's father is pastor emeritus of the First Baptist Church here.

City Manager, Auditor At Dayton Meetings

City Manager James F. Parkinson will be in Dayton Wednesday and Thursday at the annual conference of the Ohio Municipal League, to be held in conjunction with fall meeting of the Ohio City Managers Assn.

Miss Marie Melvin, city auditor, will go to Dayton to attend parts of the league meeting pertaining to her work.

The city of Taunton, Mass., is the greatest tack - making center in the world.

2nd Brucellosis Test To Begin Next Tuesday

The second milk ring sample test, to determine the presence or absence of brucellosis, will be held in Fayette County from Sept. 24 to Oct. 1, Philip Grover, Associate county extension agent has announced.

Grover said that the second test had been scheduled for later in the fall. However, new developments made it necessary for the state to begin the test this month.

The purpose of the program is to eliminate brucellosis, disease which can be transmitted from infected cattle to humans through contact or from unpasteurized dairy products.

* * *

BRUCELLOSIS can cause abortions and unthriftiness in cattle but in humans it can cause a severe illness with chills and fever, arthritis, night sweats, chronic fatigue and other less noticeable symptoms.

Local dairmen from the Dairy Directors Assn. will serve to collect milk samples from the farms here in the county and bring the samples to Washington C. H. where they will be picked up by a laboratory technician and then taken to the laboratory in Chillicothe.

Following the checking of the sample in the laboratory, the participating farmer will receive a card, stating whether the sample was negative to brucellosis or suspicious for the sidease. If the milk sample shows the possibility of brucellosis, all the cows in the herd will be blood-tested.

* * *

A CHANGE in the program is being initiated since the new statewide brucellosis law went into effect July 24. Previously it has been a voluntary program. Now blood testing of suspicious cows is compulsory.

Farmers who have feeder cattle operations may secure a feeder cattle ptrmit from the state veterinarian's office. This permit will enable them to bypass the blood testing program of feeder cattle which will be sold for slaughter.

To speed up the brucellosis program, farm-to-farm milk collection will be replaced in later tests by collection of a milk sample for each dairy herd at the local plant. This method will be faster and cheaper than the farm-to-farm collection.

Nevertheless, it is emphasized that the testing, beginning Tuesday, September 24, will be the regular farm-to-farm collection. In addition a cross-check will be made by taking a milk sample from the milk plant. All succeeding testing in the county will be done at the dairy where the milk is received.

* * *

AFTER ALL the herds are blood-tested or found negative to the brucellosis milk ring test, Fayette County will be certified as a modified brucellosis-free area for three years.

The ring test of milk, collected at the dairy plants will be run each six months as a check. The schedule calls for Ohio to be a modified brucellosis free area by 1959.

On the first test, which was held Nov. 1956, 537 herds were tested. Of that number, 53 showed up as suspects which was 9.9 percent of the total. This was exceptionally low incidence for the first milk ring test, it was pointed out by dairy leaders. Since that time local veterianarians have blood-tested most of the 53 suspect herds.

2 Speeders Nabbed On W. Circle Ave.

Two arrests were made by city police Tuesday afternoon after using the municipal speed meter on W. Circle Ave. near the Gardner Park practice field — the first time in the memory of any officer that it has been used there.

Police Capt. Charles Foster said use of the meter on the 25 mph zone avenue resulted from "complaints of neighbors."

Several homes are on the south side of the avenue, and the practice field, used by the Washington C. H. High School band and football team, as well as the pony football league, is on the north side.

The meter was in service there from about 1 p. m. until sunset. Arrested were:

Eldon Carlin, 50, of 555 Comfort Lane, who was fined $5 and costs in Municipal Court Wednesday after pleading guilty to speeding; and

Alfred Dearman, 27, of London, who forfeited $10 bond for non-appearance on the same charge.

Both were clocked at 37 mph. police said. Carlin's fine and costs were suspended.

Workman's Shoulder Is Broken in Fall

Stanley Chester Green, 30, of 505 E. Elm St., was admitted to Fayette Memorial Hospital Wednesday morning after he broke his left shoulder while at work at the American Agriculturel Chemical Co., Robinson Rd.

Company officials said that Green, a weigher, was injured in a fall. Details were not immediately available.

Car Slightly Damaged As Parked Truck Hit

Damage was slight in an auto-truck mishap on W. Court St. near Main about 8 a. m. Wednesday.

Police said an auto driven by Delbert Newland, 50, of 326 Earl Ave., was pulling out of a parking place when his door handle caught on the tailgate of a parked truck of Lloyd Cartwright, Route 5, Washington C. H.

The door and door-frame of the auto were the casualties.

India Asks U. S. Aid

NEW DELHI (AP)—Finance Minister T. T. Krishnamachari left for the United States Tuesday to seek financial help for India's wobbling second five-year plan.

Driver Fined On DWI Charge After Collision

A 41-year-old Cline Rd. farmer pleaded guilty in Municipal Court Wednesday to drunken driving and resisting arrest, following an accident about 8:20 p. m.

Fined $200 and costs and sentenced to three days in jail on the DWI charge was Grover Willie Watson, whose auto collided with the rear of a car driven by Edwin J. Nauman, 39, Norwood, on Clinton Ave. near Oakland Ave.

Watson driving rights were suspended for one year, and he was fined an additional $5 and costs for resisting arrest.

Patrolman Robert Williams testified Watson kicked him on the shins while he was bringing him to the station. Sgt. Walter Marshall on the desk at the police station said he "got pretty hostile" while being booked.

Williams said Watson's car apparently ran into the rear of Nauman's when Nauman slowed down. Damage was slight.

Teen-Age Youth Put on Probation For Intoxication

Two teen-agers picked up for intoxication here last week have been placed on probation by Judge R. L. Brubaker in Juvenile Court.

Probation Officer Richard J. McMullen said that one of the two, a 16-year-old, arrested at a bar just outside city limits Thursday, was already on probation for intoxication, and that the survellience in his case was "continued indefinitely."

A 17-year-old, arrested on W. Elm St. a few minutes before, with no previous record, was put on probation for six months.

Deputy Sheriff Donald Thompson said Tuesday he is "still contemplating" filing a felony charge for serving intoxicants to minors against the bar where both boys alledgedly did their drinking.

Hitch-Hiking Youths Picked Up Near Here

Two hitch-hiking teen-agers from Oberlin, carrying a hatchet blade and a 10-inch knife, were taken into custody on the CCC Highway a half mile west of Washington C. H. Tuesday night.

State Highway Patrolman, who picked up the two for carrying concealed weapons and soliciting rides on a public highway, said the youths told him they "weren't really going to use the weapons"—they were merely carrying them for "protection."

The pair, one 15 and the other 16 years old, were headed for the home of the 15-year-old's mother in northern Arkansas.

They were slated for Juvenile Court hearing here later this week.

'Hot' Rain Recorded

NIIGATA, Japan (AP)—Radioactive rain fell over Japan Tuesday. A Japanese scientists blamed new nuclear weapons tests in the Soviet Union. Dr. Hironobu Watanabe of Niigata University said he believed the Russians conducted tests last Friday.

Business Notes

A new shop for Soldan's's feminine apparel store, 121 N. Fayette St., should be ready at 212 E. Court St. "sometime early in the winter," Larry Soldan, the manager. said Wednesday.

"We've been aiming at Nov. 1," Soldan said, but added "Whether we'll make it or not is uncertain."

The new shop, which will replace the present store, will give the organization about 1,600 feet of usable floor space—twice the amount available in the present store.

The site formerly was occupied by Arnold's Food Market.

Walls, ceiling and floor of the new store have been installed and workmen from the F. S. Cupp Construction Co. are finishing the framework for the front.

The front, to be built of floor-to-ceiling glass, tilted at an angle will be installed by the Pittsburgh Plate Glass Co.

There will be more window display space and more fitting booths in the new store, Soldan said.

Work is being done jointly by Soldan and Bud Brownell, owner of the building.

WILLIAM B. JOHNSON, 510 E. Paint St., local associate of the Martin T. Boyer agency of the Massachusetts Protective Assn., Inc., and the Paul Revere Life Insurance Co. is attending a five-day regional training school at the French Lick-Sheraton Hotel in French Lick, Ind. The week-long seminar will include discussions on sales techniques, procedures and current insurance develpoments.

Sidney Major, formerly of Columbus, has been named to replace Robert Callison, 503 Broadway, as district sales representative for the Pittsburgh Plate Glass Co.

Callison will become paint manager at the company's general warehouse in Fort Wayne, Ind., on Oct. 1.

Major, his wife and their three children are living at 427 Rawlings St.

Mainly About People

Mrs. John Spangler, 1741 Washington Ave., has returned home from Doctors' Hospital, Columbus, following major surgery.

Mr. and Mrs. R. D. Beard and daughter, Laurann, have moved from 321 E. Temple St. to 842 Lincoln Drive.

Mr. and Mrs. E. G. Bowen, Prairie Rd., have returned from a tour of Indiana, Illinois, Missouri, Arkansas, Mississippi, Alabama, Tennessee, Virginia and Kentucky.

Tom Mark and Guy Briggs will leave for Cleveland Friday where they will attend the annual convention of the 87th Infantry Division of the Third Army. The conference will close Sunday.

Mr. and Mrs. Dane Feagans returned Sunday evening from a vacation trip through the Badlands of South Dakota. They visited points of interest in Black Hills, Yellowstone National Park and Salt Lake City. Returning through Denver, Colo., they visited relatives in Kansas and Missouri.

Class in Tailoring Draws 28 Women

Twenty-eight women met Tuesday to begin learning the construction processes used in tailoring suits and coats. The class is part of the program of the Fayette County Home Demonstration Council. The home economics extension agent, Mrs. Norma Cunningham, is teaching the class.

The group was divided into three classes which will meet during October and November to complete a tailored garment.

Tuesday, the class discussed the skills required for tailoring and the skills they hope to gain through the class. They were told 150 hours of time might be required to complete a tailored suit.

Current fashions, fabrics, interfacings and lining were discussed by the group.

Materials and equipment to be prepared for the next meeting of the classes were discussed. Instructions for making a trial jacket of inexpensive fabrics were given.

The meetings of the three sections of the class will commence during the week of Oct. 14.

Former WCH Resident Heads Seabee Unit

Lt. William F. Wilson, son of the Rev. W. H. Wilson, 410 Broadway, has been named commanding officer of Construction Battalion (Seabee) Division 6-24 at Chattanooga, Tenn.

At the same time he has been notified by the Naval Reserve officer selection board in Washington D. C., that he has been chosen for the rank of lieutenant commander.

Lt. Wilson, a graduate of Washington High School and presently chief of the central services section of the health and safety division of Tennessee Valley Authority at Chattanooga, entered the Navy in 1943 by direct commission in the Civil Engineer Corps of the Naval Reserve.

His wartime service included that of engineering procurement and intelligence officer of the 177th U. S. Naval Construction Battalion and the 52nd Naval Construction Regiment in the Mariannas Islands. He also served as logistics officer on the Saipan Island engineering staff and had duty in the Hawaiian Islands.

* * *

HE HOLDS an A. B. degree from Dension University, a civil engineering degree from Ohio State University and a masters degree in public health from Johns Hopkins.

Lt. Wilson had been attached to the Chattanooge Seabee division for three-years and was executive officer before his recent promotion. He will be on two-weeks training duty in Puerto Rico beginning late this month.

Lt. Wilson's father is pastor emeritus of the First Baptist Church here.

The city of Taunton, Mass., is the greatest tack - making center in the world.

City Manager, Auditor At Dayton Meetings

City Manager James F. Parkinson will be in Dayton Wednesday and Thursday at the annual conference of the Ohio Municipal League, to be held in conjunction with fall meeting of the Ohio City Managers Assn.

Miss Marie Melvin, city auditor, will go to Dayton to attend parts of the league meeting pertaining to her work.
